Important Information for Parents

State and federal law require the District to notify parents that you may object to the release of certain information about your child. After reading the following, please complete, sign and return by September 20, 2019, or within 10 school days of your child’s first day of instruction for this school year.

**Directory Information:** Certain information about District students is considered directory information and will be released to anyone who follows the procedure to request the information unless the parent or guardian objects to the release of the student’s directory information. If you do not want the Seguin ISD to disclose directory information from your child’s education records without your prior written consent, you must notify the district in writing as indicated by the date shown above. Seguin ISD has designated the following information as directory information: student’s name, address, telephone number, e-mail address, date and place of birth, photograph, enrollment status/grade level, participation in officially recognized activities, weight and height of members of athletic teams, dates of attendance, awards received in school, and most recent previous school attended.

The language on the form reads: “I request that the district not release my child’s name, address, and telephone number to a military recruiter or institutions of higher education upon their request without my prior written consent.”

**Exceptions – Media Releases/School-Sponsored Purposes:** The attached acknowledgement form contains a section titled: Use of Student work and photo in district publications including websites where, for limited school-sponsored purposes (student recognition activities, yearbook, student newspaper, newsletters, printed programs for extracurricular activities, news releases to and photographs by local media, honor roll), you can give the District permission to release certain information about your child. Such information could include name, photograph, participation in officially recognized activities and sports, grade level, honors and awards received in school.

**Nondiscrimination Statement**

Preface
To Students and Parents:
Welcome to the new school year!

Education is a team effort, and students, parents, teachers, and other staff members all working together can make this a successful year.

The Seguin ISD Student Handbook is a general reference guide that is divided into two sections:

**Section I: Parental Rights** will help you respond to school-related issues regarding curriculum and the school environment. We encourage you to take some time to closely review this section of the handbook.

**Section II: Other Important Information for Parents and Students** is organized alphabetically by topic. Where applicable, it is divided by age and/or grade level.

**Note:** Unless otherwise noted, the term “parent” refers to the parent, legal guardian, any person granted some other type of lawful control of the student, or any other person who has agreed to assume school-related responsibility for a student.

The Student Handbook is designed to align with board policy and the Student Code of Conduct, a board-adopted document intended to promote school safety and an atmosphere for learning. The Student Handbook is **not** meant to be a complete statement of all policies, procedures, or rules in any given circumstance.

In case of conflict between board policy (including the Student Code of Conduct) and any Student Handbook provision, the district will follow board policy and the Student Code of Conduct.

Therefore, parents and students should become familiar with the Seguin ISD Student Code of Conduct. To review the Code of Conduct, visit the district’s website at http://www.seguinisd.net. State law requires that the Code of Conduct be prominently displayed or made available for review at each campus.

A hard copy of either the Student Code of Conduct or Student Handbook can be requested at principal’s office.

The Student Handbook is updated annually; however, policy adoption and revision may occur throughout the year. The district encourages parents to stay informed of proposed board policy changes by attending board meetings and reviewing newsletters and other communications explaining changes in policy or other rules that affect Student Handbook provisions. The district reserves the right to modify provisions of the Student Handbook at any time. Notice of any revision will be provided as is reasonably practical.

Although the Student Handbook may refer to rights established through law or district policy—it does not create additional rights for parents and students. It does not, nor is it intended to, represent a contract between any parent or student and the district.

For questions about the material in this handbook, please contact a teacher, school counselor, or principal.

Complete and return to your student’s campus the following forms (provided in the forms packet distributed at the beginning of the year or upon enrollment):

1. Acknowledgment Form OR Acknowledgment of Electronic Distribution of Student Handbook,

3. Parent’s Objection to the Release of Student Information to Military Recruiters and Institutions of Higher Education (if you choose to restrict the release of information to these entities), and

[See Objecting to the Release of Directory Information on page 4 and Consent Required Before School Participation in a Federally Funded Survey, Analysis, or Evaluation on page 5 for more information.]

NOTE: References to board policy codes are included for ease of reference. The hard copy of the district’s official policy manual is available for review in the district administration office, and an unofficial electronic copy is available at https://pol.tasb.org/Home/Index/550.

Accessibility

If you have difficulty accessing this handbook because of disability, please contact 830-372-5771.
Section I: Parental Rights
This section describes certain parental rights as specified in state or federal law.

Consent, Opt-Out, and Refusal Rights

Consent to Conduct a Psychological Evaluation
Unless required under state or federal law, a district employee will not conduct a psychological examination, test, or treatment without obtaining written parental consent.

Note: An evaluation may be legally required under special education rules or by the Texas Education Agency (TEA) for child abuse investigations and reports.

Consent to Display a Student’s Original Works and Personal Information
Teachers may display students’ work in classrooms or elsewhere on campus as recognition of student achievement without seeking prior parental consent. These displays may include personally identifiable student information. Student work includes:

- Artwork,
- Special projects,
- Photographs,
- Original videos or voice recordings, and
- Other original works.

However, the district will seek parental consent before displaying a student’s work on the district’s website, a website affiliated or sponsored by the district (such as a campus or classroom website), or in district publications, which may include printed materials, videos, or other methods of mass communication.

Consent to Receive Parenting and Paternity Awareness Instruction if Student is Under Age 14
A student under the age of 14 must have parental permission to participate in the district’s parenting and paternity awareness program. This program was developed by the Office of the Texas Attorney General and the State Board of Education (SBOE) to be incorporated into health education classes.

Consent to Video or Audio Record a Student When Not Already Permitted by Law
State law permits the school to make a video or voice recording without parental permission when it:

- Is to be used for school safety,
- Relates to classroom instruction or a cocurricular or extracurricular activity,
- Relates to media coverage of the school or
- Relates to the promotion of student safety as provided by law for a student receiving special education services in certain settings.
In other circumstances, the district will seek written parental consent before making a video or voice recording of a student.

**Corporal Punishment**
The Board prohibits the use of corporal punishment in the District. Students shall not be spanked, paddled, or otherwise physically disciplined for violations of the Student Code of Conduct and policy FO(LOCAL) in the district’s policy manual.

**Limiting Electronic Communications between Students and District Employees**
The district permits teachers and other approved employees to use electronic communication with students within the scope of professional responsibilities, as described by district guidelines.

For example, a teacher may create a social networking page for his or her class to relay information regarding class work, homework, and tests. A parent is welcome to such a page.

However, text messages sent to an individual student are only allowed if a district employee with responsibility for an extracurricular activity must communicate with a student participating in that activity.

A parent who does not want his or her child not receive one-to-one electronic communications from a district employee should contact the campus principal.

**Objecting to the Release of Directory Information**
The Family Educational Rights and Privacy Act, or FERPA, permits the district to disclose appropriately designated “directory information” from a student’s education records without written consent.

“Directory Information” is information that, if released, is generally not considered harmful or an invasion of privacy if released. Examples include:

- A student’s photograph (for publication in the school yearbook);
- A student’s name and grade level (for communicating class and teacher assignment);
- The name, weight, and height of an athlete (for publication in a school athletic program);
- A list of student birthdays (for generating schoolwide or classroom recognition);
- A student’s name and photograph (posted on a district-approved and -managed social media platform);
- The names and grade levels of students submitted by the district to a local newspaper or other community publication (to recognize the A/B honor roll for a specific grading period.)

Directory information will be released to anyone who follows procedures for requesting it.

However, a parent or eligible student may object to the release of this information. Any objection must be made in writing to the principal within 10 school days of the student’s first day of instruction for this school year. [See Notice Regarding Directory Information and Parent’s Response Regarding Release of Student Information included in the forms packet.]

The district has identified the following as directory information: [include only those items listed as directory information in your FL(LOCAL)]. If a parent objects to the release of the student information included on the directory information response form, also applies to the use of that information for school-sponsored purposes, such as:

- Honor roll,
- School newspaper,
• Yearbook,
• Recognition activities,
• News releases, and
• Athletic programs.

**Note:** Review **Authorized Inspection and Use of Student Records** on page 9.

**Objecting to the Release of Student Information to Military Recruiters and Institutions of Higher Education (Secondary Grade Levels Only)**

Unless a parent has advised the district not to release his or her student’s information, the Every Student Succeeds Act (ESSA) requires the district to comply with requests by military or institutions of higher education for the student’s:

• Name,
• Address, and
• Telephone listing.

See a document in the forms packet for this purpose.

**Participation in Third-Party Surveys**

**Consent Required Before Student Participation in a Federally Funded Survey, Analysis, or Evaluation**

A student will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

• Political affiliations or beliefs of the student or the student’s parent;
• Mental or psychological problems of the student or the student’s family;
• Sexual behavior or attitudes;
• Illegal, antisocial, self-incriminating, or demeaning behavior;
• Critical appraisals of individuals with whom the student has a close family relationship;
• Relationships privileged under law, such as relationships with lawyers, physicians, and ministers;
• Religious practices, affiliations, or beliefs of the student or parents;
• Income, except when the information is required by law and will be used to determine the student’s eligibility to participate in a special program or to receive financial assistance under such a program.

A parent can inspect the survey or other instrument and any corresponding instructional materials used in connection with such a survey, analysis, or evaluation. [For further information, see policy **EF(LEGAL).**]
“Opting Out” of Participation in Other Types of Surveys or Screenings and the Disclosure of Personal Information

The Protection of Pupil Rights Amendment (PPRA) requires that a parent be notified when a survey is not funded by the U.S. Department of Education.

A parent has a right to deny permission for his or her child’s participation in:

- Any survey concerning private information listed above, regardless of funding.
- School activities involving the collection, disclosure, or use of personal information gathered from the child for the purpose of marketing, selling, or otherwise disclosing that information.
- Any nonemergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance, and not necessary to protect the immediate health and safety of the student.

Exceptions are hearing, vision, or spinal screenings, or any physical examination or screening permitted or required under state law. [See policies EF and FFAA.]

A parent may inspect a survey created by a third party before the survey is administered or distributed to his or her child.

Removing a Student from Instruction or Excusing a Student from a Required Component of Instruction

Human Sexuality Instruction

As a part of the district’s curriculum, students receive instruction related to human sexuality. The School Health Advisory Council (SHAC) makes recommendation for course.

State law requires that the district provide written notice before each school year of the board’s decision to provide human sexuality instruction.

State law also requires that instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS) must:

- Present abstinence from sexual activity as the preferred choice in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;
- Emphasize that abstinence, if used consistently and correctly, is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted infections and the emotional trauma associated with adolescent sexual activity;
- Direct adolescents to abstain from sexual activity before marriage is the most effective way to prevent pregnancy and sexually transmitted diseases; and
- If included in the content of the curriculum, teach contraception and condom use in terms of human use reality rates instead of theoretical laboratory rates.

Per state law, here is a summary of the district’s curriculum regarding human sexuality instruction:

In Seguin ISD, sex education curriculum is addressed in the state approved curriculum, Worth the Wait.
A parent is entitled to review the curriculum materials. In addition, a parent may remove his or her child from any part of the human sexuality instruction without academic, disciplinary, or other penalties. A parent may also choose to become more involved with the development of curriculum by becoming a member of the district’s SHAC. (See the campus principal for details.)

**Reciting a Portion of the Declaration of Independence in Grades 3-12**

State law designates the week of September 17 as Celebrate Freedom Week and requires all social studies classes provide:

- Instruction concerning the intent, meaning, and importance of the Declaration of Independence and the U.S. Constitution, and
- A specific recitation from the Declaration of Independence for students in grades 3–12.

Per state law, a student may be excused from recitation of a portion of the Declaration of Independence if:

- A parent provides a written statement requesting that his or her child be excused,
- The district determines that the student has a conscientious objection to the recitation, or
- A parent is a representative of a foreign government to whom the U.S. government extends diplomatic immunity.

[See policy EHBK(LEGAL).]

**Reciting the Pledges to the U.S. and Texas Flags**

A parent may request that his or her child be excused from participation in the daily recitation of the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. The request must be in writing.

State law, however, requires that all students participate in one minute of silence following recitation of the pledges.

[See Pledges of Allegiance and a Minute of Silence on page 71 and policy EC(LEGAL).]

**Religious or Moral Beliefs**

A parent may remove his or her child temporarily from the classroom if a scheduled instructional activity conflicts with your religious or moral beliefs.

The removal may not be used to avoid a test and may not extend for an entire semester. Further, the student must satisfy grade-level and graduation requirements as determined by the school and by state law.

**Tutoring or Test Preparation**

A teacher may determine that a student needs additional targeted assistance for the student to achieve mastery in state-developed essential knowledge and skills based on:

- Informal observations,
- Evaluative data such as grades earned on assignments or tests, or
- Results from diagnostic assessments.

The school will always attempt to provide tutoring and strategies for test-taking in ways that prevent removal from other instruction as much as possible.
In accordance with state law and policy EC, without parental permission, districts are prohibited from removing a student from a regularly scheduled class for remedial tutoring or test preparation for more than ten percent of the days the class is offered.

Under state law, students with grades below 70 for a reporting period are required to attend tutorial services – if the district offers these services.

[For questions about school-provided tutoring programs, see policies EC and EHBC, and contact your student’s teacher.]

**Right of Access to Student Records, Curriculum Materials, and District Records/Policies**

**Instructional Materials**

A parent has the right to review teaching materials, textbooks, and other teaching aids and instructional materials used in the curriculum, and to examine tests that have been administered.

A parent is also entitled to request that the school allow the student to take home instructional materials the student uses. The school may ask the student to return the materials at the beginning of the next school day.

**Notices of Certain Student Misconduct to Noncustodial Parent**

A noncustodial parent may request in writing that he or she be provided, for the remainder of the school year, a copy of any written notice usually provided to a parent related to his or her child’s misconduct that may involve placement in a disciplinary alternative education program (DAEP) or expulsion. [See policy FO(LEGAL) and the Student Code of Conduct.]

**Participation in Federally Required, State-Mandated, and District Assessments**

In accordance with Every Student Succeeds Act (ESSA), a parent may request information regarding any federal, state or district policy related to his or her child’s participation in required assessments.

**Student Records**

**Accessing Student Records**

A parent may review his or her child’s records. These records include:

- Attendance records,
- Test scores,
- Grades,
- Disciplinary records,
- Counseling records,
- Psychological records,
- Applications for admission,
• Health and immunization information,
• Other medical records,
• Teacher and school counselor evaluations,
• Reports of behavioral patterns,
• Records relating to assistance provided for learning difficulties, including information collected regarding any intervention strategies used with your child, as the term “intervention strategy” is defined by law,
• State assessment instruments that have been administered to the child, and
• Teaching materials and tests used in your child’s classroom.

Authorized Inspection and Use of Student Records

The Family Educational Rights and Privacy Act (FERPA) affords parents and eligible students certain rights regarding student education records.

For purpose of student records, an “eligible” student is anyone age 18 or older or who is attending an institution of postsecondary education. These rights, as discussed here and at Objecting to the Release of Directory Information on page 4, are:

• Inspect and review student records within 45 days after the day the school receives a request for access;
• Request an amendment to a student record the parent or eligible student believes is inaccurate, misleading, or otherwise in violation of FERPA;
• Provide written consent before the school discloses personally identifiable information from the student’s records, except to the extent that FERPA authorizes disclosure without consent; and
• File a complaint with the U.S. Department of Education concerning failures by the school to comply with FERPA requirements. The office that administers FERPA is:
  
  Family Policy Compliance Office
  U.S. Department of Education
  400 Maryland Avenue, SW
  Washington, DC 20202-5901

Both FERPA and state laws safeguard student records from unauthorized inspection or use and provide parents and eligible students certain rights of privacy.

Before disclosing personally identifiable information from a student’s records, the district must verify the identity of the person, including a parent or the student, requesting the information.

Virtually all information pertaining to student performance - including grades, test results, and disciplinary records - is considered confidential educational records.
Inspection and release of student records is restricted to an eligible student or a student’s parents—whether married, separated, or divorced—unless the school is given a copy of a court order terminating parental rights or the right to access a student’s education records.

Federal law requires that control of the records goes to the student as soon as the student:

- Reaches the age of 18,
- Is emancipated by a court, or
- Enrolls in a postsecondary institution.

However, the parent may continue to have access to the records if the student is a dependent for tax purposes and, under limited circumstances, when there is a threat to the health and safety of the student or other individuals.

FERPA permits the disclosure of personally identifiable information from a student’s education records without written consent of the parent or eligible student:

- When district school officials have what federal law refers to as a “legitimate educational interest” in a student’s records. School officials would include:
  - Board members and employees, such as the superintendent, administrators, and principals;
  - Teachers, school counselors, diagnosticians, and support staff (including district health or district medical staff);
  - A person or company with whom the district has contracted or allowed to provide a particular institutional service or function (such as an attorney, consultant, third-party vendor that offers online programs or software, auditor, medical consultant, therapist, school resource officer, or volunteer);
  - A parent or student serving on a school committee; or
  - A parent or student assisting a school official in the performance of his or her duties.

“Legitimate educational interest” in a student’s records includes working with the student; considering disciplinary or academic actions, the student’s case, or an individualized education program for a student with disabilities; compiling statistical data; reviewing an educational record to fulfill the official’s professional responsibility to the school and the student; or investigating or evaluating programs.

- To authorized representatives of various governmental agencies, including juvenile service providers, the U.S. Comptroller General’s office, the U.S. Attorney General’s office, the U.S. Secretary of Education, the Texas Education Agency, the U.S. Secretary of Agriculture’s office, and Child Protective Services (CPS) caseworkers or, in certain cases, other child welfare representatives.
- To individuals or entities granted access in response to a subpoena or court order.
- To another school, district/system, or postsecondary education institution to which a student seeks or intends to enroll or in which the student is already enrolled.
- In connection with financial aid for which a student has applied or has received.
- To accrediting organizations to carry out accrediting functions.
- To organizations conducting studies for, or on behalf of, the school to develop, validate, or administer predictive tests; administer student aid programs; or improve instruction.
• To appropriate officials in connection with a health or safety emergency.
• When the district discloses directory information designated details. [To prohibit this disclosure, see **Objecting to the Release of Directory Information** on page 4.]

Release of personally identifiable information to any other person or agency—such as a prospective employer or for a scholarship application—will occur only with parental or student permission as appropriate.

The principal is custodian of all records for currently enrolled students at the assigned school. The Superintendent or public information officer is the custodian of all records for students who have withdrawn or graduated.

A parent or eligible student who wants to inspect the student’s records should submit a written request to the records custodian identifying the records he or she wishes to inspect.

Records may be reviewed in person during regular school hours. The records custodian or designee will be available to explain the record and to answer questions.

A parent or eligible student who submits a written request and pays copying costs of ten cents per page may obtain copies. If circumstances prevent inspection during regular school hours and the student qualifies for free or reduced-price meals, the district will either provide a copy of the records requested or make other arrangements for the parent or student to review these records.

The address of the superintendent’s office is 1221 E. Kingsbury St., Seguin, TX 78155.

The address of the principals’ offices are: (See page 131).

A parent or eligible student may inspect the student’s records and request a correction or amendment if the records are considered inaccurate, misleading, or otherwise in violation of the student’s privacy rights.

A request to correct a student’s record should be submitted to the appropriate records custodian. The request must clearly identify the part of the record that should be corrected and include an explanation of how the information in the record is inaccurate. If the district denies the request to amend the records, the parent or eligible student has the right to request a hearing. If after the hearing the records are not amended, the parent or eligible student has 30 school days to exercise the right to place a statement in the student’s record.

Although improperly recorded grades may be challenged, contesting a student’s grade in a course or on an examination is handled through the complaint process found in policy **FNG(LOCAL)**. A grade issued by a teacher can be changed only if, as determined by the board of trustees, the grade is arbitrary, erroneous, or inconsistent with the district’s grading guidelines. [See **FINALITY OF GRADES at FNG(LEGAL), Report Cards/Progress Reports and Conferences** on page 74, and **Complaints and Concerns** on page 31.]

The district’s student records policy is found at policy **FL(LEGAL)** and (LOCAL) and is available from the principal’s or superintendent’s office or on the district’s website at [www.seguinisd.net](http://www.seguinisd.net).

**Note:** The parent’s or eligible student’s right of access to and copies of student records does not extend to all records. Materials that are not considered educational records—such as a teacher’s personal notes about a student that are shared only with a substitute teacher—do not have to be made available.
**Teacher and Staff Professional Qualifications**

A parent may request information regarding the professional qualifications of his or her child’s teachers, including whether the teacher:

- Has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction,
- Has an emergency permit or other provisional status for which state requirements have been waived, and
- Is currently teaching in the field of discipline of his or her certification.

The parent also has the right to request information about the qualifications of any paraprofessional who may provide services to the child.

**Students with Exceptionalities or Special Circumstances**

**Children of Military Families**

The Interstate Compact on Educational Opportunities for Military Children entitles children of military families to flexibility regarding certain district and state requirements, including:

- Immunization requirements;
- Grade level, course, or educational program placement;
- Eligibility requirements for participation in extracurricular activities; and
- Graduation requirements.

The district will excuse absences related to a student visiting with a parent, including a stepparent or legal guardian, who is:

- Called to active duty,
- On leave, or
- Returning from a deployment of at least four months.

The district will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent’s return from deployment.

Additional information may be found at [Military Family Resources at the Texas Education Agency](https://www.tea.texas.gov).

**Parental Role in Certain Classroom and School Assignments**

**Multiple-Birth Siblings**

State law permits a parent of multiple birth siblings (e.g., twins, triplets, etc.) assigned to the same grade and campus to request in writing that the children be placed in either the same classroom or separate classrooms.

Written request must be submitted by the 14th day after the student’s enrollment. [See policy FDB(LEGAL).]
**Safety Transfers/Assignments**

A parent may:

- Request the transfer of his or her child to another classroom or campus if the district determined has been a victim of bullying, including cyberbullying, as defined by Education Code 37.0832.

- Consult with district administrators if the district has determined that his or her child has engaged in bullying and the board has decided to transfer the child to another classroom or campus.

  Transportation is not provided for a transfer to another campus. See the superintendent or designee for information.

  [See Bullying on page 23, policies FDB, and policy FFI.]

- Request the transfer of his or her child to a safe public school in the district if the child attends a school identified by the Texas Education Agency as persistently dangerous or if the child has been a victim of a violent criminal offense while at school or on school grounds.

  [See policy FDE.]

- Request the transfer of his or her child to another campus if the child has been the victim of a sexual assault by another student assigned to the same campus, whether the assault occurred on or off campus, and that student has been convicted of or placed on deferred adjudication for that assault. In accordance with policy FDE, if the victim does not wish to transfer, the district will transfer the assailant.

**Student Use of a Service/Assistance Animal**

A parent of a student who uses a service/assistance animal because of the student’s disability must submit a written request to the principal before bringing the service/assistance animal on campus. The district will consider a request as soon as possible but will do so within ten district business days.

**A Students in the Conservatorship of the State (Foster Care)**

A student in the conservatorship (custody) of the state who enrolls in the district after the beginning of the school year will be allowed credit-by-examination opportunities at any point during the year.

The district will grant partial course credit by semester when the student only passes one semester of a two-semester course.

A student in the conservatorship of the state and who is moved outside the district’s or school’s attendance boundaries-or who is initially placed in the conservatorship of the state and moved outside the district’s or school’s boundaries-is entitled to remain at the school the student was attending prior to the placement or move until the student reaches the highest grade level at the particular school.

If a student in grade 11 or 12 transfers to another district but does not meet the graduation requirements of the receiving district, the student can request to receive a diploma from the previous district if the student meets its graduation criteria.
For a student in the conservatorship of the state who is eligible for a tuition and fee exemption under state law and likely to be in care on the day preceding the student’s 18th birthday, the district will:

- Assist the student with the completion of any applications for admission or financial aid;
- Arrange and accompany the student on campus visits;
- Assist in researching and applying for private or institution-sponsored scholarships;
- Identify whether the student is a candidate for appointment to a military academy;
- Assist the student in registering and preparing for college entrance examinations, including (subject to the availability of funds), arranging for the payment of any examination fees by the Texas Department of Family and Protective Services; and
- Coordinate contact between the student and a liaison officer for students formerly in the conservatorship of the state.

[See Credit by Examination For Advancement/Acceleration on page 35, Course Credit on page 34, and A Students in Foster Care on page 83 for more information.]

**A Students Who Is Homeless**

Children who are homeless will be provided flexibility regarding certain district provisions, including:

- Proof of residency requirements;
- Immunization requirements;
- Educational program placement (if the student is unable to provide previous academic records, or misses an application deadline during a period of homelessness);
- Credit-by-examination opportunities at any point during the year (if the student enrolled in the district after the beginning of the school year), per State Board of Education (SBOE) rules;
- Awarding partial credit when a student passes only one semester of a two-semester course;
- Eligibility requirements for participation in extracurricular activities; and
- Graduation requirements.

Federal law also allows a homeless student to remain enrolled in the “school of origin” or to enroll in a new school in the attendance area where the student is currently residing.

If a homeless student in grade 11 or 12 transfers to another school district but does not meet the graduation requirements of the receiving district, state law allows the student to request to receive a diploma from the previous district if the student meets the criteria to graduate from the previous district.

A student or parent who is dissatisfied by the district’s eligibility, school selection, or enrollment decision may appeal through policy FNG(LOCAL). The district will expedite local timelines, when possible, for prompt dispute resolution.
A Student Who Has Learning Difficulties or Who Need Special Education or Section 504 Services

For those students who are having difficulty in the regular classroom, all school districts must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention (RtI). The implementation of RtI has the potential to have a positive impact on the ability of districts to meet the needs of all struggling students.

If a student is experiencing learning difficulties, his or her parent may contact the individuals listed below to learn about the school’s overall general education referral or screening system for support services.

This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine whether the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or to a district administrative employee of the school district, the district must respond no later than 15 school days after receiving the request. At that time, the district must give the parent prior written notice of whether it agrees or refuses to evaluate the student, along with a copy of the Notice of Procedural Safeguards. If the district agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Note: A request for a special education evaluation may be made verbally; it does not need to be made in writing. Districts must still comply with all federal prior written notice and procedural safeguard requirements and the requirements as well as the requirements for identifying, locating, and evaluating children who are suspected of having a disability and in need of special education. However, a verbal request does not require the district to respond within the 15-school-day timeline.

