

Fine Arts Fanfare

Seguin Independent School District

How does arts education happen from a distance?

The fine arts inherently provide visual, auditory, kinesthetic, or a combination of emotional experiences for students and consumers. With most showcases, performances, and competitions suspended, continuing to provide these experiences is important as we work to determine how best to navigate through these challenging times.

The three “C’s” below are some of the ways that Seguin ISD teachers are working to provide the traditional educational needs of students in the arts during non-traditional times.

1

COMMUNICATION

Teachers continue communication with students and families regularly.

2

CLASSROOM

Provide quality curriculum resources through resources like Google Classroom.

3

CREATIVITY

Provide creative platforms to continue to create and present an artistic product.
