

### ***School bus safety tips***

School bus transportation plays a critical role in the education of our nation's students and is the direct link between a neighborhood and the classroom. More than 25 million children ride the yellow bus every school day. In Seguin ISD, approximately 2,500 students are transported nearly 6,000 miles each day. National School Bus Safety Week serves as a reminder for students, parents, teachers and the community to keep school bus safety in the forefront. The Seguin ISD Transportation Department shares the following tips to help keep our children safe at the bus stop.

Prior to leaving home, have your children put everything they carry in a backpack or school bag so that they do not drop things along the way. Make sure children leave home on time so they can arrive at the bus stop before it is due, ideally at least five minutes early. Running after or in front of a bus is dangerous.

Parents may walk young children to the bus stop or encourage children to walk in groups. There is safety in numbers and groups are easier for drivers to see.

#### ***Practice good pedestrian habits***

Walk on the sidewalk. If there is no sidewalk, stay out of the street. If you must walk in the street, walk single file, face traffic and stay as close to the edge of the road as you can.

Stop and look left, right and then left again if you must cross the street. Do the same thing at driveways and alleys. Exaggerate your head turns and narrate your actions so your child knows you are looking left, right and left.

#### ***At the bus stop***

Have children wait in a location where the driver can see them while driving down the street. Try to avoid waiting in a house or car. Do not let children play in the street. Playing with balls or other toys that could roll into the street is also dangerous.

#### ***Getting on and off the bus***

Warn children that if they drop something getting on and off the bus, they should never pick it up. Instead, they should tell the driver and follow the driver's instructions. Remind children to look to the right before they step off the bus.

If you meet your child at the bus stop after school, wait on the side where the child will be dropped off, not across the street. Children can be so excited to see you after school that they dash across the street and forget the safety rules.

Your Seguin ISD Transportation Department thanks you for putting Seguin's children first and exercising caution while sharing the roads with school buses.