If the district decides to evaluate the student, it must complete the student’s initial evaluation and evaluation report no later than 45 school days from the day it receives a parent’s written consent. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days the student is absent.

There is an exception to the 45-school-day timeline. If the district receives a parent’s consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30 due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district must give the parent a copy of the evaluation report at no cost.
Additional information regarding special education is available from the school district in a companion document titled *Parent’s Guide to the Admission, Review, and Dismissal Process*.

**Contact Person for Special Education Referrals**

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is Director of Special Education at 830-401-8651.

**Section 504 Referrals**

Each school district must have standards and procedures in place for the evaluation and placement of students in the district’s Section 504 program. Districts must also implement a system of procedural safeguards that includes:

- Notice,
- An opportunity for a parent or guardian to examine relevant records,
- An impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel, and
- A review procedure.

**Contact Person for Section 504 Referrals**

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for Section 504 services is Director of Special Education at 830-401-8651.

**Notification to Parents of Intervention Strategies for Learning Difficulties Provided to Student in General Education**

In accordance with state law, the district will annually notify parents if their child receives assistance for learning difficulties. Details of such assistance can include intervention strategies. This notice is not intended for those students already enrolled in a special education program.

**A Students Who Receives Special Education Services with Other School-Aged Children in the Home**

If a student is receiving special education services at a campus outside his or her attendance zone, state law permits the parent or guardian to request that other students residing in the household be transferred to the same campus-if the appropriate grade level for the transferring student is offered on that campus.

The student receiving special education services would be entitled to transportation; however, the district is not required to provide transportation to the other children in the household.
The parent or guardian should contact the school principal regarding transportation needs prior to requesting a transfer for any other children in the home. [See policy FDB(LOCAL).]

**A Student Who Speaks a Primary Language Other than English**

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing ordinary class work in English.

If the student qualifies for these services, the Language Proficiency Assessment Committee (LPAC) will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

**A Student with Physical or Mental Impairments Protected under Section 504**

A student with a physical or mental impairment that substantially limits a major life activity, as defined by law—and who does not otherwise qualify for special education services—may qualify for protections under Section 504 of the Rehabilitation Act.

Section 504 is a federal law designed to prohibit discrimination against individuals with disabilities.

When an evaluation is requested, a committee will be formed to determine whether the student needs services and supports under Section 504 in order to receive a free appropriate public education (FAPE), as defined in federal law.

Section II: Other Important Information for Parents and Students

Topics in this section of the Student Handbook contain important information on academics, school activities, and school operations and requirements. Take a moment with your child to become familiar with the various issues addressed in this section. It is organized in alphabetical order to serve as a quick-reference when you or your child has a question about a specific school-related issue. Where possible, the topics are also organized to alert you to the applicability of each topic based on a student’s age or grade level. Should you be unable to find the information on a particular topic, please contact the counselor.

Absences/Attendance

Regular school attendance is essential for a student to make the most of his or her education—to benefit from teacher-led and school activities, to build each day’s learning on the previous day’s, and to grow as an individual. Absences from class may result in serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences. Two state laws—one dealing with the required presence of school-aged children in school, e.g., compulsory attendance, the other with how a student’s attendance affects the award of a student’s final grade or course credit—are of special interest to students and parents. They are discussed below.

Compulsory Attendance

Age 19 or Older

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day until the end of the school year. If a student age 19 or older has more than five unexcused absences in a semester, the district may revoke the student’s enrollment. The student’s presence on school property thereafter would be unauthorized and may be considered trespassing. [See policy FEA.]

Between Ages 6 and 19

State law requires that a student between the ages of 6 and 19 attend school, as well as any applicable accelerated instruction program, extended year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

State law requires attendance in an accelerated reading instruction program when kindergarten, first grade, or second grade students are assigned to such a program. Parents will be notified in writing if their child is assigned to an accelerated reading instruction program as a result of a diagnostic reading instrument.

A student will be required to attend any assigned accelerated instruction program, which may occur before or after school or during the summer, if the student does not meet the passing standards on the state assessment for his or her grade level and/or applicable subject area.

Prekindergarten and Kindergarten

Students enrolled in prekindergarten or kindergarten are required to attend school and are subject to the compulsory attendance requirements as long as they remain enrolled.
Exemptions to Compulsory Attendance

All Grade Levels

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include the following activities and events:

- Religious holy days;
- Required court appearances;
- Activities related to obtaining U.S. citizenship;
- Documented health-care appointments (with a health care provider licensed to practice in the United States) for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders, if the student comes to school or returns to school on the same day as the appointment. A note from the health-care provider must be submitted upon the student’s arrival or return to campus; and
- For students in the conservatorship (custody) of the state,
  - An activity required under a court-ordered service plan; or
  - Any other court-ordered activity provided it is not practicable to schedule the student’s participation in the activity outside of school hours.

As listed in Section I at Children of Military Families, absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments. [See page 12.]

Secondary Grade Levels

In addition, a junior or senior student’s absence of up to two days related to visiting a college or university will be considered an exemption, provided this has been authorized by the board under policy FEA(LOCAL), the student receives approval from the campus principal, follows the campus procedures to verify such a visit, and makes up any work missed.

An absence will also be considered an exemption if the student 17 years of age or older is pursuing enlistment in a branch of the U.S. armed services or Texas National Guard, provided the absence does not exceed four days during the period the student is enrolled in high school and the student provides verification to the district of these activities.

Absences of up to two days in a school year will also be considered an exemption for a student serving as:

- An early voting clerk, provided the district’s board has authorized this in policy FEA(LOCAL), the student notifies his or her teachers, and the student receives approval from the principal prior to the absences, and
- An election clerk, if the student makes up any work missed.

An absence of a student in grades 6-12 for the purpose of sounding “Taps” at a military honors funeral for a deceased veteran will also be excused by the district.
Failure to Comply with Compulsory Attendance

All Grade Levels

School employees must investigate and report violations of the state compulsory attendance law. A student absent without permission from school; from any class; from required special programs, such as additional special instruction, termed “accelerated instruction” by the state; or from required tutorials will be considered in violation of the compulsory attendance law and subject to disciplinary action.

Students with Disabilities

If a student with a disability is experiencing attendance issues, the student’s ARD committee or Section 504 committee will be notified, and the committee will determine whether the attendance issues warrant an evaluation, a reevaluation, and/or modifications to the student’s individualized education program or Section 504 plan, as appropriate.

Age 19 and Older

After a student age 19 or older incurs a third unexcused absence, the district will send the student a letter as required by law explaining that the district may revoke the student’s enrollment for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking a student’s enrollment, the district may implement a behavior improvement plan.

Between Ages 6 and 19

When a student between ages 6 and 19 incurs unexcused absences for three or more days or parts of days within a four-week period, the school will send a notice to the student’s parent, as required by law, to remind the parent that it is the parent’s duty to monitor the student’s attendance and to require the student to come to school. The notice will also inform the parent that the district will initiate truancy prevention measures and request a conference between school administrators and the parent. These measures will include a behavior improvement plan, school-based community service, or referrals to either in-school or out-of-school counseling or other social services. Any other measures considered appropriate by the district will also be initiated.

The truancy prevention facilitator for the district is the Student Services Coordinator. If you have questions about your student and the effect of his or her absences from school, please contact the campus administrator or the district facilitator.

A court of law may also impose penalties against a student’s parent if a school-aged student is deliberately not attending school. A complaint against the parent may be filed in court if the student is absent without excuse from school on ten or more days or parts of days within a six-month period in the same school year.

If a student ages 12 through 18 incurs unexcused absences on ten (10) or more days or parts of days within a six-month period in the same school year, the district, in most circumstances, will refer the student to truancy court.

[See policy FEA(LEGAL) and FED(LEGAL).]

Attendance for Credit or Final Grade (Kindergarten Through Grade 12)

To receive credit or a final grade in a class, a student in kindergarten-grade 12 must attend at least 90 percent of the days the class is offered. A student who attends at least 75 percent but fewer than
90 percent of the days the class is offered may receive credit or a final grade for the class if he or she completes a plan, approved by the principal, that allows the student to fulfill the instructional requirements for the class. If a student is involved in a criminal or juvenile court proceeding, the approval of the judge presiding over the case will also be required before the student receives credit or a final grade for the class.

If a student attends less than 75 percent of the days a class is offered or has not completed a plan approved by the principal, then the student will be referred to the attendance review committee to determine whether there are extenuating circumstances for the absences and how the student can regain credit or a final grade lost because of absences. [See policy FEC.]

All absences, whether excused or unexcused, must be considered in determining whether a student has attended the required percentage of days. In determining whether there were extenuating circumstances for the absences, the attendance committee will use the following guidelines:

- If makeup work is completed, absences for the reasons listed above at Exemptions to Compulsory Attendance will be considered extenuating circumstances for purposes of attendance for credit or the award of a final grade.
- A transfer or migrant student begins to accumulate absences only after he or she has enrolled in the district.
- In reaching a decision about a student’s absences, the committee will attempt to ensure that it is in the best interest of the student.
- The committee will consider the acceptability and authenticity of documented reasons for the student’s absences.
- The committee will consider whether the absences were for reasons over which the student or the student’s parent could exercise any control.
- The committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
- The student or parent will be given an opportunity to present any information to the committee about the absences and to talk about ways to earn or regain credit or a final grade.

The student or parent may appeal the committee’s decision to the board by following policy FNG(LOCAL).

The actual number of days a student must be in attendance in order to receive credit or a final grade will depend on whether the class is for a full semester or for a full year.

**Official Attendance-Taking Time (All Grade Levels)**

The district must submit attendance of its students to TEA reflecting attendance at a specific time each day.

Official attendance is taken every day at elementary campuses at 10:30, middle school at 10:10 and high school at 10am. MBLC will be 10:45 and Ball ECC will be 10am for all day and morning classes and afternoon will be 2pm.

A student absent for any portion of the day, including at the official attendance-taking time, should follow the procedures below to provide documentation of the absence.
Documentation after an Absence (All Grade Levels)

When a student is absent from school, the student—upon arrival or return to school—must bring a note signed by the parent that describes the reason for the absence. A note signed by the student, even with the parent’s permission, will not be accepted unless the student is 18 or older or is an emancipated minor under state law. A phone call from the parent may be accepted, but the district reserves the right to require a written note.

The campus will document in its attendance records for the student whether the absence is considered by the district to be excused or unexcused.

NOTE: Unless the absence is for a statutorily allowed reason under compulsory attendance laws, the district is not required to excuse any absence, even if the parent provides a note explaining the absence.

Doctor’s Note after an Absence for Illness (All Grade Levels)

Within 3 days of returning to school, a student absent for more than five (5) consecutive days because of a personal illness must bring a statement from a doctor or health clinic verifying the illness or condition that caused the student’s extended absence from school. Otherwise, the student’s absence may be considered unexcused and, if so, would be considered to be in violation of compulsory attendance laws.

Should the student develop a questionable pattern of absences, the principal or attendance committee may require a statement from a doctor or health clinic verifying the illness or condition that caused the student’s absence from school to determine whether the absence or absences will be excused or unexcused.

[See policy FEC(LOCAL).]

Driver License Attendance Verification (Secondary Grade Levels Only)

For a student between the ages of 16 and 18 to obtain a driver license, written parental permission must be provided for the Texas Department of Public Safety (DPS) to access the student’s attendance records and, in certain circumstances, for a school administrator to provide the student’s attendance information to DPS. A verification of enrollment (VOE) and attendance form may be obtained from the office, which the student will need to submit to DPS upon application for a driver license.

Accountability under State and Federal Law (All Grade Levels)

Seguin ISD and each of its campuses are held to certain standards of accountability under state and federal law. A key component of the accountability requirements is the dissemination and publication of certain reports and information, which include:

- The Texas Academic Performance Report (TAPR) for the district, compiled by TEA, the state agency that oversees public education, based on academic factors and ratings;
- A School Report Card (SRC) for each campus in the district compiled by TEA based on academic factors and ratings;
- The district’s financial management report, which will include the financial accountability rating assigned to the district by TEA;
- Information compiled by TEA for the submission of a federal report card that is required by federal law.
This information can be found on the district’s website at www.seguinisd.net. Hard copies of any reports are available upon request to the district’s administration office.

TEA also maintains additional accountability and accreditation information at TEA Performance Reporting Division and the TEA homepage.

**Armed Services Vocational Aptitude Battery Test**

A student in grades 10-12 will be offered an opportunity to take the Armed Services Vocational Aptitude Battery test and consult with a military recruiter.

The test shall be offered to be announced.

Please contact the principal for information about this opportunity.

**Awards and Honors (All Grade Levels)**

**Perfect Attendance**

**Elementary Perfect Attendance Awards** - To qualify for perfect attendance in grades K-5, a student must be present for the entire nine weeks, semester, or school year with less than three (3) tardies for which perfect attendance is being considered; must be present at the official 10:30 a.m. attendance time (excluding those reasons that do not count toward absenteeism as listed earlier).

**Secondary Perfect Attendance Awards** - To qualify for perfect attendance grades 6-12, a student must be present for the entire six weeks, semester, or school year for which perfect attendance is being considered; must be present during each period of the day (excluding those reasons that do not count toward absenteeism as listed earlier).

**Bullying (All Grade Levels)**

Bullying is defined in state law as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student’s property, or placing a student in reasonable fear of harm to the student’s person or of damage to the student’s property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student;
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or school; or
- Infringes on the rights of the victim at school.

Bullying includes cyberbullying. Cyberbullying is defined by state law as bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool.

The district is required to adopt policies and procedures regarding:
• Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;

• Bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and

• Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying interferes with a student’s educational opportunities or substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Bullying is prohibited by the district and could include hazing, threats, taunting, teasing, confinement, assault, demands for money, destruction of property, theft of valued possessions, name-calling, rumor-spreading, or ostracism.

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, school counselor, principal, or another district employee as soon as possible to obtain assistance and intervention. The SISD Bullying Incident Reporting Form should be completed and submitted to any SISD employee. The administration will investigate any allegations of bullying or other related misconduct. The district will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying. A student may anonymously report an alleged incident of bullying by using the P3 Campus mobile app or submitting information through the SISD webpage.

If the results of an investigation indicate that bullying has occurred, the administration will take appropriate disciplinary action and may notify law enforcement in certain circumstances. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

Any retaliation against a student who reports an incident of bullying is prohibited.

Upon the recommendation of the administration, the board may, in response to an identified case of bullying, decide to transfer a student found to have engaged in bullying to another classroom at the campus. In consultation with the student’s parent, the student may also be transferred to another campus in the district. The parent of a student who has been determined by the district to be a victim of bullying may request that the student’s be transferred to another classroom or campus within the district. [See Safety Transfers/Assignments on page 13.]

A copy of the district’s policy is available in the principal’s office, superintendent’s office, and on the district’s website, and is included at the end of this handbook in the form of an appendix. Procedures related to reporting allegations of bullying may also be found on the district’s website.

A student or parent who is dissatisfied with the outcome of an investigation may appeal through policy FNG(LOCAL).

[See Safety Transfers/Assignments on page 13, Dating Violence, Discrimination, Harassment, and Retaliation on page 36, Hazing on page 56, policy FFI, the district’s Student Code of Conduct, and the district improvement plan, a copy of which can be viewed in the campus office.]

[See Nondiscrimination Statement on page 68 for the name and contact information for the Title IX coordinator and ADA/Section 504 coordinator, who will address certain allegations of discrimination.]

Celebrations (All Grade Levels)

Although a parent or grandparent is not prohibited from providing food for a school-designated function or for children in the child’s or grandchild’s classroom for his or her birthday, please be aware that children in the school may have severe allergies to certain food products. Therefore, it is imperative to discuss this with the child’s teacher prior to bringing any food in this circumstance. Occasionally, the school or a class may host certain functions or celebrations tied to the curriculum that will involve food. The school or teacher will notify students and parents of any known food allergies when soliciting potential volunteers for bringing food products.

If lunch is brought in for a student, the parent may only provide the food to their student. [See Food Allergies on page 59.]

Child Sexual Abuse and Other Maltreatment of Children (All Grade Levels)

The district has established a plan for addressing child sexual abuse and other maltreatment of children, which may be accessed at www.seguinisd.net. As a parent, it is important for you to be aware of warning signs that could indicate a child may have been or is being sexually abused. Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child’s mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. A person who compels or encourages a child to engage in sexual conduct commits abuse. It is illegal to make or possess child pornography or to display such material to a child. Anyone who suspects that a child has been or may be abused or neglected has
a legal responsibility, under state law, for reporting the suspected abuse or neglect to law
enforcement or to Child Protective Services (CPS).

Possible physical warning signs of sexual abuse could be difficulty sitting or walking, pain in the
genital areas, and claims of stomachaches and headaches. Behavioral indicators may include
verbal references or pretend games of sexual activity between adults and children, fear of being
alone with adults of a particular gender, or sexually suggestive behavior. Emotional warning signs
to be aware of include withdrawal, depression, sleeping and eating disorders, and problems in
school.

A child who has experienced sexual abuse or any other type of abuse or neglect should be
encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures
of sexual abuse may be more indirect than disclosures of physical abuse and neglect, and it is
important to be calm and comforting if your child, or another child, confides in you. Reassure the
child that he or she did the right thing by telling you.

Parents, if your child is a victim of sexual abuse or other maltreatment, the school counselor or
principal will provide information regarding counseling options for you and your child available in
your area. The Texas Department of Family and Protective Services (DFPS) also manages early
intervention counseling programs. [To find out what services may be available in your county, see
Texas Department of Family and Protective Services, Programs Available in Your County.]

Be aware that children and adolescents who have experienced dating violence may show similar
physical, behavioral, and emotional warning signs. [See Dating Violence, Discrimination,
Harassment, and Retaliation (All Grade Levels) on page 36.]

The following websites might help you become more aware of child sexual abuse and neglect:

- Child Welfare Information Gateway Factsheet
- KidsHealth, For Parents, Child Abuse

Reports of abuse or neglect may be made to:

The CPS division of the DFPS (1-800-252-5400 or on the web at Texas Abuse Hotline Website).

College and University Admissions and Financial Aid (Secondary Grade Levels Only)
For two school years following graduation, a district student who graduates in the top 10 percent and, in some cases, the top 25 percent, of his or her class is eligible for automatic admission into four-year public universities and colleges in Texas if the student:

- Completes the distinguished level of achievement under the foundation graduation program (a student must graduate with at least one endorsement and must have taken Algebra II as one of the four required math courses); or
- Satisfies the ACT College Readiness Benchmarks or earns at least a 1500 out of 2400 on the SAT.

In addition, the student must submit a completed application for admission in accordance with the deadline established by the college or university. The student is ultimately responsible for ensuring that he or she meets the admission requirements of the university or college to which the student submits an application.

The University of Texas at Austin may limit the number of students automatically admitted to 75 percent of the University’s enrollment capacity for incoming resident freshmen. For students who are eligible to enroll in the University during the summer or fall 2020 terms or spring 2021 term, the University will admit the top six percent of the high school’s graduating class who meet the above requirements. Additional applicants will be considered by the University through a holistic review process.

Should a college or university adopt an admissions policy that automatically accepts the top 25 percent of a graduating class, the provisions above will also apply to a student ranked in the top 25 percent of his or her class.

Upon a student’s registration for his or her first course that is required for high school graduation, the district will provide written notice concerning automatic college admission, the curriculum requirements for financial aid, and the benefits of completing the requirements for automatic admission and financial aid. Parents and students will be asked to sign an acknowledgement that they received this information.
Students and parents should contact the school counselor for further information about automatic admissions, the application process, and deadlines.

[See **Class Rank/Highest Ranking Student** on page 28 for information related to how the district calculates a student’s rank in class and requirements for **Graduation** on page 51 for information associated with the foundation graduation program].

[See **Students in the Conservatorship of the State (Foster Care)** on page 13 for information on assistance in transitioning to higher education for students in foster care.

**College Credit Courses (Secondary Grade Levels Only)**

Students in grades 9–12 have opportunities to earn college credit through the following methods:

- Certain courses taught at the high school campus, which may include courses termed dual credit, Advanced Placement (AP), or college preparatory;
- Enrollment in an AP or dual credit course through the Texas Virtual School Network (TXVSN);
- Enrollment in courses taught in conjunction and in partnership with Alamo Community College District or Texas Lutheran University (TLU), which may be offered on or off campus; and
- Certain CTE courses.

All of these methods have eligibility requirements and must be approved prior to enrollment in the course. Please see the school counselor for more information. Depending on the student’s grade level and the course, a state-mandated end-of-course assessment may be required for graduation.

It is important to keep in mind that not all colleges and universities accept credit earned in all dual credit or AP courses taken in high school for college credit. Students and parents should check with the prospective college or university to determine if a particular course will count toward the student’s desired degree plan.

**Communications—Automated**

**Emergency**

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. An emergency purpose may include early dismissal or delayed opening because of severe weather or another emergency, or if the campus must restrict access due to a security threat. It is crucial to notify your child’s school when a phone number previously provided to the district has changed.

[See **Safety** on page 75 for information regarding contact with parents during an emergency.]

**Nonemergency**

Your child’s school will request that you provide contact information, such as your phone number and e-mail address, in order for the school to communicate items specific to your child, your child’s school, or the district. If you consent to receive such information through a landline or wireless phone, please ensure that you notify the school’s administration office immediately upon a change in your phone number. The district or school may generate automated or pre-recorded messages, text messages, or real-time phone or e-mail communications that are closely related the school’s mission, so prompt notification of any change in contact information will be crucial to maintain timely communication with you. Standard messaging rates of your phone carrier may
Complaints and Concerns (All Grade Levels)

Usually student or parent complaints or concerns can be addressed informally by a phone call or a conference with the teacher or principal. For those complaints and concerns that cannot be handled so easily, the board has adopted a standard complaint policy at FNG(LOCAL) in the district’s policy manual, available on the district’s website at www.seguinisd.net. A copy of the complaint forms may be obtained in the principal’s or superintendent’s office or on the district’s website at www.seguinisd.net.

Should a parent or student feel a need to file a formal complaint, the parent or student should file a district complaint form within the timelines established in policy FNG(LOCAL). In general, the student or parent should submit the written complaint form to the campus principal. If the concern is not resolved, a request for a conference should be sent to the superintendent or designee. If still unresolved, the district provides for the complaint to be presented to the board of trustees.

Conduct (All Grade Levels)

Applicability of School Rules

As required by law, the board has adopted a Student Code of Conduct that prohibits certain behaviors and defines standards of acceptable behavior—both on and off campus as well as on district vehicles—and consequences for violation of these standards. The district has disciplinary authority over a student in accordance with the Student Code of Conduct. Students and parents should be familiar with the standards set out in the Student Code of Conduct, as well as campus and classroom rules. During any periods of instruction during the summer months, the Student Handbook and Student Code of Conduct in place for the year immediately preceding the summer period shall apply, unless the district amends either or both documents for the purposes of summer instruction.

Campus Behavior Coordinator

By law, each campus has a campus behavior coordinator to apply discipline management techniques and administer consequences for certain student misconduct, as well as provide a point of contact for student misconduct. The designated campus behavior coordinator is the campus principal or designee.

Deliveries

Except in emergencies, delivery of messages or packages to students will not be allowed during instructional time. A parent may leave a message or a package, such as a forgotten lunch, for the student to pick up from the front office during a passing period or lunch.

Disruptions of School Operations

Disruptions of school operations are not tolerated and may constitute a misdemeanor offense. As identified by state law, disruptions include the following:

- Interference with the movement of people at an exit, entrance, or hallway of a district building without authorization from an administrator.
• Interference with an authorized activity by seizing control of all or part of a building.
• Use of force, violence, or threats in an attempt to prevent participation in an authorized assembly.
• Use of force, violence, or threats to cause disruption during an assembly.
• Interference with the movement of people at an exit or an entrance to district property.
• Use of force, violence, or threats in an attempt to prevent people from entering or leaving district property without authorization from an administrator.
• Disruption of classes or other school activities while on district property or on public property that is within 500 feet of district property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; and entering a classroom without authorization and disrupting the activity with loud or profane language or any misconduct.
• Interference with the transportation of students in vehicles owned or operated by the district.

Social Events/School Sponsored Events
School rules (Student Code of Conduct) apply to all school social/school sponsored events on and off campus.
For grades 6-8 students currently enrolled at the middle school hosting the event will be permitted to attend.
Guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest. Parents are always welcome.

While attending Seguin High School and middle school athletic events, students are expected to model classroom behavior. The following are expectations and rules that will help make the event fun and safe to attend.
• Please exhibit good sportsmanship at all events, serve as friendly hosts to visiting teams and polite visitors at away games. Our fans represent our schools and our community.
• Unless sitting with a parent, Seguin ISD students in grades 6, 7 and 8 should sit in the designated 12th Matador area in Matador Stadium for varsity football games. These students will have access to concessions and restrooms and will be expected to immediately return to their seats in the bleachers or to the stands with their parents.
• All elementary students should be accompanied by and seated with an adult in a reserved seat area (if student has a reserved seat ticket) or a general admission area (with a general admission or student ticket). Middle school students are not considered supervising adults for elementary students.
• Backpacks and skateboards will not be permitted into any event. They will not be stored or “held” for any student or person entering an event.
• Please be mindful and respectful of the people around you at extracurricular events in regard to noise level, horseplay and frequent trips to and from the stands.
• All students need to stay in their seats during athletic events game. For safety, courtesy and enjoyment of the game, students cannot loiter behind or underneath bleachers, concession areas, restrooms, etc.
Once inside, students are not allowed to go in and out of the stadium gates or gym. Once they leave, they cannot return unless another ticket is purchased.

A clear bag policy is in effect for safety reasons.

**Matador Stadium Bag Policy**

**APPROVED BAGS**

- 12"x6"x12" Clear Tote

For grades 9-12 guests attending these events are expected to observe the same rules as students, and a student inviting a guest will share responsibility for the conduct of his or her guest.

A student attending a social event (dance, Prom, etc.) may be asked to sign out when leaving before the end of the event; anyone leaving before the official end of the event will not be readmitted. (Students will be admitted into the Homecoming dance and Prom up to 10 p.m.)

Please contact the campus principal if you are interested in serving as a chaperone for any school social events.

