

Community Input Opportunities for Seguin ISD Superintendent Search

The Seguin ISD Board of Trustees has begun the search for a new superintendent to lead the district of 7,400 students and 1,100 employees. Among the first steps in this process is to involve district stakeholders in the development of qualifications and characteristics for the ideal superintendent candidate.

Community members are encouraged to take an online survey through May 7 and/or attend a Community Input Session on May 3-4.

Community Input Survey

The survey will be available online through May 7 at:

Superintendent survey – English <http://surveys.tasb.org/s3/seguin-english>

Encuesta superintendente – Español <http://surveys.tasb.org/s3/seguin-spanish>