**Counseling**

**Academic Counseling**

**Elementary and Middle/Junior High School Grade Levels**

The school counselor is available to students and parents to talk about the importance of postsecondary education and how best to plan for postsecondary education, including appropriate courses to consider and financial aid availability and requirements.

In either grade 7 or 8, each student will receive instruction related to how the student can best prepare for high school, college and a career.

**High School Grade Levels**

High school students and their parents are encouraged to talk with a school counselor, teacher, or principal to learn more about course offerings, graduation requirements, and early graduation
procedures. Each year, high school students will be provided information on anticipated course offerings for the next school year and other information that will help them make the most of academic and CTE opportunities, as well as information on the importance of postsecondary education.

The school counselor can also provide information about entrance examinations and application deadlines, as well as information about automatic admission, financial aid, housing, and scholarships as these relate to state colleges and universities. Additionally, the school counselor can provide information about workforce opportunities after graduation or technical and trade school opportunities, including opportunities to earn industry-recognized certificates and licenses.

**Personal Counseling (All Grade Levels)**

The school counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional or mental health issues, or substance abuse. A student who wishes to meet with the school counselor should schedule an appointment with the school counselor. As a parent, if you are concerned about your child’s mental or emotional health, please speak with the school counselor for a list of resources that may be of assistance. An additional counseling resource is provided to students at Seguin High School, middle schools, Jefferson Elementary and Patlan Elementary by Communities in Schools.

[See Substance Abuse Prevention and Intervention on page 84, Suicide Awareness and Mental Health Support on page 84, and Child Sexual Abuse and Other Maltreatment of Children on page 27 and Dating Violence on page 36.]

**Course Credit (Secondary Grade Levels Only)**

A student in grade 7 or 8 may earn high school credit for courses such as Spanish and Algebra I if the final grade is 70 or above and they are in attendance 90 percent of the time. High school courses completed during the 7th or 8th grade year will not count in calculating Grade Point Averages (GPA). A student in grades 9–12, or in a lower grade when a student is enrolled in a high school credit-bearing course, will earn credit for a course only if the final grade is 70 or above. For a two-semester (1 credit) course, the student’s grades from both semesters will be averaged and credit will be awarded if the combined average is 70 or above. Should the student’s combined average be less than 70, the student will be required to retake the semester in which he or she failed.

[See policy EIC(LOCAL)]

**Credit by Examination —If a Student Has Taken the Course/Subject (All Grade Levels)**

A student who has previously taken a course or subject—but did not receive credit or a final grade for it—may, in circumstances determined by the principal or attendance committee, be permitted to earn credit or a final grade by passing an examination approved by the district’s board of trustees on the essential knowledge and skills defined for that course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a nonaccredited school. The opportunity to take an examination to earn credit for a course or to be awarded a final grade in a subject after the student has had prior instruction is sometimes referred to as “credit recovery.”

If the student is granted approval to take an examination for this purpose, the student must score at least 70 on the examination to receive credit for the course or subject.
The attendance review committee may also offer a student with excessive absences an opportunity to earn credit for a course by passing an examination.

[For further information, see the school counselor and policy EHDB(LOCAL).]

Credit by Examination for Advancement/Acceleration—If a Student Has Not Taken the Course/Subject

A student will be permitted to take an examination to earn credit for an academic course or subject next grade level. The examinations offered by the district are approved by the district’s board of trustees. The dates on which examinations are scheduled during the 2019-2020 school year will be published in appropriate district publications and on the district’s website. The only exceptions to the published dates will be for any examinations administered by another entity besides the district or if a request is made outside of these time frames by a student experiencing homelessness or by a student involved in the foster care system. When another entity administers an examination, a student and the district must comply with the testing schedule of the other entity. During each testing window provided by the district, a student may attempt a specific examination only once.

If a student plans to take an examination, the student (or parent) must register with the school counselor according to the testing date schedule below. [For further information, see policy EHDC.]

**Acceleration**

**Students in Grades 1-5**

A student in elementary school will be eligible to accelerate to the next grade level if the student scores at least 80 on each examination in the subject areas of language arts, mathematics, science, and social studies, a district administrator recommends that the student be accelerated, and the student’s parent gives written approval of the grade advancement.

**Students in Grades 6-12**

A student in grade 6 or above will earn course credit with a passing score of at least 80 on the examination, a scaled score of 50 or higher on an examination administered through the CLEP, or a score of 3 or higher on an AP examination, as applicable. A student may take an examination to earn high school course credit no more than twice. If a student fails to achieve the designated score on the applicable exam before the beginning of the school year in which the student would need to enroll in the course according to the school’s high school course sequence, the student must complete the course.
Dating Violence, Discrimination, Harassment, and Retaliation (All Grade Levels)

The district believes that all students learn best in an environment free from dating violence, discrimination, harassment, and retaliation and that their welfare is best served when they are free from this prohibited conduct while attending school. Students are expected to treat other students and district employees with courtesy and respect, to avoid behaviors known to be offensive, and to stop those behaviors when asked or told to stop. District employees are expected to treat students with courtesy and respect.

The board has established policies and procedures to prohibit and promptly respond to inappropriate and offensive behaviors that are based on a person’s race, color, religion, sex, gender, national origin, disability, age, or any other basis prohibited by law. A copy of the district’s policy is available in the principal’s office and in the superintendent’s office or on the district’s website. [See policy FFH.]

Dating Violence

Dating violence occurs when a person in a current or past dating relationship uses physical, sexual, verbal, or emotional abuse to harm, threaten, intimidate, or control the other person in the relationship. Dating violence also occurs when a person commits these acts against a person in a marriage or dating relationship with the individual who is or was once in a marriage or dating relationship with the person committing the offense. This type of conduct is considered harassment if the conduct is so severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student’s academic performance.

Examples of dating violence against a student may include, but are not limited to, physical or sexual assaults; name-calling; put-downs; threats to hurt the student, the student’s family members, or members of the student’s household; destroying property belonging to the student; threats to commit suicide or homicide if the student ends the relationship; threatens to harm a student’s current dating partner; attempts to isolate the student from friends and family; stalking; or encouraging others to engage in these behaviors.

Discrimination

Discrimination is defined as any conduct directed at a student on the basis of race, color, religion, sex, gender, national origin, disability, age, or any other basis prohibited by law, that negatively affects the student.

Harassment

Harassment, in general terms, is conduct so severe, persistent, or pervasive that it affects the student’s ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; or substantially interferes with the student’s academic performance.

Examples of harassment may include, but are not limited to, offensive or derogatory language directed at a person’s religious beliefs or practices, accent, skin color, or need for accommodation; threatening, intimidating, or humiliating conduct; offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.
In addition to dating violence as described above, two other types of prohibited harassment are described below.

**Sexual Harassment and Gender-Based Harassment**

Sexual harassment and gender-based harassment of a student by an employee, volunteer, or another student are prohibited.

Examples of sexual harassment may include, but not be limited to, touching private body parts or coercing physical contact that is sexual in nature; sexual advances; jokes or conversations of a sexual nature; and other sexually motivated conduct, communications, or contact.

Sexual harassment of a student by an employee or volunteer does not include necessary or permissible physical contact not reasonably construed as sexual in nature, such as comforting a child with a hug or taking the child’s hand. However, romantic and other inappropriate social relationships, as well as all sexual relationships, between students and district employees are prohibited, even if consensual.

Gender-based harassment includes harassment based on a student’s gender, expression by the student of stereotypical characteristics associated with the student’s gender, or the student’s failure to conform to stereotypical behavior related to gender.

Examples of gender-based harassment directed against a student, regardless of the student’s or the harasser’s actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

**Retaliation**

Retaliation against a person who makes a good faith report of discrimination or harassment, including dating violence, is prohibited. Retaliation against a person who is participating in an investigation of alleged discrimination or harassment is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a district investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reduction. Unlawful retaliation does not include petty slights or annoyances.

**Reporting Procedures**

Any student who believes that he or she has experienced dating violence, discrimination, harassment, or retaliation should immediately report the problem to a teacher, counselor, principal, or other district employee. The report may be made by the student’s parent. [See policy FFH(LOCAL) and (EXHIBIT) for other appropriate district officials to whom to make a report.]

Upon receiving a report of prohibited conduct as defined by policy FFH, the district will determine whether the allegations, if proven, would constitute prohibited conduct as defined by that policy. If not, the district will refer to policy FFI to determine if the allegations, if proven, would constitute bullying, as defined by law and that policy. If the alleged prohibited conduct, if proven, would constitute prohibited conduct and would also be considered bullying as defined by law and policy FFI, an investigation of bullying will also be conducted.

The district will promptly notify the parents of any student alleged to have experienced prohibited conduct involving an adult associated with the district. In the event alleged prohibited conduct involves another student, the district will notify the parents of the student alleged to have
experienced the prohibited conduct when the allegations, if proven, would constitute a violation as defined by policy FFH.

**Investigation of Report**

To the extent possible, the district will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of prohibited conduct, which includes dating violence, discrimination, harassment, and retaliation, will be promptly investigated.

If a law enforcement or other regulatory agency notifies the district that it is investigating the matter and requests that the district delay its investigation, the district will resume the investigation at the conclusion of the agency’s investigation.

During the course of an investigation and when appropriate, the district will take interim action to address the alleged prohibited conduct.

If the district’s investigation indicates that prohibited conduct occurred, appropriate disciplinary action, and, in some cases, corrective action, will be taken to address the conduct. The district may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

All involved parties will be notified of the outcome of the district investigation within the parameters and limits allowed under the Federal Educational Records and Privacy Act (FERPA).

A student or parent who is dissatisfied with the outcome of the investigation may appeal in accordance with policy FNG(LOCAL).

**Discrimination**

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 36.]

**Distance Learning**

**All Grade Levels**

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies such as mail, satellite, Internet, video-conferencing, and instructional television.

Additional distance learning opportunities are available to district students. Contact your student’s Counselor for further information.

If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the Texas Virtual School Network (TXVSN), as described below, in order to earn credit in a course or subject, the student must receive permission from the principal prior to enrolling in the course or subject. If the student does not receive prior approval, the district may not recognize and apply the course or subject toward graduation requirements or subject mastery.

**Texas Virtual School Network (TXVSN) (Secondary Grade Levels)**

The Texas Virtual School Network (TXVSN) has been established by the state as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TXVSN to earn course credit for graduation.

Depending on the TXVSN course in which a student enrolls, the course may be subject to the “no pass, no play” rules. [See Extracurricular Activities, Clubs, and Organizations on page 46.]
addition, for a student who enrolls in a TXVSN course for which an end-of-course (EOC) assessment is required, the student must still take the corresponding EOC assessment.

If you have questions or wish to make a request that your child be enrolled in a TXVSN course, please contact the school counselor. Unless an exception is made by the principal, a student will not be allowed to enroll in a TXVSN course if the school offers the same or a similar course.

A copy of policy EHDE will be distributed to parents of middle and high school students at least once each year. If you do not receive a copy or have questions about this policy, please contact the school counselor.

Distribution of Literature, Published Materials, or Other Documents (All Grade Levels)

School Materials
Publications prepared by and for the school may be posted or distributed, with the prior approval of the principal, sponsor, or teacher. Such items may include school posters, brochures, flyers, etc.

The school newspaper at Seguin High School, Cricket Chirps, is available to students. The campus yearbook and Signature Magazine are available to students for a fee.

All school publications are under the supervision of a teacher, sponsor, and the principal.

Nonschool Materials

From Students
Students must obtain prior approval from the principal before selling, posting, circulating, or distributing more than 10 copies of written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials that were not developed under the oversight of the school. To be considered, any nonschool material must include the name of the sponsoring person or organization. The decision regarding approval will be made within two school days.

The principal has designated the Counseling Center as the location for approved nonschool materials to be placed for voluntary or collection viewing by students. [See policy FNAA.]

A student may appeal a decision in accordance with policy FNG(LOCAL). Any student who sells, posts, circulates, or distributes nonschool material without prior approval will be subject to disciplinary action in accordance with the Student Code of Conduct. Materials displayed without approval will be removed.

[See FNG(LOCAL) for student complaint procedures.]

From Others
Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials not sponsored by the district or by a district-affiliated school-support organization will not be sold, circulated, distributed, or posted on any district premises by any district employee or by persons or groups not associated with the district, except as permitted by policy GKDA. To be considered for distribution, any nonschool material must meet the limitations on content established in the policy, include the name of the sponsoring person or organization, and be submitted to the principal for prior review. The principal will approve or reject the materials within two school days of the time the materials are received. The requestor may appeal a rejection in accordance with the appropriate district complaint policy. [See policies at DGBA or GF.]
The principal has designated the counseling area as the location for approved nonschool materials to be placed for voluntary viewing or collection.

Prior review will not be required for:

- Distribution of materials by an attendee to other attendees of a school-sponsored meeting intended for adults and held after school hours.
- Distribution of materials by an attendee to other attendees of a community group meeting held after school hours in accordance with policy GKD(LOCAL) or a noncurriculum-related student group meeting held in accordance with FNAB(LOCAL).
- Distribution for electioneering purposes during the time a school facility is being used as a polling place, in accordance with state law.

All nonschool materials distributed under these circumstances must be removed from district property immediately following the event at which the materials are distributed.

**Dress and Grooming (All Grade Levels)**

All students who attend Seguin ISD are expected to respect the school community by dressing appropriately for a PK-12 educational environment. Student attire should facilitate participation in learning as well as the health and safety of students and staff. The district’s dress code is established to teach grooming and hygiene, prevent disruption, and minimize safety hazards. Students and parents may determine a student’s personal dress and grooming standards, provided that they comply with the following:

- Clothing must cover areas from one armpit across to the other armpit, down to the student’s finger length on the upper thighs (see image below). Tops must have shoulder straps of at least 2 inches. Rips or tears in clothing that reveal skin should be lower than the student’s finger length on the upper thighs.
- Clothing must not reveal undergarments or be sheer, see-through, or mesh without appropriate coverage underneath that meets the minimum requirements of the dress code.
- Clothing must not be excessively oversized or baggy and fit at the waist.
- Trench coats or duster coats must not be worn.
- Shoes must be worn at all times and should be safe for the school environment. Shoes not to be worn include steel toes, cleats, taps, or wheels. Elementary students should wear tennis shoes due to physical education, class activities, and recess.
- Hats, caps, hoodies or any type of head covering is not allowed unless permitted for religious, medical, or other reason by school administration.
- Clothing, accessories, or visible tattoos that denote or reference gang affiliation, illegal, or disruptive behavior are prohibited. This includes innuendo to alcohol, drugs, sex, tobacco, racism, discrimination, obscenity, violence, gore, or death.
- Clothing and accessories, including piercings, that endanger student or staff safety may not be worn.
- Bedroom/lounging attire (pajamas, slippers, house shoes, boxer shorts, etc.) must not be worn.
- Patterned or an unnaturally colored contact lenses may not be worn as well as sunglasses inside the building unless prescribed by a physician.

The administration reserves the right to determine what constitutes appropriate dress. Specialized courses may require specialized attire, such as sports uniforms or safety gear. Student Identification Cards are mandatory and to be worn at all times on the campus (grades 6-12).
Students who do not adhere to these guidelines will not be allowed to attend class. If an administrator determines that a student’s grooming or clothing violates the school’s dress code, the student will be given an opportunity to correct the issue at school. If not corrected, the student may be assigned to in-school suspension for the remainder of the day, until the issue is corrected, or until a parent or designee brings an acceptable change of clothing to the school. Repeated offenses may result in more serious disciplinary action in accordance with the Student Code of Conduct.

Electronic Devices and Technology Resources (All Grade Levels)

Possession and Use of Personal Telecommunications Devices, Including Mobile Telephones

For safety purposes, the district permits students to possess personal mobile telephones; however, these devices must remain turned off during the instructional day (from first bell to end of day bell), including during all testing, unless they are being used for approved instructional purposes or an area/time designated by the campus. A student must have approval to possess other telecommunications devices such as netbooks, laptops, tablets, or other portable computers.

The use of mobile telephones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

If a student uses a telecommunications device without authorization during the school day, the device will be confiscated. An administrative fee may be assessed and collected before the device is returned. On the first infraction, the device will be confiscated and returned to the student at which time the $15 fee is collected. For the second infraction and thereafter, the device will be confiscated and returned to the parent, at which time another $15 fee will be collected.
Confiscated telecommunications devices that are not retrieved by the student or the student’s parents will be disposed of after the notice required by law. [See policy FNCE.]

**Possession and Use of Other Personal Electronic Devices**

Except as described below, students are not permitted to possess or use personal electronic devices such as MP3 players, video or audio recorders, DVD players, cameras, games, e-readers, or other electronic devices at school, unless prior permission has been obtained. Without such permission, teachers will collect the items and turn them in to the principal’s office. The principal will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

In limited circumstances and in accordance with law, a student’s personal electronic device may be searched by authorized personnel. [See Searches on page Error! Bookmark not defined. and policy FNF.]

Any disciplinary action will be in accordance with the Student Code of Conduct. The district is not responsible for any damaged, lost, or stolen electronic device.

**Instructional Use of Personal Telecommunications and Other Electronic Devices**

In some cases, students may find it beneficial or might be encouraged to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must obtain prior approval before using personal telecommunications or other personal electronic devices for instructional use. When students are not using the devices for approved instructional purposes, all devices must be turned off during the instructional day. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

**Acceptable Use of District Technology Resources**

District-owned technology resources for instructional purposes may be issued to individual students. Use of these technological resources, which include the district’s network systems and use of district equipment, is restricted to approved purposes only. Students and parents will be asked to sign a user agreement (separate from this handbook) regarding use of these district resources. Violations of this user agreement may result in withdrawal of privileges and other disciplinary action.

**Technology (CQ Local)**

**Board Policy CQ (Local):** The Assistant Superintendent for Technology and Student Support shall implement, monitor, and evaluate electronic media resources for instructional and administrative purposes.

**Availability of Access**

Access to the District's electronic communications system(s), including the Internet, shall be made available to students and employees exclusively for instructional and administrative purposes and in accordance with administrative regulations. Access to the District's electronic communications system(s) is a privilege, not a right. All users shall be required to acknowledge receipt and understanding of all administrative regulations governing use of the system(s) and shall agree in writing to comply with such regulations and guidelines. Noncompliance with
applicable regulations will result in disciplinary action consistent with District policies and regulations. Violations of law may result in criminal prosecutions as well as disciplinary action by the District.

**Acceptable Use**
The Superintendent or designee shall develop and implement administrative regulations, guidelines, and user agreements, consistent with the purposes and mission of the District and with law and policy governing copyright. [See EFE]

**Monitored Use**
Electronic mail transmissions and other use of the electronic communication system(s) by students and employees shall **not** be considered confidential and may be monitored at any time by designated staff to ensure appropriate use for educational or administrative purposes.

**Internet Safety**
The Seguin Independent School District:

- Controls students' access to inappropriate materials, as well as to materials that are harmful to minors
- Ensures student safety and security when using electronic communications
- Prevents unauthorized access, including hacking and other unlawful activities
- Restricts unauthorized disclosure, use, and dissemination of personally identifiable information regarding students

**Filtering**
Each District computer with Internet access shall have filtered Internet access that blocks to the extent practical entry to visual and text depictions that are obscene, pornographic, inappropriate for students, or harmful to minors, as defined by the federal Children's Internet Protection Act and as determined by the Superintendent or designee. An employee or student who gains access to such material is expected to discontinue the access as quickly as possible and to report the incident to the campus/district technology staff [See DH, FN series, FO series, and the Student Code of Conduct] Violations of law may result in criminal prosecution as well as disciplinary action by the District.

**Monitored Use**
Electronic mail transmissions and other use of the electronic communications systems by students are not private and may be monitored at any time by designated District staff to ensure appropriate use.

**Intellectual Property Rights**
Students shall retain all rights to work they create using the District’s electronic communications system.

**Disclaimer of Liability**
The District shall not be liable for the users' inappropriate use of the District's electronic communication resources or violations of copyright restrictions, users' mistakes or negligence, or costs incurred by users. The District shall not be responsible for ensuring the accuracy or usability of any information found on the Internet. The Superintendent or designee will oversee
the District's electronic communication system(s). Oversight of the posting of official district, campus, or division/department materials on the District's electronic communication system(s) will be the responsibility of the superintendent, principal, or division/department supervisor or designee. The District's system(s) will be used only for administrative and instructional purposes consistent with the District's mission and goals.

**Student Agreement for Acceptable Use of the Electronic Communication System**

Students are being given educational access to the District’s electronic communication system including the Internet. Through this system, students will be able to communicate with other schools, colleges, organizations, and people around the world and other electronic information systems/networks. Students will have access to hundreds of databases, libraries, and computer services all over the world.

The Internet is a network of diverse communication and information networks. Through the District’s electronic communications system which includes the Internet, students will have access to hundreds of databases, libraries, and computer services all over the world. It is possible that students may run across areas of adult content and some material parents might find objectionable. While the District will take reasonable steps to preclude access to such material and does not condone such access, it is not possible to absolutely prevent such access.

Though use of the Internet is an integral part of the classroom curriculum, parents who wish that their student not have access to the District’s electronic communications system including the Internet should notify the campus office in writing that they do not want their student to have such access. Written notice should be sent to the campus office within 10 days of the issuance of this handbook. Failure to notify the campus in writing will be considered consent.

With this educational opportunity comes responsibility. It is important that you read the District policy – CQ (LOCAL) and Student Agreement for Acceptable Use of the Electronic Communication System and ask questions for help in understanding them. Inappropriate system use will result in the loss of the privilege to use this educational tool and disciplinary action. It will be the student’s responsibility to follow the rules for appropriate use.

**Individual User Responsibilities**

The following standards will apply to all users of the District's electronic information/communications system(s). Users who violate these standards may be subject to disciplinary action in accordance with District policies and regulations:

1. The system(s) may not be used for illegal purposes, in support of illegal activities, or for any other activity prohibited by District Policy.
2. System users may not use another person's ID or password.
3. Do not make a request that can generate product/service advertisements or solicit income for commercial or private entities.
4. System users shall maintain electronic information in accordance with established guidelines.
5. System users may not upload programs to the District's system(s) without appropriate authorization.
6. System users may not knowingly bring prohibited materials into the District's electronic communication system(s).
7. **Students, staff, and guests with official SISD login credentials may connect personal electronic devices to the district’s wireless network. The district will not be responsible for any non-district equipment *(e.g. Computers, Printers, Laptops, LCD Projectors, PDAs/Palm Pilots, Game Consoles, etc.)*. The district will not fix, repair nor troubleshoot non-district equipment.**

**Consequences for Inappropriate Use**
- Suspension of access to the system.
- Revocation of the computer system account.
- Other disciplinary or legal action, in accordance with the Student Code of Conduct and applicable laws.

**Google Suite for Students**
K-12 students will be provided district created Google Suite accounts. This will provide students with online resources, including Google Drive, Google Sites, Gmail, etc. Students will have access to these resources both during the school day and outside of school. The tools are collaborative in nature, and students will follow district policies regarding communicating with other students.

Student Gmail access will vary depending upon student age. Students who are 13 years of age and older may be provided district email capable of communicating outside the district network. Under the age of 13, student email will only be able to communicate to users within the district network. District student email is for educational use only and should not be considered to be private. Student email can be monitored at any time. Parents who do not wish for their child to have a district email account should notify the district or campus in writing.

**COPPA – Children’s Online Privacy Protection Act**
Children’s Online Privacy Protection Act (COPPA) Students 13 or younger. For students under the age of 13 the Children's Online Privacy Protection Act requires additional parental permission for education software tools that collect personal information about the child. Parents wishing to deny access to these educational tools must do so in writing to the campus principal.

**Unacceptable and Inappropriate Use of Technology Resources**
Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal. This prohibition applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as “sexting,” will be disciplined in accordance with the Student Code of Conduct, may be required to complete an educational program related to the dangers in this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child [Before You Text' Sexting Prevention Course](#), a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.
In addition, any student who engages in conduct that results in a breach of the district’s computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

**End-of-Course (EOC) Assessments**
[See Graduation on page 51 and Standardized Testing on page 81.]

**English Learners (All Grade Levels)**

A student who is an English learner is entitled to receive specialized services from the district. To determine whether the student qualifies for services, a Language Proficiency Assessment Committee (LPAC) will be formed, which will consist of both district personnel and at least one parent representative. The student’s parent must consent to any services recommended by the LPAC for an English learner. However, pending the receipt of parental consent or denial of services, an eligible student will receive the services to which the student is entitled and eligible.

To determine a student’s level of proficiency in English, the LPAC will use information from a variety of assessments. If the student qualifies for services and once a level of proficiency has been established, the LPAC will then designate instructional accommodations or additional special programs the student will require to eventually become proficient at grade level work in English. Ongoing assessments will be conducted to determine a student’s continued eligibility for the program.

The LPAC will also determine whether certain accommodations are necessary for any state-mandated assessments. The STAAR Spanish, as mentioned at Standardized Testing on page 81, may be administered to an English learner for a student up to grade 5. In limited circumstances, a student’s LPAC may exempt the student from an otherwise required state-mandated assessment or may waive certain graduation requirements related to the English I end-of-course (EOC) assessment. The Texas English Language Proficiency Assessment System (TELPAS) will also be administered to English learners who qualify for services.

If a student is considered an English learner and receives special education services because of a qualifying disability, the student’s ARD committee will make instructional and assessment decisions in conjunction with the LPAC.

**Extracurricular Activities, Clubs, and Organizations (All Grade Levels)**

Contact the campus for a listing of ACTIVITIES, CLUBS and ORGANIZATIONS.

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

Participation in some of these activities may result in events that occur off-campus. When the district arranges transportation for these events, students are required to use the transportation provided by the district to and from the events. Exceptions to this may only be made with the approval of the activity’s coach or sponsor. [See Transportation on page 85.]

Eligibility for initial and continuing participation in many of these activities is governed by state law and the rules of the University Interscholastic League (UIL) – a statewide association overseeing interdistrict competition. If a student is involved in an academic, athletic, or music activity governed by UIL, the student and parent are expected to know and follow all rules of the UIL organization. Students involved in UIL athletic activities and their parents can access the UIL
Parent Information Manual at [UIL Parent Information Manual](#); a hard copy can be provided by the coach or sponsor of the activity on request. To report a complaint of alleged noncompliance with required safety training or an alleged violation of safety rules required by law and the UIL, please contact the curriculum division of TEA at 512-463-9581 or [curriculum@tea.texas.gov](mailto:curriculum@tea.texas.gov).

[See [UIL Texas](#) for additional information on all UIL-governed activities.]

Student safety in extracurricular activities is a priority of the district. The equipment used in football is no exception. As a parent, you are entitled to review the district’s records regarding the age of each football helmet used by the district, including when helmet has been reconditioned.

In addition, the following provisions apply to all extracurricular activities:

- A student who receives at the end of a grading period a grade below 70 in any academic class – other than an Advanced Placement or International Baccalaureate course; or an honors or dual credit course in English language arts, mathematics, science, social studies, economics, or language other than English – may not participate in extracurricular activities for at least three school weeks.

- A student who receives special education services and who fails to meet the standards in the individual education program (IEP) may not participate for at least three school weeks.

- An ineligible student may practice or rehearse but may not participate in any competitive activity.

- Reference policy [FM(LOCAL)](#) regarding the number of absences a student is allowed in a school year for extracurricular. All extracurricular activities and public performances, whether UIL activities or other activities approved by the board, are subject to these restrictions.

- An absence for participation in an activity that has not been approved will receive an unexcused absence.

**Eligibility Regulations**

A student shall be permitted to participate in extracurricular activities, subject to the following restrictions:

- During the initial six-week period of the school year, all students are eligible to participate in extra-curricular activities if they have the necessary credits.

- A student participating in University Interscholastic League (UIL) will be suspended from participation after a grading period in which the student received a grade lower than the equivalent of 70 on a scale of 100 in any academic class (other than an identified honors or advanced class). The grades will be reviewed at the end of each three-week period according to the district-developed calendar; the suspension will be removed if all of the student’s grades are equal to or greater than the equivalent of 70. (See exemptions below.)

- During suspension from participation, a student is not allowed to participate or perform in competition, though he/she may practice or rehearse.

- A student with disabilities must meet the standards in his/her Individual Education Plan (IEP) in order to participate in extra-curricular activities during the following three-week period.

- A student is permitted up to 10 activity-related absences in any one semester or one year course in order to participate in school-related or school-sanctioned activities on or off campus. All UIL activities come under this provision, also.
• A student in grades 9-12 may participate in extracurricular activities on or off campus at the beginning of the school year only if the student has earned the cumulative number of credits in state-approved courses indicated in this subsection:
  - Beginning at the ninth grade year—has been placed or promoted from the eighth to the ninth.
  - Beginning of the second year of attendance at SHS—at least (5) credits toward graduation.
  - Beginning of the third year of attendance at SHS—at least ten (10) credits toward graduation or a total of five credits which count toward high school graduation requirements must have been earned during the 12 months preceding the first day of the current school year.
  - Beginning of the fourth year of attendance at SHS—at least fifteen (15) credits toward graduation or a total of five credits which count toward high school graduation requirements must have been earned during the 12 months preceding the first day of the current school year.

Students who are placed in ISS, suspended, placed at the Discipline Alternative School or recommended for expulsion will not be allowed to participate in or attend extracurricular activities during the period/day of ISS, suspension, expulsion, or DAEP placement. A student—athlete will be allowed to practice on the day of ISS placement (no game participation allowed.)

**Attendance Requirements**

Students shall be in attendance for a minimum of one-half day the day of the activity or competition. For grades 9-12, students shall be in attendance a minimum of four class periods on the day of the activity or competition.

**No Pass-No Play Exemptions (through UIL Regulation)**

A student who receives a grade below 70 at the end of a grading period in any class may not participate in extracurricular activities for at least three school weeks. Exemptions to the No Pass No Play rule can be found in policy [FM(LEGAL)] and [FM(LOCAL)].

**Standards of Behavior**

Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization’s standards of behavior.

**Fees (All Grade Levels)**

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, erasers, and notebooks and may be required to pay certain other fees or deposits, including:

- Costs for materials for a class project that the student will keep.
- Membership dues in voluntary clubs or student organizations and admission fees to extracurricular activities.
- Security deposits.
- Personal physical education and athletic equipment and apparel.
- Voluntarily purchased pictures, publications, class rings, yearbooks, graduation announcements, etc.
- Voluntarily purchased student health and accident insurance.
• Musical instrument rental and uniform maintenance, when uniforms are provided by the district.
• Personal apparel used in extracurricular activities that becomes the property of the student.
• Parking fees and student identification cards.
• Fees for lost, damaged, or overdue library books.
• Fees for optional courses offered for credit that requires use of facilities not available on district premises.
• Courses that are offered for credit recovery are tuition-free during the summer and regular school year. Some courses for original credit may be offered for an additional fee.
• A fee not to exceed $50 for costs of providing an educational program outside of regular school hours for a student who has lost credit or has not been awarded a final grade because of absences and whose parent chooses the program in order for the student to meet the 90 percent attendance requirement. The fee will be charged only if the parent or guardian signs a district-provided request form.
• In some cases, a fee for a course taken through the Texas Virtual School Network (TXVSN). Any required fee or deposit may be waived if the student and parent are unable to pay. Application for such a waiver may be made to the campus principal. [For further information, see policy FP.]

Field Trips - Elementary

Field trips provide the opportunity for students to see and experience many new things that broaden the experiential base upon which learning can be built. Parents are asked to sign a permission slip for their child to attend any district-approved field trip.

A student whose behavior is determined to be a safety hazard to himself/herself or others or who exhibits persistent misbehavior may not be eligible to attend field trips. Other restrictions apply as outlined in the Student Code of Conduct (page 91) at the back of this handbook.

Students who participate in school-sponsored trips shall be required to ride in transportation provided by the school to the event. Students may return home with their own parent or guardian when the parent or guardian presents a prior written request to the principal that the student be allowed to ride with the parent.

Note: Only parents designated by the principal/teacher serve as chaperones for field trips. As required by state law, only parents who have been screened with a background check (annually) can chaperone on field trips. Also, parents serving as chaperones are not permitted to bring other children on the field trip. The District is not responsible for medical costs associated with a student's or chaperone's injury.

Fundraising (All Grade Levels)

Student groups or classes, related outside clubs, and/or parent groups may be permitted to conduct fundraising drives under the supervision of the project sponsor. An application for permission must be made in advance. Except as approved by principal, fund-raising is not permitted on school property. [For further information, see policies FI and GE.]
Gang-Free Zones (All Grade Levels)

Certain criminal offenses, including those involving organized criminal activity such as gang-related crimes, will be enhanced to the next highest category of offense if they are committed in a gang-free zone. For purposes of the district, a gang-free zone includes a school bus and a location in, on, or within 1,000 feet of any district-owned or leased property or campus playground.

Gang-Related Activity

Gang activities and gang involvement are described as:

- wearing, possessing, using, distributing, displaying, or selling any clothing, jewelry, emblems, badges, symbols, signs, graffiti, or other items for the purpose of publicly demonstrating membership or affiliation in any gang (i.e., notched eyebrows);
- committing any act such as gestures, handshakes, and the like, that indicates membership or affiliation in a gang;
- promoting interest in any gang or gang activity, including but not limited to:
  - soliciting others for membership,
  - requesting any person to pay protection or otherwise intimidating or threatening any person,
  - committing any other illegal act or other violation of District policies,
  - inciting other students to act with physical violence toward any other person,
  - engaging in concert with others in intimidating, fighting, assaulting, or threatening to assault others.

If a student is involved in gang-related activity, that student is subject to disciplinary action.

Gender-Based Harassment

[See Dating Violence, Discrimination, Harassment, and Retaliation on page 36.]

Grade Level Classification (Grades 9-12 Only)

After the ninth grade, students are classified according to the number of credits earned toward graduation.

Grade Point Average (GPA) Computation [EIC (LOCAL)]

Eligible courses for the computation of Grade Point Average (GPA) shall include all courses taken for high school credit during the regular school year in grades 9-12 with the exception of junior college concurrent credit courses taken in the core academic areas, university dual credit courses, and distance learning courses.

Grade Point Average (GPA) shall be computed by totaling the semester numerical grades and dividing by the number of courses taken. When multiple-period courses are included in computing the GPA, the semester numerical grade will be entered the same number of times as the number of
periods per day the student is enrolled in the course, and that number of periods also will be reflected in the divisor.

For students transferring into the district, if the sending district uses letter grades, the conversion will be as follow:

**Grading System**

Number grades will be given in grades 9-12. Grades reflect the student’s relative mastery of class content.

- **A** = 90 - 100
- **B** = 80 - 89
- **C** = 70 - 79
- **F** = Below 70 (Failure)
- **INC** = Incomplete (Grade will be given when work is completed within 10 school days)
- **WD** = Withdrawn

**Grading Guidelines (All Grade Levels)**

Grading guidelines for each grade level or course will be communicated and distributed to students and their parents by the classroom teacher. These guidelines have been reviewed by each applicable curriculum department and have been approved by the campus principal. These guidelines establish the minimum number of assignments, projects, and examinations required for each grading period. In addition, these guidelines establish how the student’s mastery of concepts and achievement will be communicated (i.e., letter grades, numerical averages, checklist of required skills, etc.). Grading guidelines also outline in what circumstances a student will be allowed to redo an assignment or retake an examination for which the student originally made a failing grade. Procedures for a student to follow after an absence will also be addressed.

[See Report Cards/Progress Reports and Conferences on page 74 for additional information on grading guidelines.]

**Graduation (Secondary Grade Levels Only)**

**Requirements for a Diploma**

A student must meet the following requirements to receive a high school diploma from the district:

- Complete the required number of credits established by the state and any additional credits required by the district;
- Complete any locally required courses in addition to the courses mandated by the state;
- Achieve passing scores on certain end-of-course (EOC) assessments or approved substitute assessments, unless specifically waived as permitted by state law; and
- Demonstrate proficiency, as determined by the district, in the specific communication skills required by the State Board of Education (SBOE).
Testing Requirements for Graduation

Students are required, with limited exceptions and regardless of graduation program, to perform satisfactory on the following EOC assessments: English I, English II, Algebra I, Biology, and U.S. History. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments. State law and state rules also provide for certain score on norm-referenced national standardized assessments or on the state-developed assessment used for entrance into Texas public universities to substitute for the requirement to meet satisfactory performance on an applicable EOC assessment should a student choose this option. [See the school counselor for more information on the state testing requirements for graduation.]

If a student fails to perform satisfactorily on an EOC assessment, the district will provide remediation to the student in the content area for which the performance standard was not met. This may require participation of the student before or after normal school hours or at times of the year outside normal school operations.

In limited circumstances, a student who fails to demonstrate proficiency on two or fewer of the required assessments may still be eligible to graduate if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate. [See Standardized Testing on page 81 for more information.]

Foundation Graduation Program (EIF(LEGAL))

Every student in a Texas public school who entered grade 9 in the 2014–15 school year and thereafter will graduate under the “foundation graduation program.” Within the foundation graduation program are “endorsements,” which are paths of interest that include Science, Technology, Engineering, and Mathematics (STEM); Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student’s transcript. The foundation graduation program also involves the term “distinguished level of achievement,” which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits. A Personal Graduation Plan will be completed for each high school student, as described on page 54.

State law and rules prohibit a student from graduating solely under the foundation graduation program without an endorsement unless, after the student’s sophomore year, the student and student’s parent are advised of the specific benefits of graduating with an endorsement and submit written permission to the school counselor for the student to graduate without an endorsement. A student who anticipates graduating under the foundation graduation program without an endorsement and who wishes to attend a four-year university or college after graduation must carefully consider whether this will satisfy the admission requirements of the student’s desired college or university.

Credits Required

The foundation graduation program requires completion of the following credits:
Foundation - 22 Credits

4 credits English – ELA I, II, III, one credit in any authorized advanced English course
3 credits Mathematics - Algebra I, Geometry, one credit in any authorized advanced math course
3 credits Science - Biology, one credit in any advanced science course, one credit in IPC or any additional authorized advanced science course
3 credits Social Studies - US History, Government, Economics, World History
2 credits World Language
1 credit Physical Education
1 credit Fine Arts
5 credits in electives

Students may opt to Foundation - only after completing sophomore year

Foundation + Endorsement – 26 Credits

4 credits English – ELA I, II, III, one credit in any authorized advanced English course
4 credits Mathematics - Algebra I, Geometry, two credits in any authorized advanced math course

Students may earn multiple endorsements depending on program participation and course selection. For example, students in band every year in high school will earn an Arts and Humanities endorsement and may also complete a course sequence for a STEM, Business and Industry, Public Service, or Multidisciplinary Studies endorsement.
Additional considerations apply in some course areas, including:

- **Mathematics.** In order to obtain the distinguished level of achievement under the foundation graduation program, which will be included on a student’s transcript and is a requirement to be considered for automatic admission purposes to a four-year Texas college or university, a student must complete an endorsement and take Algebra II as one of the 4 mathematics credits.

- **Physical education.** A student who is unable to participate in physical activity due to a disability or illness may be able to substitute a course in English language arts, mathematics, science, social studies, or another locally determined credit-bearing course for the required credit of physical education. This determination will be made by the student’s ARD committee, Section 504 committee, or other campus committee, as applicable.

- **Language other than English.** Students are required to earn 2 credits in the same language other than English to graduate. Any student may substitute computer programming languages for these credits. A student may satisfy one of the two required credits by successfully completing a dual language immersion program in elementary school. In limited circumstances, a student may be able to substitute this requirement with other courses, as determined by a district committee authorized by law to make these decisions for the student.

**Available Endorsements**

A student must specify upon entering grade 9 the endorsement he or she wishes to pursue:

- Science, technology, engineering, and mathematics (STEM),
- Business and industry,
- Public services,
- Arts and humanities, or
- Multidisciplinary studies.

**Personal Graduation Plans**

A personal graduation plan will be developed for each high school student. The district encourages all students to pursue a personal graduation plan that includes the completion of at least one endorsement and to graduate with the distinguished level of achievement. Attainment of the
distinguished level of achievement entitles a student to be considered for automatic admission to a public four year college or university in Texas, depending on his or her rank in class. The school will review personal graduation plan options with each student entering grade 9 and his or her parent. Before the end of grade 9, a student and his or her parent will be required to sign off on a personal graduation plan that includes a course of study that promotes college and workforce readiness and career placement and advancement, as well as facilitates the transition from secondary to postsecondary education. The student’s personal graduation plan will denote an appropriate course sequence based on the student’s choice of endorsement.

Please review TEA’s Graduation Toolkit.

A student may, with parental permission, amend his or her personal graduation plan after the initial confirmation.

Available Course Options for all Graduation Programs

Information regarding specific courses required or offered in each curriculum area will be distributed to students each spring in order to enroll in courses for the upcoming school year.

Note: The district may require the completion of certain courses for graduation even if these courses are not required by the state for graduation. Please refer to Middle School and High School Course Catalogs.

Please be aware that not all courses are offered at every secondary campus in the district. A student who wants to take a course not offered at his or her regular campus should contact the school counselor about a transfer or other alternatives. If the parents of at least 22 students request a transfer for those students to take a course in the required curriculum other than fine arts or career and technical education (CTE), the district will offer the course for the following year either by teleconference or at the school from which the transfers were requested.

Certificates of Coursework Completion

A certificate of coursework completion will not be issued to a student who has successfully completed state and local credit requirements for graduation but has not yet demonstrated satisfactory performance on the state-mandated tests required for graduation.

Students with Disabilities

Upon the recommendation of the admission, review, and dismissal (ARD) committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her individualized education program (IEP) and in accordance with state rules.

A student who receives special education services and has completed four years of high school, but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

[See policy FMH(LEGAL).]

ARD committees for students with disabilities who receive special education services will make instructional and assessment decisions for these students in accordance with state law and rules. In
order to earn an endorsement under the foundation program, a student must perform satisfactorily on the end of course (EOC) assessments and receive no modified curriculum in the student’s chosen endorsement area. A student may still be awarded an endorsement when the student fails to perform satisfactorily on no more than two EOC assessments but meets the other requirements for graduation under state law.

**Graduation Activities**

**Graduation Speakers**
Certain graduating students will be given an opportunity to have speaking roles at graduation ceremonies.

A student must meet local eligibility criteria, which may include requirements related to student conduct, to have a speaking role. Students eligible for speaking will be notified by the principal and given an opportunity to volunteer.

[See FNA(LOCAL) and the Student Code of Conduct. For student speakers at other school events, see Student Speakers on page 83.]

**Graduation Expenses**
Because students and parents will incur expenses in order to participate in the traditions of graduation—such as the purchase of invitations, senior ring, cap and gown, and senior picture—both the student and parent should monitor progress toward completion of all requirements for graduation. The expenses often are incurred in the junior year or first semester of the senior year.

[See Fees on page 48.]

**Scholarships and Grants**
Students who have a financial need according to federal criteria and who complete the foundation graduation program, may be eligible under the TEXAS Grant Program and the Teach for Texas Grant Program for tuition and fees to Texas public universities, community colleges, and technical schools, as well as to private institutions.

Contact the school counselor for information about other scholarships and grants available to students.

**Harassment**
[See Dating Violence, Discrimination, Harassment, and Retaliation on page 36.]

**Hazing (All Grade Levels)**
Hazing is defined as any intentional, knowing, or reckless act occurring on or off campus directed against a student that endangers the mental or physical health or the safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any organization whose members are or include other students. Examples include:

- Any type of physical brutality;
- Any type of physical activity that subjects the student to an unreasonable risk of physical or mental harm, such as sleep deprivation, exposure to the elements, confinement to small spaces, or calisthenics;
• Any activity involving consumption of food, liquids, drugs, or other substances that subjects the student to unreasonable risk of physical or mental harm;

• Any activity that adversely affects the mental health or dignity of the student, such as ostracism, shame, or humiliation; and

• Any activity that induces, causes, or requires the student to violate the Penal Code.

Hazing will not be tolerated by the district. If an incident of hazing occurs, disciplinary consequences will be handled in accordance with the Student Code of Conduct. It is a criminal offense if a person engages in hazing; solicits, encourages, directs, aids, or attempts to aid another in hazing; or has firsthand knowledge of an incident of hazing being planned or having occurred and fails to report this to the principal or superintendent.

[See Bullying on page 23 and policies FFI and FNCC.]

Health-Related Matters

Student Illness (All Grade Levels)

When your child is ill, please contact the school to let us know that he or she will not be attending that day. It is important to remember that schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. For example, if your child has a fever over 100 degrees, he or she must stay out of school until fever free for 24 hours without fever-reducing medications. In addition, students with diarrheal illnesses must stay home until they are diarrhea free without diarrhea-suppressing medications for at least 24 hours. A full list of conditions for which the school must exclude children can be obtained from the school nurse.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the school nurse. If the nurse determines that the child should go home, the nurse will contact the parent.

The district is also required to report certain contagious (communicable) diseases or illnesses to the Texas Department of State Health Services (TDSHS) or our local/regional health authority. The school nurse can provide information from TDSHS on these notifiable conditions.

Contact the school nurse if you have questions or if you are concerned about whether or not your child should stay home.

Bacterial Meningitis (All Grade Levels)

State law requires the district to provide information about bacterial meningitis:

What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is common and most people recover fully. Parasitic and fungal meningitis are very rare. Bacterial meningitis is very serious and may involve complicated medical, surgical, pharmaceutical, and life support management.

What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.
Children (over 2 year old) and adults with bacterial meningitis commonly have a severe headache, high fever, and neck stiffness. Other symptoms might include nausea, vomiting, discomfort looking into bright lights, confusion, and sleepiness. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

**How serious is bacterial meningitis?**

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

**How is bacterial meningitis spread?**

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. They are spread when people exchange respiratory or throat secretions (such as by kissing, coughing, or sneezing).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body’s immune system and cause meningitis or another serious illness.

**How can bacterial meningitis be prevented?**

Maintaining healthy habits, like getting plenty of rest, can help prevent infection. Using good health practices such as covering your mouth and nose when coughing and sneezing and washing your hands frequently with soap and water can also help stop the spread of the bacteria. It’s a good idea not to share food, drinks, utensils, toothbrushes, or cigarettes. Limit the number of persons you kiss.

There are vaccines available to offer protection from some of the bacteria that can cause bacterial meningitis. The vaccines are safe and effective (85–90 percent). They can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

**What should you do if you think you or a friend might have bacterial meningitis?**

You should seek prompt medical attention.

**Where can you get more information?**

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all communicable diseases. You may also call your local health department or Regional Department of State Health Services office to ask about a meningococcal vaccine. Additional information may also be found at the websites for the Centers for Disease Control and Prevention (CDC), particularly the CDC’s information on bacterial meningitis, and the Texas Department of State Health Services.

**Note:** DSHS requires at least one meningococcal vaccination on or after the student’s 11th birthday, unless the student received the vaccine at age 10. Also note that entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please see the school nurse for more information, as this may affect a student who wishes to enroll in a dual credit course taken off campus.
Food Allergies (All Grade Levels)

The district requests to be notified when a student has been diagnosed with a food allergy, especially those allergies that could result in dangerous or possibly life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic, as well as the nature of the allergic reaction. Please contact the school nurse or campus principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy. Food service will require doctor’s note for all students who require menu modification due to food allergies.

The district has developed and annually reviews a food allergy management plan, which addresses employee training, dealing with common food allergens, and specific strategies for dealing with students diagnosed with severe food allergies. When the district receives information that a student has a food allergy that puts the student at risk for anaphylaxis, individual care plans will be developed at assist the student in safely accessing the school environment. The district’s food allergy management plan can be accessed at www.seguinisd.net.

[See policy FFAF and Celebration on page 27.]

Head Lice (All Grade Levels)

SISD procedures to control lice and nits are as follows:

- Students who show possible signs of lice or have active lice visible to the eye will be referred to the campus nurse for a head check.
- If lice are present, the student’s parent/guardian is contacted and a letter is provided to parent with instructions for care. Parents are notified to take their child home and conduct a recommended treatment (medicated shampoo or rinse). A letter, signed by the parent and verifying treatment, must accompany the student upon his/her return to school;
- If very few lice are present, the nurse or health aide may, with the permission of the principal & parent, comb out the few live lice and send the student back to class. At the end of the day, the student is sent home with a letter and instructions for care. If a student with only a few live lice has had persistent lice problems, he/she is sent home with a letter containing instructions for care;
- If nits only are present, the student will remain in school for the day. At the end of the day, the student is sent home with a letter and instructions for care;
- Upon return to school, the teacher will send the student to the nurse or health aide for a re-check. Students who return to school with lice or nits will be subject to repeat head checks to ensure the elimination of lice;
  **Students with chronic cases of head lice will be required to be checked by the school nurse daily. In addition, the district social worker will also be notified to intervene and support parent/guardian with severe cases. (Chronic-consistent infestation on a frequent basis)**
- An absence is excused on the day a student is sent home due to lice.
- When several confirmed cases of lice/nits occur in one classroom, letters of notification will be sent home to parents of all students in the class.

Notice will also be provided to parents of elementary school students in the affected classroom.
More information on head lice can be obtained from the DSHS website [Managing Head Lice](#).

[See policy FFAA.]

**Physical Activity Requirements**

**Elementary School**

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in full-day prekindergarten through grade 5 engage in moderate or vigorous physical activity for at least 30 minutes per day or 135 minutes per week.

For additional information on the district’s requirements and programs regarding elementary school student physical activity requirements, please see the principal.

**Middle School**

In accordance with policies at EHAB, EHAC, EHBG, and FFA, the district will ensure that students in middle or junior high school will engage in 30 minutes of moderate or vigorous physical activity per day for at least four semesters OR at least 225 minutes of moderate or vigorous physical activity within each two-week period for at least four semesters.

For additional information on the district’s requirements and programs regarding junior high and middle school student physical activity requirements, please see the principal.

**Temporary Restriction from Participation in Physical Education**

Students who are temporarily restricted from participation in physical education will remain in the class and shall continue to learn the concepts of the lessons but not actively participate in the skill demonstration.

**School Health Advisory Council (SHAC) (All Grade Levels)**

During the preceding school year, the district’s School Health Advisory Council (SHAC) held a minimum of 4 meetings. Additional information regarding the district’s SHAC is available from the Assistant Superintendent of Administrative Services.

The duties of the SHAC range from recommending curriculum to developing strategies for integrating curriculum into a coordinated school health program encompassing issues such as school health services, counseling services, a safe and healthy school environment, recess recommendations, improving student fitness, mental health concerns, and employee wellness.

[See policies at BDF and EHAA. See Human Sexuality Instruction on page 6 for additional information.]

**Student Wellness Policy/Wellness Plan (All Grade Levels)**

Seguin ISD is committed to encouraging healthy students and therefore has developed a board-adopted wellness policy at FFA(LOCAL) and corresponding plans and procedures to implement the policy. You are encouraged to contact Assistant Superintendent of Administrative Services with questions about the content or implementation of the district’s wellness policy and plan.
Other Health-Related Matters

Physical Fitness Assessment (Grades 3-12)

Annually, the district will conduct a physical fitness assessment of students in grades 3–12 who are enrolled in a physical education course or a course for which physical education credit is awarded. At the end of the school year, a parent may submit a written request to the campus physical education instructor or coach to obtain the results of his or her child’s physical fitness assessment conducted during the school year.

Vending Machines (All Grade Levels)

The district has adopted and implemented the state and federal policies and guidelines for food service, including the guidelines to restrict student access to vending machines. For more information regarding these policies and guidelines see the school principal. [See policies at CO and FFA.]

Tobacco and E-Cigarettes Prohibited (All Grade Levels and All Others on School Property)

Students are prohibited from possessing or using any type of tobacco product, electronic cigarettes (e-cigarettes), or any other electronic vaporizing device, while on school property at any time or while attending an off campus school-related activity.

The district and its staff strictly enforce prohibitions against the use of tobacco products, e-cigarettes or any other electronic vaporizing device, by students and all others on school property and at school-sponsored and school-related activities. [See the Student Code of Conduct and policies at FNCD and GKA.]

Asbestos Management Plan (All Grade Levels)

The district works diligently to maintain compliance with federal and state law governing asbestos in school buildings. A copy of the district’s Asbestos Management Plan is available in the superintendent’s office. If you have any questions or would like to examine the district’s plan in more detail, please contact Director of Maintenance, the district’s designated asbestos coordinator, at 830-401-8611.

Pest Management Plan (All Grade Levels)

The district is required to follow integrated pest management (IPM) procedures to control pests on school grounds. Although the district strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, periodic indoor and outdoor pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free school environment.

All pesticides used are registered for their intended use by the United States Environmental Protection Agency and are applied only by certified pesticide applicators. Except in an emergency, signs will be posted 48 hours before indoor application. All outdoor applications will be posted at the time of treatment, and signs will remain until it is safe to enter the area. Parents who have further questions or who want to be notified of the times and types of applications prior to pesticide application inside their child’s school assignment area may contact Director of Maintenance, the district’s IPM coordinator, at 830-401-8611.
**Homeless Students (All Grade Levels)**

You are encouraged to inform the district if you or your child are experiencing homelessness. District staff can share resources with you that may be able to assist you and your family.

For more information on services for homeless students, contact the district’s homeless education liaison, Student Support Specialist, at (830)401-8639.

[See Students Who Are Homeless on page 14.]

**Homework (All Grade Levels)**

See Seguin ISD Grading Guidelines.

**Honor Roll**

*Elementary* - There are two official honor rolls for students in grades 3 - 5, the All A and the More A than B. Honor rolls are determined for each nine weeks period and for the entire year. In areas of physical education, music, health, technology, art or theatre arts, grades must be marked “E” (4) or “S” (3) in order for the student to qualify for either honor roll.

*Secondary* - There are two official honor rolls for students in grades 6 - 12, the All A and the More A than B. Honor rolls are determined for each six weeks period and for the entire year.

**Illness**

[See Student Illness under Health-Related Matters on page 57.]

**Immunization (All Grade Levels)**

A student must be fully immunized against certain diseases or must present a certificate or statement that, for medical reasons or reasons of conscience, including a religious belief, the student will not be immunized. For exemptions based on reasons of conscience, only official forms issued by the Texas Department of State Health Services (DSHS), Immunization Branch, can be honored by the district. This form may be obtained by writing the DSHS Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347; or online at [Affidavit Request for Exemption from Immunization](#). The form must be notarized and submitted to the principal or school nurse within 90 days of notarization. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student.

The immunizations required are: diphtheria, tetanus, and pertussis; rubeola (measles), mumps, and rubella; polio; hepatitis A; hepatitis B; varicella (chicken pox); and meningococcal. The school nurse can provide information on age-appropriate doses or on an acceptable physician-validated history of illness required by the TDSHS. Proof of immunization may be established by personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

If a student should not be immunized for medical reasons, the student or parent must present a certificate signed by a U.S. registered and licensed physician stating that, in the doctor’s opinion, the immunization required is medically contraindicated or poses a significant risk to the health and well-being of the student or a member of the student’s family or household. This certificate must be renewed yearly unless the physician specifies a life-long condition.
As noted at Bacterial Meningitis, entering college students must also, with limited exception, furnish evidence of having received a bacterial meningitis vaccination within the five years prior to enrolling in and attending classes at an institution of higher education. A student wanting to enroll in a dual credit course taken off campus may be subject to this requirement.

[For further information, see policy FFAB(LEGAL) and the DSHS Website: Texas School & Child-Care Facility Immunization Requirements.]

**Law Enforcement Agencies (All Grade Levels)**

**The use of Peace Officers on District Campuses**

The District employs certified, off-duty peace officers at all secondary campuses, grades 6 through 12, including the Discipline Alternative School.

Security personnel will perform law enforcement duties for the school district that include protecting the safety and welfare of any person and the property of the school district. The daily duties include patrolling campuses, investigating crimes, providing a proactive law enforcement presence on the campus, and fostering positive relationships with students, teachers, and other campus staff. Other duties determined by the District do not include routine student discipline, school administrative tasks, or contact with students unrelated to law enforcement or proactive prevention duties.

**Questioning of Students**

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the principal will cooperate fully regarding the conditions of the interview, if the questioning or interview is part of a child abuse investigation. In other circumstances:

- The principal will verify and record the identity of the officer or other authority and ask for an explanation of the need to question or interview the student at school.
- The principal ordinarily will make reasonable efforts to notify the parents unless the interviewer raises what the principal considers to be a valid objection.
- The principal ordinarily will be present unless the interviewer raises what the principal considers to be a valid objection.

**Students Taken Into Custody**

State law requires the district to permit a student to be taken into legal custody:

- To comply with an order of the juvenile court.
- To comply with the laws of arrest.
- By a law enforcement officer if there is probable cause to believe the student has engaged in delinquent conduct or conduct in need of supervision.
- By a law enforcement officer to obtain fingerprints or photographs for comparison in an investigation.
- By a law enforcement officer to obtain fingerprints or photographs to establish a student’s identity, where the child may have engaged in conduct indicating a need for supervision, such as running away.
• By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.

• By an authorized representative of Child Protective Services (CPS), Texas Department of Family and Protective Services (DFPS), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Family Code relating to the student’s physical health or safety.

• To comply with a properly issued directive from a juvenile court to take a student into custody;

Before a student is released to a law enforcement officer or other legally authorized person, the principal will verify the officer’s identity and, to the best of his or her ability, will verify the official’s authority to take custody of the student.

The principal will immediately notify the superintendent and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the principal considers to be a valid objection to notifying the parents. Because the principal does not have the authority to prevent or delay a student’s release to a law enforcement officer, any notification will most likely be after the fact.

Notification of Law Violations

The district is required by state law to notify:

• All instructional and support personnel who have responsibility for supervising a student who has been taken into custody, arrested or referred to the juvenile court for any felony offense or for certain misdemeanors.

• All instructional and support personnel who have regular contact with a student who is thought to have committed certain offenses or who has been convicted, received deferred prosecution, received deferred adjudication, or was adjudicated for delinquent conduct for any felony offense or certain misdemeanors.

• All appropriate district personnel in regards to a student who is required to register as a sex offender.

[For further information, see policy FL(LEGAL).]

Leaving Campus (All Grade Levels)

Please remember that student attendance is crucial to learning. We ask that appointments be scheduled outside of school hours as much as reasonably possible. Also note that picking up a student early on a regular basis results in missed opportunities for learning. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the school day.

State rules require that parental consent be obtained before any student is allowed to leave campus for any part of the school day. The district has put the following procedures in place in order to document parental consent:

• For students in elementary and middle school, a parent or otherwise authorized adult must come to the office and sign the student out. Please be prepared to show identification. Once an identity is verified, a campus representative will then call for the student or collect the student and bring him or her to the office. For safety purposes and stability of the learning environment, we cannot allow you to go to the classroom or other area unescorted to pick up
the student. If the student returns to campus the same day, the parent or authorized adult must sign the student back in through the main office upon the student’s return. Documentation regarding the reason for the absence will also be required.

- For students in high school, the same process will be followed. If the student’s parent will authorize the student to leave campus unaccompanied, a note provided by the parent must be submitted to the main office in advance of the absence, no later than two hours prior to the student’s need to leave campus. A phone call received from the parent may be accepted, but the school may ultimately require a note to be submitted for documentation purposes. Once the office has received information that the student’s parent consents to the student leaving campus, a pass will be issued to the student to hand to his or her teacher with the necessary information. The student must sign out through the main office and sign in upon his or her return, if the student returns the same day. If a student is 18 years of age or is an emancipated minor, the student may produce a note on his or her own behalf. Documentation regarding the reason for the absence will be required.

- If a student becomes ill during the school day and the school nurse or other district personnel determines that the student should go home, the nurse will contact the student’s parent and document the parent’s wishes regarding release from school. Unless directed by the parent to release the student unaccompanied, the parent or other authorized adult must follow the sign-out procedures as listed above. If a student is allowed to leave campus by himself or herself, as permitted by the student’s parent, or if the student is age 18 or is an emancipated minor, the nurse will document the time of day the student was released. Under no circumstances will a student in elementary or middle school be released unaccompanied by a parent or adult authorized by the parent.

At Any Other Time During the School Day
Students are not authorized to leave campus during regular school hours for any other reason, except with the permission of the principal.

Students who leave campus in violation of these rules will be subject to disciplinary action in accordance with the Student Code of Conduct.

Lost and Found (All Grade Levels)
A “lost and found” collection box is located in the campus office. If your child has lost an item, please encourage him or her to check the lost and found box. The district discourages students from bringing to school personal items of high monetary value, as the district is not responsible for lost or stolen items. The campus will dispose of lost and found items at the end of each semester.

Makeup Work
Makeup Work Because of Absence (All Grade Levels)
For any class missed, the teacher may assign the student makeup work based on the instructional objectives for the subject or course and the needs of the individual student in mastering the essential knowledge and skills or in meeting subject or course requirements.

A student will be responsible for obtaining and completing the makeup work in a satisfactory manner and within the time specified by the teacher. A student who does not make up assigned work within the time allotted by the teacher will receive a grade of zero for the assignment.
A student is encouraged to speak with his or her teacher if the student knows of an absence ahead of time, including absences for extracurricular activities, so that the teacher and student may plan any work that can be completed before or shortly after the absence. Please remember the importance of student attendance at school and that, even though absences may be excused or unexcused, all absences account for the 90 percent threshold in regards to the state laws surrounding “attendance for credit or final grade.” [See Attendance for Credit or Final Grade on page 20.]

A student involved in an extracurricular activity must notify her or her teachers ahead of time about any absences.

A student will be permitted to make up tests and to turn in projects due in any class missed because of absence. Teachers may assign a late penalty to any long-term project in accordance with time lines approved by the principal and previously communicated to students.

### DAEP Makeup Work

**Elementary and Middle School Grade Levels**

Contact DAEP (Alternative School) campus administrator.

**Grades 9–12**

A high school student removed to a disciplinary alternative education program (DAEP) during the school year will have an opportunity to complete, before the beginning of the next school year, a foundation curriculum course in which the student was enrolled at the time of removal. The district may provide the opportunity to complete the course through an alternative method, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FOCA(LEGAL).]
In-School Suspension (ISS) Makeup Work (All Grade Levels)

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district. [See policy FO(LEGAL).]

Medicine at School (All Grade Levels)

Medication that must be administered to a student during school hours must be provided by the student’s parent. All medication, whether prescription or nonprescription, must be kept in the nurse’s office and administered by the nurse or another authorized district employee, unless the student is authorized to possess his or her own medication because of asthma or a severe allergy as described below or as otherwise allowed by law.

The district will not purchase nonprescription medication to give to a student. District employees will not give a student prescription medication, nonprescription medication, herbal substances, anabolic steroids, or dietary supplements, with the following exceptions:

Only authorized employees, in accordance with policy FFAC, may administer:

- Prescription medication, in the original, properly labeled container, provided by the parent, along with a written request.

- Prescription medication from a properly labeled unit dosage container filled by a registered nurse or another qualified district employee from the original, properly labeled container.

- Nonprescription medication, in the original, properly labeled container, provided by the parent along with a written request. Note: Insect repellant is considered a nonprescription medication.

- Herbal or dietary supplements provided by the parent only if required by the student’s individualized education program (IEP) or Section 504 plan for a student with disabilities.

Students whose schedules provide for regular time spent outdoors, including for recess and physical education classes, should apply sunscreen before coming to school.

For students at the elementary level, the student’s teacher or other district personnel will apply sunscreen to a student’s exposed skin if the student brings the sunscreen to school and requests assistance with the application of the sunscreen. Nothing prohibits a student at this level from applying his or her own sunscreen if the student is capable of doing so.

For students at the secondary level, a student may possess and apply sunscreen when necessary. If the student will need assistance with this application, please address the need for assistance with the school nurse.

Whether a student is at the elementary or secondary level, if sunscreen needs to be administered to treat any type of medical condition, this should be handled through communication with the school nurse so that the district is made aware of any safety and medical issues.

A student with asthma or severe allergic reaction (anaphylaxis) may be permitted to possess and use prescribed asthma or anaphylaxis medication at school or school-related events only if he or she has written authorization from his or her parent and a physician or other licensed health-care provider. The student must also demonstrate to his or her physician or health-care provider and to
the school nurse the ability to use the prescribed medication, including any device required to administer the medication.

If the student has been prescribed asthma or anaphylaxis medication for use during the school day, the student and parents should discuss this with the school nurse or principal.

In accordance with a student’s individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity. See the school nurse or principal for information. [See policy FFAF(LEGAL).]

Psychotropic Drugs

A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student’s academic progress or behavior with the student’s parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs. A district employee who is a registered nurse, an advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate. [For further information, see policy FFAC.]

Nondiscrimination Statement (All Grade Levels)

In its efforts to promote nondiscrimination and as required by law, Seguin ISD does not discriminate on the basis of race, religion, color, national origin, gender, sex, disability, age, or any other basis prohibited by law, in providing education services, activities, and programs, including CTE programs, and provides equal access to the Boy Scouts and other designated youth groups. The following district representatives have been designated to coordinate compliance with these legal requirements:

- Title IX Coordinator, for concerns regarding discrimination on the basis of sex, including sexual harassment or gender-based harassment: Assistant Superintendent of Administrative Services, 1221 E. Kingsbury St., Seguin, TX 78155, 830-372-5771 ext. 18628.

- ADA/Section 504 Coordinator, for concerns regarding discrimination on the basis of disability: Executive Director of Student Services, 1221 E. Kingsbury St., Seguin, TX 78155, 830-372-5771 ext.18617.

- All other concerns regarding discrimination: See the superintendent.

Nontraditional Academic Programs (All Grade Levels)

Parent and Family Engagement (All Grade Levels)

Working Together

Both experience and research tell us that a child’s education succeeds best when there is good communication and a strong partnership between home and school. Your involvement in this partnership may include:
• Encouraging your child to put a high priority on education and working with your child on a daily basis to make the most of the educational opportunities the school provides.

• Ensuring that your child completes all homework assignments and special projects and comes to school each day prepared, rested, and ready to learn.

• Becoming familiar with all of your child’s school activities and with the academic programs, including special programs, offered in the district.

• Discussing with the school counselor or principal any questions you may have about the options and opportunities available to your child.

• Reviewing the requirements and options for graduation with your child in middle school and again while your child is enrolled in high school.

• Monitoring your child’s academic progress and contacting teachers as needed. [See Academic Counseling on page 33.]

• Attending scheduled conferences and requesting additional conferences as needed. To schedule a telephone or in-person conference with a teacher, school counselor, or principal, please call the school office at [see page 125] for an appointment. The teacher will usually return your call or meet with you during his or her conference period or before or after school. [See Report Cards/Progress Reports and Conferences on page 74.]

• Becoming a school volunteer. [For further information, see policy GKG and Volunteers on page 90.]

• Participating in campus parent organizations. Parent organizations include: [Seguin Parent Teacher Council (PTC)].

• Serving as a parent representative on the district-level or campus-level planning committees, assisting in the development of educational goals and plans to improve student achievement. [For further information, see policies at BQA and BQB, and contact the Assistant Superintendent for Learning and Leadership Services at 830-401-8630.

• Serving on the School Health Advisory Council (SHAC), assisting the district in ensuring local community values are reflected in health education instruction and other wellness issues. [See policies at BDF, EHAA, FFA, and information in this handbook at School Health Advisory Council on page 60.]

• Being aware of the school’s ongoing bullying and harassment prevention efforts.

• Contacting school officials if you are concerned with your child’s emotional or mental well-being.

• Attending board meetings to learn more about district operations. [See policies at BE and BED for more information.]

Parent Volunteers

[See Volunteers (All Grade Levels) on page 90.]

Seguin Parent Teacher Council (PTC)

The Seguin Parent Teacher Council (PTC) is a team of parents, teachers, and others at district schools who are dedicated to providing resources and volunteers to support elementary and middle
school campuses. All parents and guardians are invited to join and actively participate. Representatives from each campus PTC are elected to serve as campus board members and follow the organization’s bylaws. As elected campus board members, these individuals coordinate campus PTC activities.

Parties/State Nutritional Regulations
The District follows the federal and state guidelines regarding foods of minimal nutritional value being served or sold on school premises during the school day. (For more information, see Board Policy CO.) Elementary students may have access to food in the classroom during the instructional day only during three district-identified and approved events. Field trips and school-sponsored events during the school day are considered an extension of the school and, therefore, fall under this policy. In addition, no food fund-raising or student birthday celebrations will be allowed on campus during the instructional day.

Physical Examinations/Health Screenings
Athletics Participation (Secondary Grade Levels Only)
A student who wishes to participate in, or continue participation in, the district’s athletics program governed by the UIL must submit certification from a health-care provider authorized under UIL rules that the student has been examined and is physically able to participate in the athletic program.

This examination is required in the first year of middle school competition and the first and third years of high school competition. During the alternate years, the student must complete a medical appraisal form, and the results of this appraisal may prompt the district to require a physical examination.

Spinal Screening Program
School-based spinal screening helps identify adolescents with abnormal spinal curvature and refer them for appropriate follow-up by their physician. Screening can detect scoliosis at an early stage, when the curve is mild and may go unnoticed. Early detection is key to controlling spinal deformities.

All students who meet the Texas Department of State Health Services criteria will be screened for abnormal spinal curvature before the end of the school year. For information on spinal screening by an outside professional or exemption from spinal screening based on religious beliefs, see policy FFAA(LEGAL) or contact the superintendent.

Spinal screening is non-invasive and conducted following the most recent, nationally accepted and peer-reviewed standards for spinal screening.

Other Examinations and Screenings (All Grade Levels)
Students are required to undergo a risk assessment for type 2 diabetes at the same time the district screens students for hearing and vision issues, or for abnormal spinal curvatures.

[See policy FFAA.]

Parents have the right to opt their child out of participating in any non-emergency, invasive physical examination or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of
the student. Exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law. See Board Policy EF and FFA.

Physical examinations are required before participation in athletics.

**Pledges of Allegiance and a Minute of Silence (All Grade Levels)**

Each school day, students will recite the Pledge of Allegiance to the U.S. flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the principal to excuse their child from reciting a pledge. [See Reciting the Pledges to the U.S. and Texas Flags on page 7.]

State law requires that one minute of silence follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that each campus provide for the observance of one minute of silence at the beginning of the first class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.

[See policy EC for more information.]

**Prayer (All Grade Levels)**

Each student has a right to pray individually, voluntarily, and silently or to meditate in school in a manner that does not disrupt instructional or other activities of the school. The school will not encourage, require, or coerce a student to engage in or to refrain from such prayer or meditation during any school activity.

**Private Party Invitations**

Private party invitations are not to be given out at school.

**Promotion and Retention**

Promotion and course credit shall be based on mastery of the curriculum. Expectations and standards for promotion shall be established for each grade level, content area, and course and shall be coordinated with compensatory, intensive, and/or accelerated services. [See EHBC] The District shall comply with applicable state and federal requirements when determining methods for students with disabilities [see FB] or students who are English language learners [see EHBE and EKBA] to demonstrate mastery of the curriculum.

Any modified promotion standards for a student receiving special education services shall be determined by the student’s admission, review, and dismissal (ARD) committee and documented in the student’s individualized education program (IEP). [See EHBA series and EKB]

In addition to the factors in law that must be considered for promotion, mastery shall be determined as follows:

1. Course assignments and unit evaluation shall be used to determine student grades in a subject. An average of 70 or higher shall be considered a passing score.
2. Mastery of the skills necessary for success at the next level shall be validated by assessments that may either be incorporated into unit or final exams or may be administered separately. Mastery of at least 70 percent of the objectives shall be required.
As per Texas Education Code 25.092, a student may not be given credit for a class unless the student is in attendance for at least 90 percent of the days the class is offered.

A student who is in attendance for at least 75 percent but less than 90 percent of the days a class is offered may be given credit for the class if the student completes a plan approved by the school’s principal that provides for the student to meet the instructional requirements of the class.

A Campus Attendance Committee may give class credit to a student because of extenuating circumstances. If a student is denied credit by an attendance committee, the student or parent may appeal the decision to the Board of Trustees.

Whenever a student has exceeded his/her maximum number of days allowed for absences, the Attendance Appeals Committee will evaluate the documentation presented for consideration for reinstatement of lost credit because of extenuating circumstances. The Attendance Appeals Committee may also assign the student to make up the time missed after school in evening school from 3:45 – 5:30 p.m. or times designated by the campus. If a student is denied credit by an attendance committee, the student or parent may appeal the decision to the Board of Trustees according to Board Policy FNG (Local).

NOTE: Warning Notice (TEC §25.095)
If your student is absent from school on 10 or more days or parts of days within a six month period or on three or more days or parts of days within a four week period, you are subject to prosecution under section 25.093 of the Texas Education Code and/or your student is subject to prosecution under section 25.094 or to referral to the Guadalupe County Juvenile Court.

In addition, at certain grade levels a student – with limited exceptions – will be required to pass the State of Texas Assessments of Academic Readiness (STAAR), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

**Elementary and Middle/Junior High Grade Levels**

**In kindergarten – grade 2,** the District may use assessment methods other than numerical scores. Promotion shall be based on demonstrated proficiency at or above grade level in each of the core subject areas (reading, language arts, mathematics, science, and social studies) and on District-established grade-level standards.

Before a student may be retained, the Campus shall convene a review committee consisting of the student’s parent, primary teacher, and the principal or designee. The committee shall review the student’s work and make a final recommendation for promotion or retention.

**In grades 3 – 5,** promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in language arts and mathematics and in either science or social studies.

Before a student may be retained, the Campus shall convene a review committee consisting of the student’s parent, primary teacher, and the principal or designee. The committee shall review the student’s work and make a final recommendation for promotion or retention.

In order to be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the mathematics and reading sections of the grade 5 assessment in English or Spanish.
In grades 6 – 8, promotion to the next grade level shall be based on an overall average of 70 on a scale of 100 based on course-level, grade-level standards (essential knowledge and skills) for all subject areas and a grade of 70 or above in language arts, mathematics, science, and social studies.

To be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the mathematics and reading sections of the grade 8 state assessment in English.

If a student in grade 5 or 8 is enrolled in a course that earns high school credit and for which an end-of-course (EOC) assessment will be administered, the student will not be subject to the promotion requirements described above for the relevant grade 5 or 8 assessment. The student will instead take the corresponding EOC assessment.

If a student in grades 3-8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state mandated assessment, the student will be required to take an applicable state mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

A student in grade 5 or 8 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the principal or designee, the teacher, and the student’s parent, will determine the additional special instruction the student will receive. After a third failed attempt, the student will be retained; however, the parent can appeal this decision to the committee. In order for the student to be promoted, based on standards previously established by the district, the decision of the committee must be unanimous and the student must complete additional special instruction before beginning the next grade level. Whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year. [See policy EIE.]

Certain students—some with disabilities and some classified as English learners—may be eligible for exemptions, accommodations, or deferred testing. An admission, review, and dismissal (ARD) committee meeting will be convened if a student receiving special education services in grade 5 or 8 fails to meet satisfactory performance after the first STAAR administrations in reading and math. For more information, see the principal, school counselor, or special education director.

Parents of a student at or above grade level 3 who does not perform satisfactorily on his or her state-mandated examinations will be notified that their child will participate in special instructional programs designed to improve performance. The student may be required to participate in this instruction before or after normal school hours or outside of the normal school year. Failure of a student to attend these programs may result in violations of required school attendance as well as the student not being promoted to the next grade level.

A Personal Graduation Plan (PGP) will be prepared for any student at the middle school or junior high level who did not perform satisfactorily on a state-mandated assessment or is determined by the district as not likely to earn a high school diploma before the fifth school year following enrollment in grade 9. The PGP will be designed and implemented by a school counselor, teacher, or other staff member designated by the principal. The plan will, among other items, identify the student’s educational goals, address the parent’s educational expectations for the student, and outline an intensive instruction program for the student. [For additional information, see the school counselor and policy EIF(LEGAL).] For a student receiving special education services, the student’s IEP may serve as the student’s PGP and would therefore be developed by the student’s ARD committee.
[For information related to the development of personal graduation plans for high school students, see Personal Graduation Plans on page 54.]

**High School Grade Levels**

To earn credit in a course, a student must receive a grade of at least 70 based on course-level or grade-level standards.

A student in grades 9-12 will be advanced a grade level based on the number of course credits earned. [See Grade Level Classification on page 50.]

Students will also have multiple opportunities to retake EOC assessments. [See Graduation on page 51 and Standardized Testing on page 81 for more information about EOC assessments.]

**Release of Students from School**

[See Leaving Campus on page 64.]

**Elementary and Middle School** - A student who must leave school during the day must bring a note from his or her parent that morning and follow the campus sign-out procedures before being released to a parent or guardian (parent/guardian must show ID and be on contact list). Otherwise, a student will not be released from school at times other than at the end of the school day. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the instructional day.

**High School** - A student who must leave school during the day must bring a note from his or her parent that morning and follow the campus sign-out procedures before leaving the campus. Otherwise, a student will not be released from school at times other than at the end of the school day. Unless the principal has granted approval because of extenuating circumstances, a student will not regularly be released before the end of the instructional day.

If a student becomes ill during the school day, the student should receive permission from the teacher before reporting to the school nurse. The nurse will decide whether or not the student should be sent home and will notify the student’s parent.

**Report Cards/Progress Reports and Conferences (All Grade Levels)**

Report cards with each student’s grades or performance and absences in each class or subject are issued at least every six or nine weeks.

Report cards are issued for students in prekindergarten every 12 weeks, for students in kindergarten–grade 5 every nine weeks, and for students in grades 6–12 every six weeks. A parent/teacher conference will be scheduled, upon request, if a student receives a failing grade on the report card, or if a parent questions the grade. Additionally, grades are available for viewing through the Parent Portal [https://teams.seguin.k12.tx.us/selfserve/EntryPointHomeAction.do?parent=true](https://teams.seguin.k12.tx.us/selfserve/EntryPointHomeAction.do?parent=true). Parents are required to pick up their child’s report card in person for the:

- first nine weeks (K – 5)

At the end of the first three weeks of a grading period OR during the fourth week of a nine week grading period, parents will receive a progress report if their child’s performance in any course/subject area is near or below 75, or is below the expected level of performance. If the student receives a grade lower than 75 in any class or subject at the end of a grading period, the
A parent may be requested to schedule a conference with the teacher of that class or subject. [See *Working Together* on page 68 for how to schedule a conference.]

Teachers follow grading guidelines that have been approved by the principal or superintendent pursuant to the board-adopted policy and are designed to reflect each student’s relative mastery of each assignment for the grading period, semester, or course. State law provides that a test or course grade issued by a teacher cannot be changed unless the board determines that the grade was arbitrary or contains an error, or that the teacher did not follow the district’s grading policy. [See policy EIA(LOCAL) and *Grading Guidelines* on page 51.]

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the student or parent may request a conference with the principal in accordance with FNG(LOCAL).

The report card or unsatisfactory progress report will state whether tutorials are required for a student who receives a grade lower than 70 in a class or subject.

Report cards and unsatisfactory progress reports must be signed by the parent and returned to the school within 5 days. The district may use an electronic program to communicate academic information about your child, including for report card and progress reporting purposes. An electronic signature of the parent will be accepted by the district, but you are entitled to request the option to provide a handwritten signature of acknowledgement instead.

### Retaliation

[See *Dating Violence, Discrimination, Harassment, and Retaliation* on page 36.]

### Safety (All Grade Levels)

Student safety on campus, at school-related events, and on district vehicles is a high priority of the district. Although the district has implemented safety procedures, the cooperation of students is essential to ensuring school safety. A student is expected to:

- Avoid conduct that is likely to put the student or others at risk.
- Follow the behavioral standards in this handbook and the Student Code of Conduct, as well as any additional rules for behavior and safety set by the principal, campus behavior coordinator, teachers, or bus drivers.
- Remain alert to and promptly report to a teacher or the principal any safety hazards, such as intruders on campus or threats made by any person toward a student or staff member.
- Know emergency evacuation routes and signals.
- Follow immediately the instructions of teachers, bus drivers, and other district employees who are overseeing the welfare of students.

### Accident Insurance

Parents of students will be offered an opportunity to purchase a personal accident insurance policy. The insurance covers the student on the way to and from school, at school, and on field trips. Unless insurance is purchased, the student is not covered for accidents which occur at school or on a school sponsored trip. A 24-hour policy is available at an additional cost. **The school district does not pay expenses (including transportation via EMS or treatment costs) for any injuries on school property or on school-sponsored trips.** Parents are responsible for transportation and treatment costs.
Insurance for Career and Technical Education (CTE) Programs
If the board purchases accident, liability, or automobile insurance coverage for students or businesses involved in the district’s CTE programs, the district will notify the affected students and parents.

Preparedness Drills: Evacuation, Severe Weather, and Other Emergencies
Occasionally, students, teachers, and other district employees will regularly participate in preparedness drills of emergency procedures. When the command is given or alarm is sounded, students need to follow the direction of teachers or others in charge quickly, quietly, and in an orderly manner.

Emergency Medical Treatment and Information
If a student has a medical emergency at school or a school-related activity when the parent cannot be reached, the school may have to rely on written parental consent to obtain emergency medical treatment, and information about allergies to medications, foods, insect bites, etc. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the school nurse to update any information that the nurse or the teacher needs to know. **If a student is transported by EMS, it will be the responsibility of the parent/guardian to pay for the services.**

Emergency School-Closing Information
Seguin ISD will announce the cancellation of school for any reason, check [www.seguinisd.net](http://www.seguinisd.net) and District social media for news on school closures/late start. The information will also be shared with local media outlets. Please listen for announcements and do not call the school or the radio station. In case of cancellation, make-up days are designated on the school calendar. In case of inclement weather, students may be sent home early, or school may begin later in the morning.

The district will rely on contact information on file with the district to communicate with parents in an emergency situation, which may include real-time or automated messages. It is crucial to notify your child’s school when a phone number previously provided to the district has changed.

[See Communications-Automated, Emergency on page 30 for more information.]

SAT, ACT, and Other Standardized Tests
[See Standardized Testing on page 81.]

Schedule Changes (Middle and High School Grade Levels)

School Facilities

Use by Students Before and After School (All Grade Levels)
Certain areas of the school will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place.

The following areas are open to students before school, beginning at 7:30 a.m. at middle schools and 7:45 a.m. at high school.
• Cafeteria/Matador Commons at all secondary campuses
• Seguin High School Matador Innovation Space

Unless the teacher or sponsor overseeing an activity gives permission, a student will not be permitted to go to another area of the building or campus.

After dismissal of school in the afternoon, unless a student is involved in an activity under the supervision of a teacher or other authorized employee or adult, or unless students are granted permission to remain on campus in accordance with policy FNAB, students must leave campus immediately.

**Conduct Before and After School (All Grade Levels)**

Teachers and administrators have full authority over student conduct at before- or after-school activities on district premises and at school-sponsored events off district premises, such as play rehearsals, club meetings, athletic practices, and special study groups or tutorials. Students are subject to the same rules of conduct that apply during the instructional day and will be subject to consequences established by the Student Code of Conduct or any stricter standards of behavior established by the sponsor for extracurricular participants.

**Use of Hallways During Class Time (All Grade Levels)**

Loitering or standing in the halls during class is not permitted. During class time, a student must have a hall pass to be outside the classroom for any purpose. Failure to obtain a pass will result in disciplinary action in accordance with the Student Code of Conduct.

**Cafeteria Services (All Grade Levels)**

**Free and Reduced Applications**: Seguin ISD encourages parents/guardians to complete a Free and Reduced-Price Meal application to determine the eligibility for meals. Only one application is needed per household. Applications can be completed online at [https://family.titank12.com/](https://family.titank12.com/) or by completing a hard copy application at the Child Nutrition Office or the student’s campus. Once the completed application is submitted online or received by the Child Nutrition Office, households should allow up to 10 business days for the application to be processed. Once an application has been processed, the household will receive a letter indicating whether or not the student(s) listed on the application qualify for Free or Reduced benefits. Students must pay for meals and/or charges prior to approval of benefits. All newly enrolled students who have not received a letter of approval for Free or Reduced benefits must be prepared to pay for full-priced meals the first day of school.

The district participates in the School Breakfast Program and National School Lunch Program and offers students nutritionally balanced meals daily in accordance with standards set forth in state and federal law.

Free and reduced-price meals are available based on financial need or household situation. Information about a student’s participation is confidential. The district may share information such as a student’s name and eligibility status help enroll eligible children in Medicaid or the state children’s health insurance program (CHIP) unless the student’s parent notifies the district that a student’s information should not be disclosed.
Participating students will be offered the same meal options as their peers and will not be treated differently from their peers.

[See policy CO for more information.] Parents are strongly encouraged to continually monitor their child’s meal account balance. When a student’s meal account is depleted, the district will notify the parent. The student will be allowed to continue purchasing meals according to the grace period set by the school board, and the district will present the parent with a schedule of repayment for any outstanding account balance and an application for free or reduced meals. If the district is unable to work out an agreement with the student’s parent on replenishment of the student’s meal account and payment of any outstanding balance, the student will receive a meal. The district will make every effort to avoid bringing attention to the student.

**District Charging/Overdraft Policy:** All enrolled students are automatically provided with a meal account. Parents are able to deposit funds into their student’s meal account as often as they desire. Parents may deposit funds in the cafeteria anytime during the school day, or by accessing their student’s account at [https://family.titank12.com/](https://family.titank12.com/) Each time a student purchases a meal the applicable amount for that meal is withdrawn from the student’s meal account.

Students of Seguin ISD are allowed to overdraw their meal account up to a maximum of $30. If a student’s meal account is overdrawn by $30 or more, the student may no longer charge standard student meals on their account. In such cases, the student will still be allowed to receive an alternate student meal (at no charge to the student) consisting of sandwich, two side item, and a milk. Please keep in mind that this provision does not apply to ala carte items which may not be charged is a student’s meal account is overdrawn

**Cafeteria Overdrawn Account Balance:** Students must pay any overdrawn cafeteria account balance when withdrawing. Student or parent may also request a refund of any positive balance when withdrawing.

**Library (All Grade Levels)**

Each child is responsible for any book checked out. Books are to be returned in good condition. A replacement fee will be charged for books that are lost or damaged. No additional books may be checked out until overdue books are returned or the fee for lost or damaged books has been paid.

**Secondary:** The Library Media Center is open to faculty and students Monday through Friday from 7:30 a.m. to 4 p.m.

Students are responsible for all borrowed books and magazines. A late fee of five (5) cents per day will be charged for two-week materials and five (5) cents per period for overnight items. Fees may also be charged for damages and will be assessed for lost books.

**ALL LIBRARY RECORDS SHOULD BE CLEARED AT THE END OF EACH GRADE REPORTING PERIOD.**
Meetings of Noncurriculum-Related Groups (Secondary Grade Levels Only)

Student-organized, student-led noncurriculum-related groups are permitted to meet during the hours designated by the principal before and after school. These groups must comply with the requirements of policy FNAB(LOCAL).

A list of these groups is available in the principal’s office.

School-sponsored Field Trips (All Grade Levels)

The district periodically takes students on field trips for educational purposes.

A parent must provide permission for a student to participate in a field trip.

The district may ask the parent to provide information about a student’s medical provider and insurance coverage, and may also ask the parent to sign a waiver allowing for emergency medical treatment in the case of a student accident or illness during the field trip.

The district may require a fee for student participation in a field trip to cover expenses such as transportation, admission, and meals; however, a student will not be denied participation because of financial need.

Searches

District Property (All Grade Levels)

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice. Students have no expectation of privacy in district property.

Students are responsible for any item—found in district property provided to the student—that is prohibited by law, district policy, or the Student Code of Conduct.

Searches in General (All Grade Levels)

In the interest of promoting student safety and attempting to ensure that schools are safe and drug free, district officials may occasionally conduct searches.

District officials may conduct searches of students, their belongings, and their vehicles in accordance with law and district policy. Searches of students will be conducted without discrimination, based on, for example, reasonable suspicion, voluntary consent, or pursuant to district policy providing for suspicionless security procedures, including the use of metal detectors.

In accordance with the Student Code of Conduct, students are responsible for prohibited items found in their possession, including items in their personal belongings or in vehicles parked on district property.

If there is reasonable suspicion to believe that searching a student’s person, belongings, or vehicle will reveal evidence of a violation of the Student Code of Conduct, a district official may conduct a search in accordance with law and district regulations.

Metal Detectors (All Grade Levels)

To maintain a safe and disciplined learning environment, the district reserves the right to subject students to metal detector searches when entering a district campus and at off-campus, school-sponsored activities.

[For further information, see policy FNF(LOCAL).]
Vehicles on Campus (Secondary Grade Levels Only)

Any student who drives a motor vehicle to and from the Seguin High School campus must have a current driver’s license and proof of insurance and must park on school property. The following rules apply:

1. All motor vehicles must be registered in the principal’s office by driver’s name and vehicle license plate number.
2. Required parking permits must be permanently attached and displayed on the lower right side of the front windshield of the vehicle. Parking permits for motorcycle shall be attached and displayed on the rear fender.

4. Vehicles parked on school/district property without the proper permit will be towed away at the owner’s expense, and the student may be subject to further disciplinary consequences.
5. Students are allowed to park in assigned areas only. Seguin High School students are required to park in the designated area at Oak Park Mall or Goldie Harris Gym during the regular school day. Student vehicles parked in the band practice area at Oak Park Mall must be moved immediately after school on Tuesday and Thursday afternoons. Student vehicles still parked in the band practice area on Tuesday and Thursday after school will be towed at the owner’s expense.
6. Students with missing textbooks or unpaid fees cannot be issued a parking permit until the fees are paid.
7. Students who violate the Student Code of Conduct in the area of tobacco, drug, or alcohol violations will forfeit parking privileges for the remainder of the school year.

Students who drive vehicles must go directly to the assigned parking area upon arrival to school. After parking and locking their vehicles, students must leave the parking area immediately. Loitering in the parking lots is not allowed. During the school day, students may not go to the parking lot without prior approval, unless they are authorized to leave the campus.

STUDENTS GUILTY OF SPEEDING OR RECKLESS DRIVING ON OR NEAR THE SCHOOL GROUNDS WILL HAVE THEIR PARKING PRIVILEGES REVOKED AND WILL NOT BE PERMITTED TO PARK ON SCHOOL PROPERTY. STUDENTS DRIVING RECKLESSLY WILL ALSO BE SUBJECT TO DISCIPLINARY ACTION.

DRIVING/PARKING REGULATIONS

1. Vehicles must be parked within the stripes on paved surfaces in their respective parking lots.
2. Drivers will refrain from parking in places that are inappropriate or that may obstruct traffic. It is a violation of these regulations to park in the following manner and will result in the vehicle being towed at the owner’s expense.

Examples of illegal parking--
- on a curb, sidewalk, or island
- by a red or yellow curb
- in front of a movable barrier
- in any driveway, entrance, or exit
- double parking

**Trained Dogs (All Grade Levels)**
The district will use trained dogs to screen for concealed, prohibited items, including drugs and alcohol. Screenings conducted by trained dogs will not be announced in advance. The dogs will not be used with students, but students may be asked to leave personal belongings in an area that is going to be screened, such as a classroom, a locker, or a vehicle. If a dog alerts to an item or an area, it may be searched by district officials.

**Students are responsible for anything found in their vehicles.**

**Telecommunication and Other Electronic Devices (All Grade Levels)**
Use of district-owned equipment and its network systems is not private and will be monitored by the district. [See policy CQ or more information.]

Any searches of personal telecommunications or other personal electronic devices will be conducted in accordance with law, and the device may be confiscated in order to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

[See policy FNF(LEGAL) and Electronic Devices and Technology Resources on page 41 for more information.]

**Drug-Testing (Secondary Grade Levels Only)**
The district reserves the right to implement student random drug testing. [See Steroids on page 81.]

**Sexual Harassment**
[See Dating Violence, Discrimination, Harassment, and Retaliation on page 36.]

**Special Programs (All Grade Levels)**
The district provides special programs for gifted and talented students, homeless students, students in foster care, bilingual students, migrant students, English learners, students diagnosed with dyslexia, and students with disabilities. The coordinator of each program can answer questions about eligibility requirements, as well as programs and services offered in the district or by other organizations. A student or parent with questions about these programs should contact the program director by calling 830-372-5771.

**Standardized Testing**
**Secondary Grade Levels**
**SAT/ACT (Scholastic Aptitude Test and American College Test)**
Many colleges require either the American College Test (ACT) or the Scholastic Aptitude Test (SAT) for admission. Students are encouraged to talk with the counselor early during their junior year to determine the appropriate examination to take; these examinations are usually taken at the
end of the junior year. The Preliminary SAT (PSAT) and ACT Aspire are the corresponding preparatory and readiness assessments for the SAT and ACT and more information can be obtained on these assessments from the school counselor.

**Note:** Participation in these assessments may qualify a student to receive a performance acknowledgment on his or her transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances. A student’s performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

**TSI (Texas Success Initiative) Assessment**

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative (TSI) assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a student enrolls in a dual-credit course offered through the district as well. Achieving certain benchmark scores on this assessment for college readiness may also waive certain end-of-course assessment requirements in limited circumstances.

**STAAR (State of Texas Assessments of Academic Readiness)**

**Grades 3–8**

In addition to routine tests and other measures of achievement, students at certain grade levels are required to take the state assessment, called STAAR, in the following subjects:

- Mathematics, annually in grades 3–8
- Reading, annually in grades 3–8
- Writing, including spelling and grammar, in grades 4 and 7
- Science in grades 5 and 8
- Social Studies in grade 8

Successful performance on the reading and math assessments in grades 5 and 8 is required by law in order for the student to be promoted to the next grade level, unless the student is enrolled in a reading or math course intended for students above the student’s current grade level. Exceptions may apply for students enrolled in a special education program if the admission, review and dismissal (ARD) committee concludes the student has made sufficient progress in the student’s individualized education program (IEP). See **Promotion and Retention** on page 71 for additional information.

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain state-established criteria as determined by the student’s ARD committee.

STAAR Spanish is available for eligible students through grade 5 for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

**High School Courses - End-of-Course (EOC) Assessments**

STAAR end-of-course (EOC) assessments will be administered for the following courses:

- Algebra I
• English I and English II
• Biology
• U.S. History

Satisfactory performance on the applicable assessments will be required for graduation, unless otherwise waived or substituted as allowed by state law and rules.

There are three testing windows during the year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

STAAR Alternate 2 is available for eligible students receiving special education services who meet certain criteria established by the state as determined by the student’s ARD committee.

An admission, review and dismissal (ARD) committee for students receiving special education services will determine whether successful performance on the EOC assessments will be required for graduation within the parameters identified in state rules and the student’s personal graduation plan (PNP).

[See Graduation on page 51 for additional information.]

**Steroids (Secondary Grade Levels Only)**

State law prohibits students from possessing, dispensing, delivering, or administering an anabolic steroid. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Body building, muscle enhancement, or the increase of muscle bulk or strength through the use of an anabolic steroid or human growth hormone by a healthy student is not a valid medical use and is a criminal offense.

**Students in Foster Care (All Grade Levels)**

In an effort to provide educational stability, the district will assist any student who is currently placed or newly placed in foster care (temporary or permanent custody of the state) with the enrollment and registration process, as well as other educational services throughout the student’s enrollment in the district.

Please contact Student Support Specialist, who has been designated as the district’s foster care liaison, at 830-401-8639 with any questions.

[See Students in the Conservatorship of the State on page 13 for more information.]

**Student Speakers (All Grade Levels)**

The district provides students the opportunity to introduce the following school events: athletic events designated by the District or any additional events designated by the District. If a student meets the eligibility criteria and wishes to introduce one of the school events listed above, the student should submit his or her name in accordance with policy FNA(LOCAL).

[See policy FNA(LOCAL) regarding other speaking opportunities and Graduation on page 51 for information related to student speakers at graduation ceremonies.]
Substance Abuse Prevention and Intervention (All Grade Levels)
If you are worried that your child may be using or is in danger of experimenting, using, or abusing illegal drugs or other prohibited substances, please contact the school counselor. The school counselor can provide you with a list of community resources that may be of assistance to you. The TDSHS maintains information regarding children’s mental health and substance abuse intervention services on its Website: [Mental Health and Substance Abuse](#).

Suicide Awareness and Mental Health Support (All Grade Levels)
The district is committed to partnering with parents to support the healthy mental, emotional, and behavioral development of its students. If you are concerned about your child, please access [Texas Suicide Prevention](#) or contact the school counselor for more information related to suicide prevention services available in your area.

You may also contact the National Suicide Prevention Lifeline at 1-800-273-8255.

Summer School (All Grade Levels)
Summer school courses are based on student need and availability of faculty.

Tardies (All Grade Levels)
Each student is expected to be in the classroom before the tardy bell rings. Attendance, including being on time to class, is very important for academic success. Students who are tardy to class will receive a referral and will be subject to disciplinary consequences accordingly.

[See Perfect Attendance on page 23.]

Telephone Regulations
School telephones are intended for conducting school business. Use of the office telephones by students is permitted only in emergencies. Students are not allowed to make calls asking for permission to go to another child’s home after school. These arrangements should be made at home. Only emergency messages will be delivered to students. Changes in transportation must be brought to the office in writing. Parents should avoid non-emergency changes as delivery of messages to the classroom is an interruption to instruction.

Textbooks, Electronic Textbooks, Technological Equipment, and Other Instructional Materials (All Grade Levels)

Textbooks and other district-approved instructional materials are provided to students free of charge for each subject or class. Any books must be covered by the student, as directed by the teacher, and treated with care. Electronic textbooks and technological equipment may also be provided to students, depending on the course and course objectives. A student who is issued a damaged item should report the damage to the teacher. Any student failing to return an item in acceptable condition loses the right to free textbooks and technological equipment until the item is returned or the damage paid for by the parent; however, the student will be provided the necessary instructional resources and equipment for use at school during the school day.

In addition, any student failing to return or pay for all textbooks/items will also face the following consequences:
a. the student may only use school-issued textbooks/items at school during the school day;
b. the student may not participate in any extracurricular activities;
c. the student may not be issued a parking pass or, if in the middle of the school year, a previously issued pass shall be revoked.

**Transfers (All Grade Levels)**

The principal is authorized to transfer a student from one classroom to another.

[See Safety Transfers/Assignments, on page 13, Bullying, on page 23, and A Student Who Has Learning Difficulties or Who Need Special Education Services or Section 504, on page 15, for other transfer options.]

**Transportation (All Grade Levels)**

**School-Sponsored Trips**

Unless waived by the superintendent, students who participate in school sponsored trips shall be transported by the school to the event. Students may return home with the parent or guardian when the parent or guardian presents a written request to the principal that the student be allowed to ride with the parent. The District shall not be liable for any injuries that occur to students riding in vehicles that are not provided by the school.

Students may be permitted to take school-sponsored overnight trips for instructional purposes (field trips and excursions), activities of school-sponsored or sanctioned clubs or organizations and UIL or other sanctioned competitions. Approval for such trips shall be from the Superintendent.

Students may be permitted to take out-of-state school sponsored trips for instructional purposes (field trips and excursions). Approval for the trip shall be from the Superintendent.

Students attending conferences and contests under the supervision of school authorities are held responsible for their conduct from the time of leaving until they return, just as they would be while attending school. Students are expected to return from school trips with the same group and by the same transportation used in departure. If a student engages in unacceptable conduct that seriously violates school policy, the parent will be expected to drive to the site to pick up the student from the event, regardless of the time of day. The student will be disqualified from further participation in the event.

Transportation to school-sponsored activities will be provided by the school district. On school-sponsored field trips, only sealed can drinks will be allowed. All chaperones must have an annual criminal history check. No student will be allowed on a school sponsored field trip without written permission from his or her parent or guardian.

For additional elementary field trips see page 49.

**Buses and Other School Vehicles**

The district makes school bus transportation available to all eligible students. (Eligible students are defined by the Texas Education Agency (TEA) as those who reside two miles or more from their campus of attendance and/or those who reside in an area within two miles of their campus of attendance which, as defined by TEA and designated by the District, would subject them to
hazardous traffic conditions if they walked to or from school). Direct any questions on eligibility, routes, or schedules to the Transportation Office at 830-372-4420. Route and bus information is also available on Seguin ISD website under the transportation link.

Any concerns about student transportation should be communicated to the Director of Student Transportation. Questions on student incident reports and/or the discipline of students should be referred to the Discipline Coordinator at 830-372-4420.

Each elementary and secondary student is required to have a student ID badge in order to utilize SISD transportation. All SISD students will receive an identification card. ID’s will be required each time your child enters and exits their assigned bus. It is the student’s responsibility to have their ID card in their possession and report any malfunction to their campus staff as soon as possible. Please help us enforce this requirement so that your child may take advantage of the privilege to ride the bus.

**General Rules**
1. Only bus eligible students will be transported.
2. Students are allowed only one address for pick-up and drop-off, morning and afternoon. A parent/guardian may designate a child-care facility or grandparent’s residence as the regular pick-up and drop-off location for his/her child. The designated facility or residence must be on an approved stop on an approved route.
3. Students are required to obey the instructions of the bus driver at all times.
4. Students are allowed to board and leave the bus only at their designated stops, unless written permission to do otherwise is given.
5. Students must ride their assigned buses. Any deviation to this rule requires written permission from a parent or guardian.
6. If a student misses the bus, it is the responsibility of the parents to transport the student.
7. When a student does not ride for three consecutive days, his/her bus stop may be removed from the route. To ensure continued, uninterrupted service, parents should notify the transportation office should this situation occur.
8. For pre-kindergarten and kindergarten students, a parent or guardian must be present at the drop off point; children will not be left unattended.
9. Once off the bus, children, for safety reasons, are not to go back to the bus to retrieve any items left on the bus. Parents should contact the dispatch office for these items.

**Loading and Unloading the School Bus**
1. Students are required to be at their designated pick-up points no less than five minutes prior to the scheduled pick-up time. (Supervision for student conduct at the pick-up points is the responsibility of the parents.)
2. When the bus approaches, the students are to form a line, six feet from the bus, and be prepared to load immediately.
3. An adult must be present at the drop-off stops for pre-kinder and kindergarten students.
4. Students are required to stand clear of the bus until it has come to a complete stop and the red loading lights are flashing.
5. Students should walk calmly, quietly and quickly to their assigned seat.
6. When approaching their stop, students must stay seated until the bus comes to a complete stop, and the brake is set.
7. Students should wait for their turn to leave the bus, exiting in single file. Pushing and crowding will only slow down the exiting and could cause an accident.
8. Students living on the left side of the roadway shall exit the bus, walk 10 feet in front of the bus on the side of the road, and wait for the driver to signal that it is safe to cross.
9. Students must look in both directions and then walk directly across the road.
10. Students must never cross behind the bus.
11. CAUTION! Students must always be alert for the vehicles that do not stop when a bus is loading and unloading.

**School Bus Rules (while riding)**

1. Students must be respectful to the driver and to fellow students and follow directions of the driver.
2. Talking is permitted; however, no yelling or screaming is allowed.
3. Standing is not allowed. Students must sit in their seats, face front, feet on the floor at all times.
4. Eating or drinking is not permitted; water is allowed.
5. Students are not allowed to sit in the driver’s seat, operate the door, emergency exits and/or any other driver controls except in case of an evacuation or directed to do so by the driver.
6. Damaging, marking on, tagging, or vandalizing any part of the bus is forbidden. Violators will be required to pay damages.
7. Fighting is prohibited.
8. Bullying will not be tolerated.
9. The use of obscene, vulgar or profane language and/or gestures is forbidden. This also includes gang signs.
10. Students should not extend head, hands, arms, or legs out of the window, nor hold anything out of the window.
11. Throwing things inside the bus as well as out the windows is prohibited.

**Transporting of School Related/Nonrelated Items**

Under the Laws and Rules for the Operation of School Buses in the State of Texas, it is stated: “…no materials, including: guns, loaded or unloaded; knives or razor blades; fuel containers of any type, empty or full; animals or any other dangerous or objectionable nature are transported in the school bus when students are being transported.”

Band instruments that will be allowed on the bus are those that are small enough to be held in the student’s lap. Instruments may not be in the aisle or take the space of a student. Baseball and softball bats, or any other unacceptable recreational equipment will not be allowed on regular route buses.

Damage to personal items is not covered by the district’s insurance coverage. For reasons of safety and health, the following items are not permitted on a school bus: glass objects, bottles, jars, etc.; aerosol cans; spray or liquid chemicals; open containers of food, drink, inflated balloons, live animals, bugs, worms, plants, dirt and other growing projects; any item which cannot be transported easily or which creates a safety concern, distractive electronic devices, headphones, hand held computer games, canned shooting string or trading cards; and laser lights. Parents need to arrange alternate transportation if any of the items above need to go to or from school.

**In Case of Accidents or Emergencies**

1. Students are to remain calm and quiet.
2. Students should follow the driver’s instructions at all times.
3. If it becomes necessary to exit the bus,
• the student nearest the door will open the door and hold it open;
• evacuation will start with the seat closest to the door;
• students will exit the bus in a single file and as quietly as possible;
• once outside the bus, students should stay in a group and follow the driver’s instructions.

**Bus Referrals**
Any student who fails to comply with the established rules of safety and conduct while on school transportation shall be subject to disciplinary action, and transportation may be restricted or denied. Upon receipt of a bus conduct report from a driver, the transportation discipline office will review/investigate the offense and administer any disciplinary action deemed necessary.

A school bus incident report will be sent home with the student. In case of a bus suspension, notification is also sent home with the student.

It is the student’s responsibility to make sure parents receive any and all notices or referrals. In addition, the transportation department or campus administration will make every effort to contact the parent if a child loses bus privileges for any length of time. Violations of the rules will be dealt with on a case-by-case basis.

NOTE: The bus is an extension of the school day. The bus driver has the authority to assign seats. The sexual/racial/religious/bullying/harassment policies and the weapons policy of the district will be strictly enforced on the school bus as well as at school. (Serious violations of the Student Code of Conduct, while on a school bus, may also include suspension from school.)

**Bus Discipline**
When riding in district vehicles, students are held to behavioral standards established in this handbook and the Student Code of Conduct. The bus driver is responsible for the safety and discipline of all students on the bus. Students who have the opportunity to ride district school buses may do so as long as they display behavior that is reasonable and safe. Choosing to follow unacceptable behavior could result in the loss of bus service. The Transportation Department is available to give assistance to the driver and will determine consequences of misbehavior and the reinstatement of bus service for the offending students should a suspension become necessary.

**Vandalism (All Grade Levels)**
The taxpayers of the community have made a sustained financial commitment for the construction and upkeep of school facilities. To ensure that school facilities can serve those for whom they are intended—both this year and for years to come—littering, defacing, or damaging school property is not tolerated. Students will be required to pay for damages they cause and will be subject to criminal proceedings as well as disciplinary consequences in accordance with the Student Code of Conduct.
Video Cameras (All Grade Levels)

For safety purposes, video and audio recording equipment is used to monitor student behavior, including on buses and in common areas on campus. Students will not be told when the equipment is being used.

The principal will review the video and audio recordings routinely and document student misconduct. Discipline will be in accordance with the Student Code of Conduct.

In accordance with state law, a parent of a student who receives special education services, a staff member (as this term is defined by law), a principal or assistant principal, or the board may make a written request for the district to place video and audio recording equipment in certain self-contained special education classrooms. The district will provide notice to before placing a video camera in a classroom or other setting in which your child receives special education services. For more information or to request the installation and operation of this equipment, speak with the principal or designee, who the district has designated to coordinate the implementation of and compliance with this law.

[See EHBAF(LOCAL).]

Visitors to the School (All Grade Levels)

General Visitors

Parents and other visitors are welcome to visit district schools. For the safety of those within the school and to avoid disruption of instructional time, all visitors must first report to the main office and must comply with all applicable district policies and procedures, including but not limited to obtaining and wearing a visitor’s badge and showing a government-issued form of identification containing the visitor’s photograph. The district is also permitted to store information on visitors to the campus to be used for the purpose of district security only.

No adult who has ever pled guilty, has ever pled nolo contendere, has ever been found guilty of a "reportable conviction or adjudication," or is required to register with the sex offender registry may enter or be present on any District property. Where a student's parent, guardian, or other person having lawful control of the student under valid court order is a sex offender defined above, the person may only enter District property under limited circumstances as found in Board Policy GKC (Local).

In order to ensure the educational setting and prevent visits which disrupt the normal school environment, visits to the classroom or cafeteria during the school day shall be permitted with principal’s approval pending appropriate duration and frequency. No one is allowed to drop off food/drink for students from outside vendors. Food/drink may only be brought onto campus by the parent/guardian, and the parent is to remain in the cafeteria and eat with his/her child.

Short-term visitors may park in designated places in front of the office.

Unauthorized Persons

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer has the authority to refuse entry or eject a person from district property if the person refuses to leave peaceably on request and:

- The person poses a substantial risk of harm to any person; or
• The person behaves in a manner that is inappropriate for a school setting and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with FNG(LOCAL) or GF(LOCAL).

[See the Student Code of Conduct.]

Visitors Participating in Special Programs for Students

Business, Civic, and Youth Groups

The district may invite representatives from patriotic societies listed in Title 36 of the United States Code to present information to interested students about membership in the society.

Career Day

On Career Day / College Visitation, the district invites representatives from colleges and universities and other higher education institutions, prospective employers, and military recruiters to present information to interested students.

Volunteers (All Grade Levels)

Volunteers are welcome at campuses to assist with tasks, academic needs and mentoring of students. Please call the school office if you are interested in volunteering. All volunteers are required by law to have an annual background check. The District does not assume liability for accidents which occur on campus.

Voter Registration (Secondary Grade Levels Only)

A student who is eligible to vote in any local, state, or federal election may obtain a voter registration application at the main campus office.

Withdrawing from School (All Grade Levels)

When a student under age 18 withdraws from school, the parent or guardian must submit a written request to the principal, specifying the reasons for withdrawal and the final day the student will be in attendance. Withdrawal forms are available from the school office.

On the student’s last day, a current grade average will be provided. The following will need to be completed: clearance of books and equipment, food service account, library records, health records and medications. A copy of the withdrawal form will be given to the student, and a copy will be placed in the student’s permanent record.

A student who is 18 or older, who is married, or who has been declared by a court to be an emancipated minor may withdraw without parental signature.

Please provide the school at least three days’ notice of withdrawal so that records and documents may be prepared.
Glossary

Accelerated instruction is an intensive supplemental program designed to address the needs of an individual student in acquiring the knowledge and skills required at his or her grade level and/or as a result of a student not meeting the passing standard on a state-mandated assessment.

ACT, or the American College Test, is one of the two most frequently used college or university admissions examinations. The test may be required for admission to certain colleges or universities.

ACT-Aspire refers to an assessment that took the place of ACT-Plan and is designed as a preparatory and readiness assessment for the ACT. This is usually taken by students in grade 10.

ARD is the admission, review, and dismissal committee convened for each student who is identified as needing a full and individual evaluation for special education services. The eligible student and his or her parents are members of the committee.

Attendance review committee is responsible for reviewing a student’s absences when the student’s attendance drops below 90 percent, or in some cases 75 percent, of the days the class is offered. Under guidelines adopted by the board, the committee will determine whether there were extenuating circumstances for the absences and whether the student needs to complete certain conditions to master the course and regain credit or a final grade lost because of absences.

Students have multiple opportunities to take the tests if necessary for promotion or graduation.

Student Code of Conduct is developed with the advice of the district-level committee and adopted by the board and identifies the circumstances, consistent with law, when a student may be removed from a classroom, campus, or district vehicle. PURPOSE

The Student Code of Conduct (‘Code”) is the district’s response to the requirements of Chapter 37 of the Texas Education Code.

The Code provides methods and options for managing students in the classroom and on school grounds, disciplining students, and preventing and intervening in student discipline problems.

The law requires the district to define misconduct that may—or must—result in a range of specific disciplinary consequences including removal from a regular classroom or campus, out-of-school suspension, placement in a disciplinary alternative education program (DAEP), or expulsion from school.

This Student Code of Conduct has been adopted by the Seguin ISD Board of Trustees and developed with the advice of the district-level committee. This Code provides information to parents and students regarding standards of conduct, consequences of misconduct, and procedures for administering discipline. It remains in effect during summer school and at all school-related events and activities outside of the school year until an updated version adopted by the board becomes effective for the next school year.

In accordance with state law, the Code shall be posted at each school campus or shall be available for review at the office of the campus principal. Additionally, the Code shall be available at the office of the campus behavior coordinator and posted on the district’s website. Parents shall be notified of any conduct violation that may result in a student being suspended, placed in a DAEP, expelled, or taken into custody by a law enforcement officer under Chapter 37 of the Education Code.

Because the Student Code of Conduct is adopted by the district’s board of trustees, it has the force of policy; therefore, in case of conflict between the Code and the student handbook, the Code shall prevail.

Please Note: The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.
SCHOOL DISTRICT AUTHORITY AND JURISDICTION

School rules and the authority of the district to administer discipline apply whenever the interest of the district is involved, on or off school grounds, in conjunction with or independent of classes and school-sponsored activities.

The district has disciplinary authority over a student:

1. During the regular school day and while the student is going to and from school or a school-sponsored or school-related activity on district transportation;
2. During lunch periods in which a student is allowed to leave campus;
3. While the student is in attendance at any school-related activity, regardless of time or location;
4. For any school-related misconduct, regardless of time or location;
5. When retaliation against a school employee, board member, or volunteer occurs or is threatened, regardless of time or location;
6. When a student engages in cyberbullying, as provided by Education Code 37.0832;
7. When criminal mischief is committed on or off school property or at a school-related event;
8. For certain offenses committed within 300 feet of school property as measured from any point on the school’s real property boundary line;
9. For certain offenses committed while on school property or while attending a school-sponsored or school-related activity of another district in Texas;
10. When the student commits a felony, as provided by Education Code 37.006 or 37.0081; and
11. When the student is required to register as a sex offender.

Campus Behavior Coordinator

As required by law, a person at each campus must be designated to serve as the campus behavior coordinator. The designated person may be the principal of the campus or any other campus administrator selected by the principal. The campus behavior coordinator is primarily responsible for maintaining student discipline. The designated campus behavior coordinator is the campus principal or designee (See page 31). The district shall post on its website and in the Student Handbook, for each campus, the email address and telephone number of the person serving as campus behavior coordinator. Contact information may be found at www.seguinisd.net.

Because the Student Code of Conduct is adopted by the district’s board of trustees, it has the force of policy; therefore, in case of conflict between the Code and the Student Handbook, the Code shall prevail.

Please note: The discipline of students with disabilities who are eligible for services under federal law (Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973) is subject to the provisions of those laws.

Threat Assessment and Safe and Supportive School Team

The campus behavior coordinator or other appropriate administrator will work closely with the campus threat assessment safe and supportive school team to implement the district’s threat assessment policy and procedures, as required by law, and shall take appropriate disciplinary action in accordance with the Code of Conduct.
Searches
District officials may conduct searches of students, their belongings, and their vehicles in accordance with state and federal law and district policy. Searches of students shall be conducted in a reasonable and nondiscriminatory manner. Refer to the district’s policies at FNF(LEGAL) and FNF(LOCAL) for more information regarding investigations and searches.

The district has the right to search a vehicle driven to school by a student and parked on school property whenever there is reasonable suspicion to believe it contains articles or materials prohibited by the district.

Desks, lockers, district-provided technology, and similar items are the property of the district and are provided for student use as a matter of convenience. District property is subject to search or inspection at any time without notice.

Reporting Crimes
The principal or campus behavior coordinator and other school administrators as appropriate shall report crimes as required by law and shall call local law enforcement when an administrator suspects that a crime has been committed on campus.

Security Personnel
To ensure sufficient security and protection of students, staff, and property, the board employs security personnel. In accordance with law, the board has coordinated with the campus behavior coordinator and other district employees to ensure appropriate law enforcement duties are assigned to security staff. The law enforcement duties of district peace officers are listed in policy CKE(LOCAL). The law enforcement duties of district security personnel are to protect the safety and welfare of any person and the property of the school district.

‘Parent’ Defined
Throughout the Code of Conduct and related discipline policies, the term “parent” includes a parent, legal guardian, or other person having lawful control of the child.

Participating in Graduation Activities
The district has the right to limit a student’s participation in graduation activities for violating the district’s Code.

Participation might include a speaking role, as established by district policy and procedures.

Students eligible to give the opening and closing remarks at graduation shall be notified by the campus principal. Notwithstanding any other eligibility requirements, in order to be considered as an eligible student to give the opening or closing remarks, a student shall not have engaged in any misconduct in violation of the district’s Code resulting in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

The valedictorian and salutatorian may also have speaking role at graduation. No student shall be
eligible to have such a speaking role if he or she engaged in any misconduct in violation of the district’s Code resulting in an out-of-school suspension, removal to a DAEP, or expulsion during the semester immediately preceding graduation.

Unauthorized Persons

In accordance with Education Code 37.105, a school administrator, school resource officer (SRO), or district police officer shall have the authority to refuse entry or eject a person from district property if the person refuses to leave peaceably on request and:

1. The person poses a substantial risk of harm to any person; or
2. The person behaves in a manner that is inappropriate for a school setting, and the person persists in the behavior after being given a verbal warning that the behavior is inappropriate and may result in refusal of entry or ejection.

Appeals regarding refusal of entry or ejection from district property may be filed in accordance with policies FNG(LOCAL) or GF(LOCAL), as appropriate. However, the timelines for the district’s grievance procedures shall be adjusted as necessary to permit the person to address the board in person within 90 days, unless the complaint is resolved before a board meeting.

See DAEP – Restrictions During Placement on page 111, for information regarding a student assigned to DAEP at the time of graduation.

Possession of Telecommunications or Other Electronic Devices
Students shall not:

• Use a telecommunications device, including a cellular telephone, or other electronic device in violation of district and campus rules.

For safety purposes, the district permits students to possess personal mobile telephones. However, these devices must remain turned off during the instructional day (from first bell to end of day bell), including during all testing, unless they are being used for approved instructional purposes or in designated areas/times on campus.

The use of mobile telephones or any device capable of capturing images is strictly prohibited in locker rooms or restroom areas while at school or at a school-related or school-sponsored event.

In the case of confiscated telecommunications devices, a $15 administrative fee will be assessed and collected before the device is returned. Students may also face disciplinary consequences for the exhibition or use of telecommunication/electronic devices at prohibited times.

When there is reasonable suspicion that the student has violated school rules, school authorities maintain the right to review electronic information stored in the telecommunications device.
Illegal, Prescription, and Over-the-Counter Drugs

• Send, post, deliver, or possess electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another’s reputation, or illegal, including cyberbullying and “sexting” either on or off school property if the conduct causes a substantial disruption to the educational environment or infringes on the rights of another student at school.

Safety Transgressions
Students shall not:
• Possess published or electronic material that is designed to promote or encourage illegal behavior or that could threaten school safety.

DISCIPLINE MANAGEMENT TECHNIQUES
Discipline shall be designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action shall draw on the professional judgment of teachers and administrators and on a range of discipline management techniques, including restorative practices. Discipline shall be based on the seriousness of the offense, the student’s age and grade level, the frequency of misbehavior, the student’s attitude, the effect of the misconduct on the school environment, and statutory requirements.

Students with Disabilities
The discipline of students with disabilities is subject to applicable state and federal law in addition to the Student Code of Conduct. To the extent any conflict exists, the district shall comply with federal. For more information regarding discipline of students with disabilities, see policy FOF(LEGAL).

In accordance with the Education Code, a student who receives special education services may not be disciplined for conduct meeting the definition of bullying, cyberbullying, harassment, or making hit lists (see glossary) until an ARD committee meeting has been held to review the conduct.

In deciding whether to order suspension, DAEP placement, or expulsion, regardless of whether the action is mandatory or discretionary, the district shall take into consideration a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.

Techniques
The following discipline management techniques may be used alone, in combination, or as part of progressive interventions for behavior prohibited by the Student Code of Conduct or by campus or classroom rules:
• Verbal correction, oral or written.
• Cooling-off time or a brief “time-out” period, in accordance with law.
• Seating changes within the classroom or vehicles owned or operated by the district.
• Temporary confiscation of items that disrupt the educational process.
• Rewards or demerits.
• Behavioral contracts.
• Counseling by teachers, school counselors, or administrative personnel.
• Parent-teacher conferences.
• Behavior coaching.
• Anger management classes.
• Mediation (victim-offender).
• Classroom circles.
• Family group conferencing.
• Grade reductions for cheating, plagiarism, and as otherwise permitted by policy.
• Detention, including outside regular school hours.
• Sending the student to the office or other assigned area, or to in-school suspension.
• Assignment of school duties such as cleaning or picking up litter.
• Withdrawal of privileges, such as participation in extracurricular activities, eligibility for seeking and holding honorary offices, or membership in school-sponsored clubs and organizations.
• For any general conduct violation, a student may be restricted or prohibited from attending and/or participating in field-trips or school-sponsored or school-related activities.
• Penalties identified in individual student organizations’ extracurricular standards of behavior.
• Restriction or revocation of district transportation privileges.
• School-assessed and school-administered probation.
• Out-of-school suspension, as specified in the Out-of-School Suspension on page 105.
• Placement in a DAEP, as specified in the DAEP on page 106.
• Placement and/or expulsion in an alternative educational setting, as specified in the Placement and/or Expulsion for Certain Offenses on page 113.
• Expulsion, as specified in the Expulsion on page 114.
• Referral to an outside agency or legal authority for criminal prosecution in addition to disciplinary measures imposed by the district.
• Other strategies and consequences as determined by school officials.

Prohibited Aversive Techniques

Aversive techniques are prohibited for use with students and are defined as techniques or interventions intended to reduce the reoccurrence of a behavior by intentionally inflicting significant physical or emotional discomfort or pain. Aversive techniques include:

• Using techniques designed or likely to cause physical pain, other than corporal punishment as permitted by district policy. [See policy FO(LOCAL).]
• Using techniques designed or likely to cause physical pain by electric shock or any procedure involving pressure points or joint locks.
• Directed release of noxious, toxic, or unpleasant spray, mist, or substance near a student’s face.
• Denying adequate sleep, air, food, water, shelter, bedding, physical comfort, supervision, or access to a restroom facility.
• Ridiculing or demeaning a student in a manner that adversely affects or endangers the learning or mental health of the student or constitutes verbal abuse.
• Employing a device, material, or object that immobilizes all four of a student’s extremities, including prone or supine floor restraint.
• Impairing the student’s breathing, including applying pressure to the student’s torso or neck or placing something in, on, or over the student’s mouth or nose or covering the student’s face.
• Restricting the student’s circulation.
- Securing the student to a stationary object while the student is standing or sitting.
- Inhibiting, reducing, or hindering the student’s ability to communicate.
- Using chemical restraints.
- Using time-out in a manner that prevents the student from being able to be involved in and progress appropriately in the required curriculum or any applicable individualized education program (IEP) goals, including isolating the student by the use of physical barriers.
- Depriving the student of one or more of the student’s senses, unless the technique does not cause the student discomfort or complies with the student’s IEP or behavior intervention plan (BIP).

**Notification**
The campus behavior coordinator shall promptly notify a student’s parent by phone or in person of any violation that may result in in-school or out-of-school suspension, placement in a DAEP, placement in a JJAEP, or expulsion. The campus behavior coordinator shall also notify a student’s parent if the student is taken into custody by a law enforcement officer under the disciplinary provisions of the Education Code. A good faith effort shall be made on the day the action was taken to provide to the student for delivery to the student’s parent written notification of the disciplinary action. If the parent has not been reached by telephone or in person by 5:00 p.m. of the first business day after the day the disciplinary action was taken, the campus behavior coordinator shall send written notification by U.S. Mail. If the campus behavior coordinator is not able to provide notice to the parent, the principal or designee shall provide the notice.

Before the principal or appropriate administrator assigns a student under 18 to detention outside regular school hours, notice shall be given to the student’s parent to inform him or her of the reason for the detention and permit arrangements for necessary transportation.

**Appeals**
Questions from parents regarding disciplinary measures should be addressed to the campus administration, or campus behavior coordinator, as appropriate. Appeals or complaints regarding the use of specific discipline management techniques should be addressed in accordance with policy **FNG(LOCAL)**. A copy of the policy may be obtained from the principal’s office, the campus behavior coordinator’s office, or the central administration office or through Policy On Line at the following address: [http://pol.tasb.org/Policy/Code/550](http://pol.tasb.org/Policy/Code/550).

The district shall not delay a disciplinary consequence while a student or parent pursues a grievance.

**REMOVAL FROM THE SCHOOL BUS**
A bus driver may refer a student to the principal’s office or the campus behavior coordinator’s office to maintain effective discipline on the bus. The principal or campus behavior coordinator must employ additional discipline management techniques, as appropriate, which can include restricting or revoking a student’s bus riding privileges.

Since the district’s primary responsibility in transporting students in district vehicles is to do so as safely as possible, the operator of the vehicle must focus on driving and not have his or her attention distracted by student misbehavior. Therefore, when appropriate disciplinary management techniques fail to improve student behavior or when specific misconduct warrants immediate removal, the principal or the campus behavior coordinator may restrict or revoke a student’s transportation privileges, in accordance with law.
In deciding whether to order a disciplinary action related to transportation, the district shall take into consideration a disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.

REMOVAL FROM THE REGULAR EDUCATIONAL SETTING

In addition to other discipline management techniques, misconduct may result in removal from the regular educational setting in the form of a routine referral or a formal removal.

Routine Referral
A routine referral occurs when a teacher sends a student to the campus behavior coordinator’s office as a discipline management technique. The campus behavior coordinator shall employ alternative discipline management techniques, including progressive interventions. A teacher or administrator may remove a student from class for a behavior that violates this Code to maintain effective discipline in the classroom.

Formal Removal
A teacher may also initiate a formal removal from class if:

1. The student’s behavior has been documented by the teacher as repeatedly interfering with the teacher’s ability to teach his or her class or with the student’s classmates’ ability to learn; or
2. The behavior is so unruly, disruptive, or abusive that the teacher cannot teach, and the students in the classroom cannot learn.

Within three school days of the formal removal, the campus behavior coordinator or appropriate administrator shall schedule a conference with the student’s parent, the student, the teacher who removed the student from class, and any other appropriate administrator.

At the conference, the campus behavior coordinator or appropriate administrator shall inform the student of the alleged misconduct and the proposed consequences. The student shall have an opportunity to respond to the allegations.

When a student is removed from the regular classroom by a teacher and a conference is pending, the campus behavior coordinator or other administrator may place the student in:

- Another appropriate classroom
- In-school suspension
- Out-of-school suspension
- DAEP

A teacher or administrator must remove a student from class if the student engages in behavior that under the Education Code requires or permits the student to be placed in a DAEP or expelled. When removing for those reasons, the procedures in the subsequent sections on DAEP or expulsion shall be followed.

Returning a Student to Classroom
When a student has been formally removed from class by a teacher for conduct against the teacher containing the elements of assault, aggravated assault, sexual assault, aggravated sexual assault, murder, capital murder, or criminal attempt to commit murder or capital murder, the student may not be returned to the teacher’s class without the teacher’s consent.
When a student has been formally removed by a teacher for any other conduct, the student may be returned to the teacher’s class without the teacher’s consent, if the placement review committee determines that the teacher’s class is the best or only alternative available.

**OUT-OF-SCHOOL SUSPENSION**

**Misconduct**
Students may be suspended for any behavior listed in the Code as a general conduct violation, DAEP offense, or expellable offense.

The district shall not use out-of-school suspension for students in grade 2 or below unless the conduct meets the requirements established in law.

A student below grade 3 or a student who is homeless shall not be placed in out-of-school suspension unless, while on school property or while attending a school-sponsored or school-related activity on or off school property, the student engages in:

- Conduct that contains the elements of a weapons offense, as provided in Penal Code Section 46.02 or 46.05;
- Conduct that contains the elements of assault, sexual assault, aggravated assault, or aggravated sexual assault, as provided by the Penal Code; or
- Selling, giving, or delivering to another person or possessing, using, or being under the influence of any amount of marijuana, an alcoholic beverage, or a controlled substance or dangerous drug as defined by federal or state law.

The district shall use a positive behavior program as a disciplinary alternative for students below grade 3 who commit general conduct violations instead of suspension or placement in a DAEP. The program shall meet the requirements of law.

**Process**
State law allows a student to be suspended for no more than three school days per behavior violation, with no limit on the number of times a student may be suspended in a semester or school year.

Before being suspended a student shall have an informal conference with the campus behavior coordinator or appropriate administrator, who shall advise the student of the alleged misconduct. The student shall have the opportunity to respond to the allegation before the administrator makes a decision.

The campus behavior coordinator shall determine the number of days of a student’s suspension, not to exceed three school days. While suspended, the student may not be on the school campus and may neither attend nor participate in school-sponsored or school-related activities.

In deciding whether to order out-of-school suspension, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history,
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct,
5. A student’s status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student’s status as homeless.

The appropriate administrator shall determine any restrictions on participation in school-sponsored or school-related extracurricular and co-curricular activities.

Coursework During Suspension

The district shall ensure a student receives access to coursework for foundation curriculum courses while the student is placed in in-school or out-of-school suspension, including at least one method of receiving this coursework that doesn’t require the use of the internet.

A student removed from the regular classroom to in-school suspension or another setting, other than a DAEP, will have an opportunity to complete before the beginning of the next school year each course the student was enrolled in at the time of removal from the regular classroom. The district may provide the opportunity by any method available, including a correspondence course, another distance learning option, or summer school. The district will not charge the student for any method of completion provided by the district.

DISCIPLINARY ALTERNATIVE EDUCATION PROGRAM (DAEP) PLACEMENT

The DAEP shall be provided in a setting other than the student’s regular classroom. An elementary school student may not be placed in a DAEP classroom with a student who is not an elementary school student.

For purposes of DAEP, elementary classification shall be kindergarten – grade 5 and secondary classification shall be grades 6-12.

Summer programs provided by the district shall serve students assigned to a DAEP in conjunction with other students.

A student who is expelled for an offense that otherwise would have resulted in a DAEP placement does not have to be placed in a DAEP in addition to the expulsion.

In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:
1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history,
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct.
5. A student’s status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student’s status as homeless.
Discretionary Placement: Misconduct That May Result in DAEP Placement
A student may be placed in a DAEP for behaviors prohibited in the General Conduct Violations section of this Code.

Misconduct Identified in State Law
In accordance with state law, a student may be placed in a DAEP for any one of the following offenses:

- Engaging in bullying that encourages a student to commit or attempt to commit suicide.
- Inciting violence against a student through group bullying.
- Releasing or threatening to release intimate visual material of a minor or a student who is 18 years of age or older without the student’s consent.
- Involvement in a public school fraternity, sorority, or secret society, including participating as a member or pledge, or soliciting another person to become a pledge or member of a public school fraternity, sorority, secret society, or gang. (See glossary.)
- Involvement in criminal street gang activity. (See glossary.)
- Any criminal mischief, including a felony.
- Assault (no bodily injury) with threat of imminent bodily injury.
- Assault by offensive or provocative physical contact.
- Committing or assisting in a burglary, robbery or theft over $50.
- Possessing, using, giving, selling, or purchasing look-alike drugs or items attempted to be passed off as drugs and contraband.
- Possessing, using, giving, selling, or purchasing drug paraphernalia related to a prohibited substance.
- Purchasing but not possessing a drug.
- Possessing any object used in a way to threaten or inflict bodily injury to another person, including but not limited to a knife, a pellet/air/BB/stun gun, a “look-alike” weapon, a razor or razor blade, a box cutter, or a chain.
- Hazing.
- Engaging in inappropriate physical or sexual contact or conduct directed toward another student, district employee, or visitor.
- Engage in conduct that constitutes sexual harassment or sexual abuse, whether by word, gesture, or any other conduct, directed toward another person, including a district student, employee, or volunteer.
- Engage in the elements of retaliation against contracted service providers to the school district, including but not limited to counselors, employees of the county juvenile probation department, peace officers, etc.

In accordance with state law, a student may be placed in a DAEP if the superintendent or the superintendent’s designee has reasonable belief (see glossary) that the student has engaged in conduct punishable as a felony, other than aggravated robbery or those listed as offenses in Title 5 (see glossary) of the Penal Code, that occurs off school property and not at a school-sponsored or school-related event, if the student’s presence in the regular classroom threatens the safety of other students or teachers or will be detrimental to the educational process.

The campus behavior coordinator may, but is not required to, place a student in a DAEP for off-campus conduct for which DAEP placement is required by state law if the administrator does not have knowledge of the conduct before the first anniversary of the date the conduct occurred.
Mandatory Placement: Misconduct That Requires DAEP Placement

A student must be placed in a DAEP if the student:

- Engages in conduct relating to a false alarm or report (including a bomb threat) or a terroristic threat involving a public school. (See glossary)
- Commits the following offenses on school property or within 300 feet of school property as measured from any point on the school’s real property boundary line, or while attending a school-sponsored or school-related activity on or off school property:
  - Engages in conduct punishable as a felony.
  - Commits an assault (see glossary) under Penal Code 22.01(a)(1).
  - Sells, gives, or delivers to another person, or possesses, uses, or is under the influence of marijuana, a controlled substance, or a dangerous drug in an amount not constituting a felony offense. A student with a valid prescription for low-THC cannabis as authorized by Chapter 487 of the Health and Safety Code does not violate this provision. (School-related felony drug offenses are addressed in Expulsion on page 114.) (See glossary for “under the influence”)
  - Sells, gives, or delivers to another person an alcoholic beverage; commits a serious act or offense while under the influence of alcohol; or possesses, uses, or is under the influence of alcohol, if the conduct is not punishable as a felony offense. (School-related felony alcohol offenses are addressed in Expulsion on page 114.)
  - Behaves in a manner that contains the elements of an offense relating to abusable volatile chemicals.
  - Behaves in a manner that contains the elements of the offense of public lewdness or indecent exposure. (See glossary)
- Engages in conduct that contains the elements of an offense of harassment against an employee under Penal Code 42.07(a)(1), (2), (3), or (7).
- Engages in expellable conduct and is between 6 and 9 years of age.
- Commits a federal firearms violation and is younger than 6 years of age.
- Engages in conduct that contains the elements of the offense of retaliation against any school employee or volunteer on or off school property. (Committing retaliation in combination with another expellable offense is addressed in Expulsion on page 114.)
- Engages in conduct punishable as aggravated robbery or a felony listed under Title 5 (see glossary) of the Penal Code when the conduct occurs off school property and not at a school-sponsored or school-related event and:
  1. The student receives deferred prosecution (see glossary),
  2. A court or jury finds that the student has engaged in delinquent conduct (see glossary), or
  3. The superintendent or designee has a reasonable belief (see glossary) that the student engaged in the conduct.

Sexual Assault and Campus Assignments

If a student has been convicted of continuous sexual abuse of a young child or children or convicted of or placed on deferred adjudication for sexual assault or aggravated sexual assault against another student on the same campus, and if the victim's parent or another person with the authority to act on behalf of the victim requests that the board transfer the offending student to another campus, the offending student shall be transferred to another campus in the district. If there is no other campus in the district serving the grade level of the offending student, the offending student shall be transferred to a DAEP.

Process

Removals to a DAEP shall be made by the campus behavior coordinator.
Conference
When a student is removed from class for a DAEP offense, the campus behavior coordinator or appropriate administrator shall schedule a conference within three school days with the student’s parent, the student, and the teacher, in the case of a teacher removal.

At the conference, the campus behavior coordinator or appropriate administrator shall inform the student, orally or in writing, of the reasons for the removal and shall give the student an explanation of the basis for the removal and an opportunity to respond to the reasons for the removal.

Following valid attempts to require attendance, the district may hold the conference and make a placement decision regardless of whether the student or the student’s parents attend the conference.

Consideration of Mitigating Factors
In deciding whether to place a student in a DAEP, regardless of whether the action is mandatory or discretionary, the campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct, and
3. The student’s disciplinary history,
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct, or
5. A student’s status in the conservatorship of the Department of Family and Protective Services (foster care), or
6. A student’s status as homeless.

Placement Order
After the conference, if the student is placed in the DAEP, the campus behavior coordinator shall write a placement order. A copy of the DAEP placement order shall be sent to the student and the student’s parent.

Not later than the second business day after the conference, the board’s designee shall deliver to the juvenile court a copy of the placement order and all information required by Section 52.04 of the Family Code.

If the student is placed in the DAEP and the length of placement is inconsistent with the guidelines included in this Code, the placement order shall give notice of the inconsistency.

Coursework Notice
The parent or guardian of a student placed in DAEP shall be given written notice of the student’s opportunity to complete a foundation curriculum course in which the student was enrolled at the time of removal and which is required for graduation, at no cost to the student. The notice shall include information regarding all methods available for completing the coursework.

Length of Placement
The campus behavior coordinator shall determine the duration of a student’s placement in a DAEP.
The duration of a student’s placement shall be determined case by case based on the seriousness of the offense, the student’s age and grade level, the frequency of misconduct, the student’s attitude, and statutory requirements.

The maximum period of DAEP placement shall be one calendar year except as provided below.

Unless otherwise specified in the placement order, days absent from a DAEP shall not count toward fulfilling the total number of days required in a student’s DAEP placement order.

The district shall administer the required pre- and post-assessments for students assigned to DAEP for a period of 90 days or longer in accordance with established district administrative procedures for administering other diagnostic or benchmark assessments.

**Exceeds One Year**
Placement in a DAEP may exceed one year when a review by the district determines that the student is a threat to the safety of other students or to district employees.

The statutory limitations on the length of a DAEP placement do not apply to a placement resulting from the board’s decision to place a student who engaged in the sexual assault of another student so that the students are not assigned to the same campus.

**Exceeds School Year**
Students who commit offenses requiring placement in a DAEP at the end of one school year may be required to continue that placement at the start of the next school year to complete the assigned term of placement.

For placement in a DAEP to extend beyond the end of the school year, the campus behavior coordinator or the board’s designee hearing officer must determine that:
1. The student’s presence in the regular classroom or campus presents a danger of physical harm to the student or others, or
2. The student has engaged in serious or persistent misbehavior (see glossary) that violates the district’s Code.

**Exceeds 60 Days**
For placement in a DAEP to extend beyond 60 days or the end of the next grading period, whichever is sooner, a student’s parent shall be given notice and the opportunity to participate in a proceeding before the board’s designee.

**Appeals**
Questions from parents regarding disciplinary measures should be addressed to the campus administration.

Student or parent appeals regarding a student’s placement in a DAEP should be addressed in accordance with policy FNGi(LOCAL). A copy of this policy may be obtained from the principal’s office, campus behavior coordinator’s office, the central administration office or through Policy On-Line at the following address: [http://pol.tasb.org/Home/Index/550](http://pol.tasb.org/Home/Index/550).

Appeals shall begin at Level One with the campus behavior coordinator or principal.
The district shall not delay consequences pending the outcome of an appeal. The decision to place a student in a DAEP cannot be appealed beyond the board.

**Restrictions during Placement**
State law prohibits a student placed in a DAEP for reasons specified in state law from attending or participating in school-sponsored or school-related extracurricular activities.

A student placed in a DAEP shall not be provided transportation unless he or she is a student with a disability who is entitled to transportation in accordance with the student’s individualized education program (IEP) or Section 504 plan.

For seniors who are eligible to graduate and are assigned to a DAEP at the time of graduation, the last day of placement in the program shall be the last instructional day, and the student shall be allowed to participate in the graduation ceremony and related graduation activities unless otherwise specified in the DAEP placement order.

**Placement Review**
A student placed in a DAEP shall be provided a review of his or her status, including academic status, by the campus behavior coordinator or the board’s designee (superintendent or designated hearing officer) at intervals not to exceed 120 days. In the case of a high school student, the student’s progress toward graduation and the student’s graduation plan shall also be reviewed. At the review, the student or the student’s parent shall be given the opportunity to present arguments for the student’s return to the regular classroom or campus. The student may not be returned to the classroom of a teacher who removed the student without that teacher’s consent.

**Additional Misconduct**
If during the term of placement in a DAEP the student engages in additional misconduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator may enter an additional disciplinary order as a result of those proceedings.

**Notice of Criminal Proceedings**
When a student is placed in a DAEP for certain offenses, the office of the prosecuting attorney shall notify the district if:

1. Prosecution of a student’s case was refused for lack of prosecutorial merit or insufficient evidence and no formal proceedings, deferred adjudication (see glossary), or deferred prosecution will be initiated; or
2. The court or jury found a student not guilty, or made a finding that the student did not engage in delinquent conduct or conduct indicating a need for supervision, and the case was dismissed with prejudice.

If a student was placed in a DAEP for such conduct, on receiving the notice from the prosecutor, the superintendent or designee shall review the student’s placement and schedule a review with the student’s parent not later than the third day after the superintendent or designee receives notice from the prosecutor. The student may not be returned to the regular classroom pending the review.

After reviewing the notice and receiving information from the student’s parent, the superintendent or designee may continue the student’s placement if there is reason to believe that the presence of
the student in the regular classroom threatens the safety of other students or teachers.

The student or the student’s parent may appeal the superintendent’s decision to the board. The student may not be returned to the regular classroom pending the appeal. In the case of an appeal, the board shall, at the next scheduled meeting, review the notice from the prosecutor and receive information from the student, the student’s parent, and the superintendent or designee, and confirm or reverse the decision of the superintendent or designee. The board shall make a record of the proceedings.

If the board confirms the decision of the superintendent or designee, the student and the student’s parent may appeal to the Commissioner of Education. The student may not be returned to the regular classroom pending the appeal.

Withdrawal During Process
When a student violates the district’s Code in a way that requires or permits the student to be placed in a DAEP and the student withdraws from the district before a placement order is completed, the campus behavior coordinator may complete the proceedings and issue a placement order. If the student then re-enrolls in the district during the same or a subsequent school year, the district may enforce the order at that time, less any period of the placement that has been served by the student during enrollment in another district. If the campus behavior coordinator or the board fails to issue a placement order after the student withdraws, the next district in which the student enrolls may complete the proceedings and issue a placement order.

Newly Enrolled Students
The district shall continue the DAEP placement of a student who enrolls in the district and was assigned to DAEP in an open-enrollment charter school or another district.

A newly enrolled student with a DAEP placement from a district in another state shall be placed as any other newly enrolled student if the behavior committed is a reason for DAEP placement in the receiving district.

If the student was placed in a DAEP by a school district in another state for a period that exceeds one year, this district, by state law, shall reduce the period of the placement so that the total placement does not exceed one year. After a review, however, the placement may be extended beyond a year if the district determines that the student is a threat to the safety of other students or employees or the extended placement is in the best interest of the student.

Emergency Placement Procedure
When an emergency placement is necessary because the student’s behavior is so unruly, disruptive, of abusive that is seriously interferes with classroom or school operations, the student shall be given oral notice of the reason for the action. Not later than the tenth day after the date of the placement, the student shall be given the appropriate conference required for assignment to a DAEP.

Transition Services
In accordance with law and district procedures, campus staff shall provide transition services to a student returning to the regular classroom from an alternative education program, including a DAEP. See policy FOCA(LEGAL) for more information.
PLEACEMENT AND/OR EXPULSION FOR CERTAIN OFFENSES

This section includes two categories of offenses for which the Education Code provides unique procedures and specific consequences.

Registered Sex Offenders
Upon receiving notification in accordance with state law that a student is currently required to register as a sex offender, the district must remove the student from the regular classroom and determine appropriate placement unless the court orders JJAEP placement.

If the student is under any form of court supervision, including probation, community supervision, or parole, the placement shall be in either DAEP or JJAEP for at least one semester.

If the student is not under any form of court supervision, the placement may be in DAEP or JJAEP for one semester or the placement may be in a regular classroom. The placement may not be in the regular classroom if the board or its designee determines that the student’s presence:
  1. Threatens the safety of other students or teachers,
  2. Will be detrimental to the educational process, or
  3. Is not in the best interest of the district’s students.

Review Committee
At the end of the first semester of a student’s placement in an alternative educational setting and before the beginning of each school year for which the student remains in an alternative placement, the district shall convene a committee, in accordance with state law, to review the student’s placement. The committee shall recommend whether the student should return to the regular classroom or remain in the placement. Absent a special finding, the board or its designee must follow the committee’s recommendation.

The placement review of a student with a disability who receives special education services must be made by the ARD committee.

Newly Enrolled Student
If a student enrolls in the district during a mandatory placement as a registered sex offender, the district may count any time already spent by the student in a placement or may require an additional semester in an alternative placement without conducting a review of the placement.

Appeal
A student or the student’s parent may appeal the placement by requesting a conference between the board or its designee, the student, and the student’s parent. The conference is limited to the factual question of whether the student is required to register as a sex offender. Any decision of the board or its designee under this section is final and may not be appealed.

Certain Felonies
Regardless of whether placement or expulsion is required or permitted by one of the reasons in the DAEP Placement or Expulsion sections, in accordance with Education Code 37.0081, a student may be expelled and placed in either DAEP or JJAEP if the board or campus behavior coordinator makes certain findings and the following circumstances exist in relation to aggrivated robbery or a felony offense under Title 5 (see glossary) of the Penal Code. The student must:
• Have received deferred prosecution for conduct defined as aggravated robbery or a Title 5 felony offense;
• Have been found by a court or jury to have engaged in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense;
• Have been charged with engaging in conduct defined as aggravated robbery or a Title 5 felony offense;
• Have been referred to a juvenile court for allegedly engaging in delinquent conduct for conduct defined as aggravated robbery or a Title 5 felony offense; or
• Have received probation or deferred adjudication or have been arrested for, charged with, or convicted of aggravated robbery or a Title 5 felony offense.

The district may expel the student and order placement under these circumstances regardless of:
1. The date on which the student’s conduct occurred,
2. The location at which the conduct occurred,
3. Whether the conduct occurred while the student was enrolled in the district, or
4. Whether the student has successfully completed any court disposition requirements imposed in connection with the conduct.

**Hearing and Required Findings**
The student must first have a hearing before the board or its designee, who must determine that in addition to the circumstances above that allow for the expulsion, the student’s presence in the regular classroom:
1. Threatens the safety of other students or teachers,
2. Will be detrimental to the educational process, or
3. Is not in the best interest of the district’s students.

Any decision of the board or the board’s designee under this section is final and may not be appealed.

**Length of Placement**
The student is subject to the placement until:
1. The student graduates from high school,
2. The charges are dismissed or reduced to a misdemeanor offense, or
3. The student completes the term of the placement or is assigned to another program.

**Placement Review**
A student placed in a DAEP or JJAEP under these circumstances is entitled to a review of his or her status, including academic status, by the campus behavior coordinator or board’s designee at intervals not to exceed 120 days. In the case of a high school student, the student’s progress toward graduation and the student’s graduation plan shall also be reviewed. At the review, the student or the student’s parent shall have the opportunity to present arguments for the student’s return to the regular classroom or campus.

**Newly Enrolled Students**
A student who enrolls in the district before completing a placement under this section from another school district must complete the term of the placement.

**EXPULSION**
In deciding whether to order expulsion, regardless of whether the action is mandatory or
discretionary, the campus behavior coordinator shall take into consideration:
1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history,
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of
   the student’s conduct,
5. A student’s status in the conservatorship of the Department of Family and Protective Services
   (foster care), or
6. A student’s status as homeless.

**Discretionary Expulsion: Misconduct That May Result in Expulsion**
Some of the following types of misconduct may result in mandatory placement in a DAEP, whether
or not a student is expelled. (See **DAEP Placement** on page 106)

**Any Location**
A student *may* be expelled for:
- Engaging in bullying that encourages a student to commit or attempt to commit suicide.

Property of Another District
A student may be expelled for committing any offense that is a state-mandated expellable offense if the offense is committed on the property of another district in Texas or while the student is attending a school-sponsored or school-related activity of a school in another district in Texas.

While in DAEP
A student may be expelled for engaging in documented serious misbehavior that violates the district’s Code, despite documented behavioral interventions while placed in a DAEP. For purposes of discretionary expulsion from a DAEP, serious misbehavior means:
1. Deliberate violent behavior that poses a direct threat to the health or safety of others;
2. Extortion, meaning the gaining of money or other property by force or threat;
3. Conduct that constitutes coercion, as defined by Section 1.07, Penal Code; or

A student must be expelled under federal or state law for any of the following offenses that occur on school property or while attending a school-sponsored or school-related activity on or off school property:

Under Federal Law
– Bringing to school or possessing at school, including any setting that is under the district’s control or supervision for the purpose of a school activity, a firearm, as defined by federal law. (See glossary.)

Note: Mandatory expulsion under the federal Gun Free Schools Act does not apply to a firearm that is lawfully stored inside a locked vehicle, or to firearms used in activities approved and authorized by the district when the district has adopted appropriate safeguards to ensure student safety.

Under the Penal Code
• Unlawfully carrying on or about the student’s person the following, in the manner prohibited by Penal Code 46.02:
– A handgun, defined by state law as any firearm designed, made, or adapted to be used with
one hand. (See glossary.) Note: A student may not be expelled solely on the basis of the
student’s use, exhibition, or possession of a firearm that occurs at an approved target range
facility that is not located on a school campus, while participating in or preparing for a
school-sponsored, shooting sports competition or a shooting sports educational activity that
is sponsored or supported by the Parks and Wildlife Department, or a shooting sports
sanctioning organization working with the department. [See policy FNCG(LEGAL).]
– A location-restricted knife, as defined by state law. (See glossary.)
• Possessing, manufacturing, transporting, repairing, or selling a prohibited weapon, as defined in
state law. (See glossary.)
• Behaving in a manner that contains elements of the following offenses under the Penal Code:

the influence of alcohol.
• Engaging in retaliation against a school employee or volunteer combined with one of the above-
listed mandatory expulsion offenses.

Under Age 10
When a student under the age of ten engages in behavior that is expellable behavior, the student shall
not be expelled, but shall be placed in a DAEP. A student under age 6 shall not be placed in a DAEP
unless the student commits a federal firearm offense.

Process
If a student is believed to have committed an expellable offense, the campus behavior coordinator or
other appropriate administrator shall schedule a hearing within a reasonable time. The student’s parent
shall be invited in writing to attend the hearing.

Until a hearing can be held, the campus behavior coordinator or other administrator may place the
student in:
• Another appropriate classroom
• In-school suspension
• Out-of-school suspension
• DAEP

Hearing
A student facing expulsion shall be given a hearing with appropriate due process. The student is entitled to:
  1. Representation by the student’s parent or another adult who can provide guidance to the
student and who is not an employee of the district,
2. An opportunity to testify and to present evidence and witnesses in the student’s defense, and
3. An opportunity to question the witnesses called by the district at the hearing.

After providing notice to the student and parent of the hearing, the district may hold the hearing regardless of whether the student or the student’s parent attends.

The board of trustees delegates to the superintendent or designated hearing officer authority to conduct hearings and expel students.

**Board Review of Expulsion**

After the due process hearing, the expelled student may request that the board review the expulsion decisions. The student or parent must submit a written request to the superintendent within seven days after receipt of the written decision. The superintendent must provide the student or parent written notice of the date, time, and place of the meeting at which the board will review the decision.

The board shall review the record of the expulsion hearing in a closed meeting unless the parent requests in writing that the matter be held in an open meeting. The board may also hear a statement from the student or parent and from the board’s designee.

The board shall hear statements made by the parties at the review and shall base its decision on evidence reflected in the record and any statements made by the parties at the review. The board shall make and communicate its decision orally at the conclusion of the presentation. Consequences shall not be deferred pending the outcome of the hearing.

**Expulsion Order**

Before ordering the expulsion, the board or campus behavior coordinator shall take into consideration:

1. Self-defense (see glossary),
2. Intent or lack of intent at the time the student engaged in the conduct,
3. The student’s disciplinary history,
4. A disability that substantially impairs the student’s capacity to appreciate the wrongfulness of the student’s conduct,
5. A student’s status in the conservatorship of the Department of Family and Protect Services (foster care), or
6. A student’s status as homeless.

If the student is expelled, the board or its designee shall deliver to the student and the student’s parent a copy of the order expelling the student.

Not later than the second business day after the hearing, the superintendent or designated hearing officer shall deliver to the juvenile court a copy of the expulsion order and the information required by Section 52.04 of the Family Code.

If the length of the expulsion is inconsistent with the guidelines included in the Student Code of Conduct, the expulsion order shall give notice of the inconsistency.
**Length of Expulsion**
The length of an expulsion shall be based on to the seriousness of the offense, the student’s age and grade level, the frequency of misbehavior, the student’s attitude, and statutory requirements.

The duration of a student’s expulsion shall be determined on a case-by-case basis. The maximum period of expulsion is one calendar year except as provided below.

An expulsion may not exceed one year unless, after review, the district determines that:
1. The student is a threat to the safety of other students or to district employees, or
2. Extended expulsion is in the best interest of the student.

State and federal law require a student to be expelled from the regular classroom for a period of at least one calendar year for bringing a firearm, as defined by federal law, to school. However, the superintendent or other appropriate administrator may modify the length of the expulsion on a case-by-case basis.

Students who commit offenses that require expulsion at the end of one school year may be expelled into the next school year to complete the term of expulsion.

**Withdrawal during Process**
When a student has violated the district’s Code in a way that requires or permits expulsion from the district and the student withdraws from the district before the expulsion hearing takes place, the district may conduct the hearing after sending written notice to the parent and student.

If the student then re-enrolls in the district during the same or subsequent school year, the district may enforce the expulsion order at that time, less any expulsion period that has been served by the student during enrollment in another district.

If the campus behavior coordinator or the board fails to issue an expulsion order after the student withdraws, the next district in which the student enrolls may complete the proceedings.

**Additional Misconduct**
If during the expulsion, the student engages in additional conduct for which placement in a DAEP or expulsion is required or permitted, additional proceedings may be conducted, and the campus behavior coordinator or the board may issue an additional disciplinary order as a result of those proceedings.

**Restrictions during Expulsion**
Expelled students are prohibited from being on school grounds or attending school-sponsored or school-related activities during the period of expulsion.

No district academic credit shall be earned for work missed during the period of expulsion unless the student is enrolled in a JJAEP or another district-approved program.

**Newly Enrolled Students**
The district shall continue the expulsion of any newly enrolled student expelled from another district or an open-enrollment charter school until the period of the expulsion is completed.
If a student expelled in another state enrolls in the district, the district may continue the expulsion under the terms of the expulsion order, may place the student in a DAEP for the period specified in the order, or may allow the student to attend regular classes if:

1. The out-of-state district provides the district with a copy of the expulsion order, and
2. The offense resulting in the expulsion is also an expellable offense in the district in which the student is enrolling.

If a student is expelled by a district in another state for a period that exceeds one year and the district continues the expulsion or places the student in a DAEP, the district will reduce the period of the expulsion or DAEP placement so that the entire period does not exceed one year, unless after a review it is determined that:

1. The student is a threat to the safety of other students or district employees, or
2. Extended placement is in the best interest of the student.

Emergency Expulsion Procedures
When an emergency expulsion is necessary to protect persons or property from imminent harm, the student shall be given verbal notice of the reason for the action. Within ten days after the date of the emergency expulsion, the student shall be given appropriate due process required for a student facing expulsion.

DAEP Placement of Expelled Students
The district may provide educational services to any expelled student in a DAEP; however, educational services in the DAEP must be provided if the student is less than 10 years of age.

Transition Services
In accordance with law and district procedures, campus staff shall provide transition services for a student returning to the regular classroom from placement in an alternative education program, including a DAEP or JJAEP. See policies [FOCA(LEGAL)] and [FODA(LEGAL)] for more information.

ALMA MATER

Ol’ S.H.S. we love you
We’ll hold your memory dear
We pledge our best to Gold and White
All through the future years
All loyal sons and daughters
Be faithful, brave and true
And raise your voices in a song
For our SEGUIN HIGH SCHOOL

MATADOR FIGHT SONG
(Tune: Washington and Lee Swing)

And when those fighting Matadors fall in line
We’re gonna win this game another time
And for those Matadors I yell, I yell
And for those Matadors I yell, I yell, I yell
We’re gonna fight, fight, fight for every yard
We’ll circle in and hit that line so hard
We’re gonna roll _____________ in the dirt, make it hurt
FIGHT, FIGHT, FIGHT
